The Government of West Bengal, in the Department of Labour, by order No. 5433-I.R./IR/81-35/58, dated 22nd December 1958, referred under

sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bangodaya Cotton Mills Ltd., Panihati 24-Parganas, and their workmen represented by Bangodaya Cotton Mills Mazdoor Union, Elias Road, Agarpara, P. O. Kamarhatti, 24-Pargana regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Is the Company justified in refusing employment to the following workmen:—

(a) Shri Gouranga Prodhan, (b) Shri Tarakeswar, and (c) Shri Haradhan Addhya?

What relief are the workmen entitled to?

AWARD

This is a case arising out of alleged illegal and unjustified action of the Management in refusing employment to (1) Shri Gouranga Prodhan, (2) Shri Tarakeswar and (3) Shri Haradhan Addhya; previously employed in Messrs. Bangodaya Cotton Mills Ltd., P. O. Panihati, 24-Parganas, herein after referred to as the Company for the sake of brevity.

The Union in this case alleges that the employment of the three workmen concerned was terminated by the Company without any justification in the following circumstances: Shri Gouranga Prodhan went home on leave from 9th May 1957 to 22nd May 1957, and while at home he prayed for extension of his leave supported by a medical certificate, and the Company extended his leave up to 5th June 1957 and advised him to report on 6th June 1957. But as the workman was still ailing he sent in another application praying for extension of leave which the Management unjustifiably refused.

As regards Tarakeswar, the Union's case is that he proceeded on leave from 24th May 1958 to 4th June 1958 and from his home he sent an application for extension of his leave for a month supported by a medical certificate, which the Company granted. On the expiry of the leave, the workman came to the mills and reported for duty on 5th July 1958, but the Company did not permit him to resume his work. Thus the termination of his employment by the Company was unjustified.

Next, comes the case of Shri Haradhan Addhya. The Union alleges that he was wrongfully dismissed from service with effect from 7th April 1958 without any notice, charge-sheet, enquiry whatsoever. The Company in this case to justify its action drew up a charge-sheet subsequently, but the workman refused to accept the charge-sheet. The enquiry into this matter did not substantiate the charge, but still the Company unjustifiably dismissed him.

The Company in its written statement justifies the termination of employment of these three workmen. During trial, however, the learned Advocate for the Company stated that Tarakeswar and Haradhan Addhya accepted all their dues from the Company including their provident fund money and also some ex-gratia payment and tendered resignation of their employment in the

Company. Regarding Gouranga Prodhan it is contended on behalf of the Company that his employment stood automatically terminated on the basis of the Company's standing orders.

Decision

In this case the Union prayed for an adjournment on the ground that these workmen are at home which they could not leave due to natural calamities. This petition, however, disclosed no substantial reason for an adjournment and was, therefore, rejected and the case proceeded on the basis of the evidence tendered on behalf of the Company. The Company has fully substantiated its case regarding Tarakeshwar and Haradhan Addhya by producing their resignation letters (Ext. A series) and receipts granted by the aforesaid two workmen (Ext. C series). I have no reason to disbelieve the receipts and the resignation letters of these two workmen. This explains their absence from Court today. Therefore, there is no dispute so far as these two workmen are concerned which has been settled out of Court.

Regarding Gouranga Prodhan, he was granted leave from 9th May 1957 to 22nd May 1957 for going home. On the basis of the medical certificate (Ext. D) recommending him extension of leave by a month, he was granted extension till 5th June 1957 and directed to rejoin on 6th June 1957, but he did not turn up. Under rule 3 of the standing orders of the Company (Ext. F) he lost lien on his appointment. That being so, the Company

was not to blame if it did not permit Shri Prodhan to rejoin his employment. In the circumstances, Shri Prodhan is responsible for the automatic termination of his employment according to the standing orders of the Company. Thus he is entitled to no relief.

In fine, it is found that the Company was justified in refusing employment to Shri Gauranga Prodhan, and so far as the other two workmen—Shri Tarakeshwar and Haradhan Addhya are concerned the dispute has been settled out of Court by them who resigned their services on acceptance of their dues and provident fund money, etc., in full.

This is my award.

4) If an employee cannot, without giving due offence, refuse a gift of substantial value from any person, he may accept the same, but shall unless the local authority by special order otherwise direct deliver the gift to the said authority.

1. Public demonstrations in honour of employees of local authority.—(1) Save as otherwise provided in this rule, an employee shall not except with the previous sanction of the local authority—

Provided that no employee shall solicit any subscription in aid of such fund;

- (c) subject to the provisions of any general or special order of the local authority, an employee may attend a farewell entertainment of a substantially private and informal character held as a mark of regard to himself or to some other employee, or to a person who has recently quitted the service of a local authority on the occasion of the retirement from service or departure from a district or station of himself or other person.

4. 7. Purchase of resignation.—Employees may not enter into any pecuniary arrangement for the resignation by one of them of any office under the local authority for the benefit of the others. Should this rule be infringed, any nomination or appointment consequent upon such resignation will be cancelled and such parties to the arrangement as are still in the service will be suspended, pending the orders of the local authority or the State Government as the case may be.

8. Lending and borrowing.—(1) An employee shall not lend to or borrow money from except in the ordinary course of business with a Joint Stock Bank or a firm of standing, or otherwise place himself under a pecuniary obligation to any person subject to his official authority.

Provided that this rule in so far as it relates to the lending to or borrowing from co-operative societies registered under Act II of 1912, shall be subject to any general or special restrictions or relaxations made or permitted by the local authority.

9. Buying and selling houses and other valuable property.—Same in the case of a transaction conducted in good faith with a regular dealer, an employee who intends to transact any purchase, sale or disposal by other means of moveable or immovable property exceeding in value of Rs. 200 with any person residing, possessing immovable property or carrying on business within the area under the local authority shall declare his intention to the local authority or to such officer as the said authority may appoint. Any declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal. Thereafter such employee shall act in accordance with such orders as may be passed by the local authority or the officer appointed for the purpose.

10. Control over immovable property held or acquired by employees of a local authority.—Every employee or candidate for service under a local authority must make to the local authority concerned, a declaration of all immovable property which may from time to time be held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the police-station, district and the State within which the property is situated and should give such further information as the local authority may by general or special order required.

11. Investments other than those in immovable property.—An employee may not make any investment, other than an investment in immovable property which gives him such private interest in matters with which his public duties are connected as would be likely in the opinion of the local authority to embarrass or influence him in the discharge of his duties.

Subject to this condition he may hold or acquire shares in any Company, including a mining or agricultural company, which has for its object the development of the resources of the country.

Subject to the same condition he may place deposits in provincial or central Banks registered under Act II of 1912, and make investments in non-agricultural societies registered under that Act.

12. Speculation.—An employee may not speculate in investments. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value, will be treated as speculation in investments.

13. Promotion and management of companies.—An employee whether on leave or in active service, may not, without the special sanction of the local authority, take part in the promotion, registration or management of any Bank or other company.

14. Private trade or employment.—An employee may not, without the previous sanction of the local authority, engage in any trade or undertake any employment, other than his public duties.

An employee may undertake occasional work of a literary or artistic character, provided that his public duties do not suffer thereby; but the local authority may, in its discretion, at any time forbid him to undertake or require him to abandon any employment which in its opinion is undesirable.

Note.—The Secretaryship of a club does not constitute employment in the sense of this rule, provided that it does not occupy so much of an employee's time as to interfere with his public duties and that it is an honorary office, that is to say, that it is not remunerated by any payment in cash, or any equivalent thereof other than the customary concessions of free quarters and personal exemption from messing charges only. Any employee proposing to become the Honorary Secretary of a club should inform his immediate departmental superior who will decide, with reference to this rule and note, whether the matter should be reported for the orders of the local authority.

15. Insolvency and habitual indebtedness.—(1) When an employee is adjudged or declared an insolvent, or when one moiety of the salary of an employee is constantly being attached, has been continuously under attachment for a period exceeding two years or is attached for a sum which in ordinary circumstances, cannot be repaid within a period of two years, he will be considered liable to dismissal.

(2) When such employee is not liable to dismissal otherwise by or with the sanction of the State Government, the matter must, if he is declared insolvent, and may, if a moiety of his salary is attached, be reported to the State Government, pending the receipt of whose orders he will be suspended from service.

(3) When a moiety of an employee's salary is attached, the report should show what is the proportion of the debts to the salary, how far they detract from the debtor's efficiency as an employee; whether the debtor's position is irretrievable; and whether in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brought to the notice of the local authority or Government.

(4) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits, will be upon the debtor.

16. Communication of official documents or information.—An employee may not, unless generally or specially empowered by the local authority in this behalf, communicate directly or indirectly to employees belonging to other local authorities or to non-official persons, or to the Press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources, or otherwise.

17. Connection with the Press.—An employee may not, without the previous sanction of the local authority, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matter not of a political character, and may at any time, in the discretion of the local authority, be withdrawn.

18. Subject to the provisions of rule 16, an employee may contribute anonymously to the Press, but must confine himself within the limits of temperate and reasonable discussion; and, if this connection with the Press is contrary to the public interest, the local authority may withdraw

liberty to contribute. When there is room for it whether the connection of any employee with the Press is or is not contrary to the public interest, the matter should be referred to the State Government for orders.

9. Criticism of local authority and Government publication of information or opinion upon matters relating to foreign countries.—(1) No employee shall, in any document published under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

- (a) the relations between the local authority and the people or between Government and the people of India or any section thereof, or
- (b) the relations between Government and any foreign country.

(2) An employee who intends to publish any document under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise, shall submit to the local authority under which he is serving a copy of draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall not publish a document or deliver the utterance save with the sanction of the local authority under which he is serving and with such alterations, if any, as the local authority may direct.

20. Evidence before committees.—An employee shall not give evidence before a public committee—

- (1) in India, unless he has first obtained the permission of the local authority under whom he is serving;
- (2) outside India, unless he has first obtained the permission of the State Government.

In giving such evidence he must not criticise the policy or decisions of the local authority or of Government.

This rule will not apply to evidence given before statutory committee with power to compel attendance and the giving of answers, nor to evidence given in judicial enquiries.

21. Taking part in politics and elections.—

(i) No employee shall take part in, or subscribe in aid of, or assist in any way, any political movement in India or any political movement relating to Indian affairs.

Explanation.—The expression “political movement” includes any movement or activities tending directly or indirectly to excite disaffection against, or to embarrass, the Government or the

local authority as by-law established, or to promote feelings of hatred or enmity between different classes of people in India or to disturb the public peace.

(ii) No employee shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be subversive of the local authority or Government as by law established.

Explanation.—An employee shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii), if he has not taken every possible precaution and done everything in his power to prevent such person so acting or if, when he knows or has reason to suspect that such person is so acting he does not at once inform the local authority or the Government.

(2) An employee shall not canvass or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body or any local authority, whether in India or elsewhere:

Provided that an employee who is qualified to vote at such election may exercise his right to vote but if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) An employee who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body or a local authority shall be deemed, for the purposes of sub-rule (2), to take part in an election thereto.

22. Vindication of acts and character of an employee of a local authority as such.—An employee may not without the previous sanction of the local authority, have recourse to any court or the Press for the vindication of his public acts or character, from defamatory attacks. In granting sanction to the recourse to a court, the local authority will in each case decide whether it will itself bear the costs of the proceedings, or whether the employee shall institute the proceedings at his own expenses, and, if so, whether, in the event of a decision in his favour, the local authority shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any employee to vindicate his private acts or character.

By order of the Governor,

S. K. CHAKRABORTY, Jt. Secy.

(1) That by mutual discussion the parties have come to a settlement and the case has been compromised under the following terms:—

(a) That the workmen will get Rs. 22 as dearness allowance with effect from the date of the award.

(b) That Issues Nos. (1) and (3) are not pressed for at this stage.

(2) That the parties therefore pray that the case may be awarded upon accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Manton and Co. Ltd., 13 Old Court House Street, Calcutta, and their workmen represented by Manton Workers Union, 1/1 Tarak Mitra Lane, Calcutta-26. (Case No. 19/59.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri N. M. Das Gupta, Advocate, assisted by Shri D. M. Guha, Advocate.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

By Government order No. 152-L.R./IR/111-344/58, dated the 15th January 1959, the above dispute was referred to the First Industrial Tribunal for adjudication under section 10 of the Industrial Disputes Act. Subsequently, by Government order No. 3686-L.R./IR/111-344/58, dated the 3rd August 1959, the dispute was withdrawn from the said Tribunal and transferred to the present Tribunal under section 33B of the Industrial Disputes Act for the purpose of speedy disposal. The case was heard in this Tribunal on the 2nd and the 4th December. The Union and the Company examined one witness each and certain documents filed by the parties were marked as exhibits.

Messrs. Manton & Co. is an old-established firm of dealers in fire-arms in Calcutta. It imports, sells and repairs guns, rifles and other fire-arms and also deals in ammunitions. The Company started business in 1825 and formerly it was under European management. In 1946 the Company changed hands. It has got a shop at Dalhousie Square and also a workshop employing a few workmen. The total number of workmen in the establishment is 46 belonging to various categories including clerks. They are all monthly-rated. There are, however, no pay scales and grades in existence and there is no separate dearness allowance the workmen being paid at certain consolidated rates. There is also no system of gratuity or provident fund. The employees of the Company formed the present Union in September 1955 and in February 1956 the Union presented certain demands to the Company. The dispute arising out of the said demands was referred to the Fourth Industrial Tribunal on the 1st December 1956, and the said Tribunal made an award on the 15th March 1957, which was published in the "Calcutta Gazette, Extraordinary" on the 15th April 1957. Thereafter on the 10th June 1958 the President of the Union wrote to the Managing Director of the Company that the workmen did not consider themselves bound by the aforesaid award and also included in the letter certain demands which were mostly identical with the demands in the original dispute. These demands were refused by the Company and after conciliation proceedings which proved abortive the present reference was made.

The following issues have been referred for adjudication in the present case:

- (1) Scale of pay.
- (2) Working hours.
- (3) Leave—Privilege, sick and casual.
- (4) Dearness allowance.
- (5) Provident fund scheme.
- (6) Gratuity.
- (7) Extra allowance for the night guards.

Before I enter upon a consideration of the issues it is necessary to dispose of two preliminary objections which have been raised on behalf of the Company, the first being that the previous award has not been terminated according to the provisions of sub-section (6) of section 19 of the Industrial Disputes Act and the second being that even if it was so terminated, the present reference which contains the same issues as were adjudicated upon in the previous award is not maintainable on the principle analogous to *res judicata* which has been made applicable to awards of Industrial Tribunals by recent decisions of the Supreme Court.

Regarding the first objection it is contended on behalf of the Union that proper notice terminating the previous award was given by the letter, dated the 10th June 1958, to which I have already referred. A copy of the said letter has been produced and marked as Ext. 1. It was sent by registered post with acknowledgment due and the acknowledgment has also been produced showing that it was delivered to the addressee, viz., the Managing Director of the Company on 12th June 1958, Ext. 1(a). The signature on the acknowledgment was not proved, but the rubber stamp affixed below the signature shows that whoever signed it did so on behalf of the Company and it should be presumed that he had authority to sign it. The delivery of this letter has not been denied on behalf of the Company. It has, however, been contended that the letter was not in proper form and did not constitute sufficient notice as required by sub-section (6) of section 19 of the Industrial Disputes Act. This sub-section, however, prescribes no form of notice. It lays down that notwithstanding the expiry of the period of operation under sub-section (3) (which is one year from the date on which the award becomes enforceable under section 17A) the award shall continue to be binding on the parties until a period of two months has elapsed from the date on which notice is given by any party bound by the award to the other party or parties intimating its intention to terminate the award. So all that the sub-section requires is that a notice should be given by any party bound by the award intimating its intention to terminate the award. Now, the language of the letter, dated 10th June 1958 (Ext. 1), is as follows:

"Please take notice that the workmen of the Company are in extreme hardship and cannot bind themselves to the last award of the Industrial Tribunal in respect to the point given below and beg to request you to kindly introduce the following wages and amenities in your Company consistent with the service condition, prevailing in the locality".

It will appear from the above that the letter specifically mentioned that the workmen were no longer to be bound by the award. This is sufficient expression of the intention of the Union to terminate the award on the points on which fresh demands were submitted in the letter. I therefore consider that the above letter constituted a sufficient notice under sub-section (6) and that having been given more than a year after the date of enforcement of the award, it was a proper notice terminating the award. That award is no longer binding on the Union after the expiry of two months from the date of service of this notice, i.e., after the 12th August 1958.

With regard to the second objection it has been pointed out that six of the seven issues which are the subject-matter of the present reference had also been referred to the Fourth Industrial Tribunal and that the only issue which was not under reference then is the issue No. 2 of the present reference relating to working hours. The issue No. 1 of the present reference is in a different form from the corresponding issue No. 7 of the said reference. The present issue is "Scale of pay" and the issue then referred was "Revision of grades and scales of pay for different categories of workmen". The Fourth Industrial Tribunal rejected the demands under most of the issues and as regards revision of grades and scales of pay the Tribunal came to the conclusion that since there were no grades and scales of pay existing the question of revision of grades and scales of pay did not arise. The Tribunal did not fix any grades and scales of pay and considered the existing pay of the workmen to be *prima facie* adequate excepting in three cases in which certain increments were granted and a general increment at a flat rate of Rs. 5 per month with effect from the 1st of March 1957 was granted to all workmen employed by the Company. No separate dearness allowance was given it being treated as part of the existing pay. The demands for the introduction of provident fund and gratuity schemes were rejected. As regards leave some relief was granted. The demand for extra allowance for night guards was also rejected.

It has been contended on the authority of the decision of the Supreme Court in the case of *Burn & Co. and their employees*, 1957 I L.L.J., 226, that the present Tribunal should not proceed to try the same issues *de novo* on the principle of *res judicata*. The Supreme Court held in the above case that though the rule of *res judicata* enacted in section 11 of the Civil Procedure Code was inapplicable in terms, the principle underlying it is of universal application and should apply to decisions of Industrial Tribunals also and observed:

"If we are to hold that an adjudication loses its force when it is repudiated under s. 19(6) and that the whole controversy is at large, then the result would be that far from reconciling themselves to the award and settling down to work it, either party will treat it as a mere stage in the prosecution of a prolonged struggle, and far from bringing industrial peace, the awards would turn out to be but truces giving the parties breathing time before resuming hostile action with renewed vigour".

But the Supreme Court also held in the above case that an award is liable to be modified if circumstances on which it was based have changed in the meantime and relying on this principle Shri Sen Gupta for the Union has contended that the circumstances on which the previous award was based are no longer in existence and that as such the present Tribunal is entitled to try the issues *de novo*. It appears from the previous award that the circumstances on which the said award was based, i.e., the circumstances relying on which the Tribunal rejected most of the demands of the workmen, were that Messrs. Manton & Co. was then associated with another Company, viz., Messrs. Arlington & Co., which was sustaining losses and had become a liability and uneconomic burden on that Company, and that the profits of Messrs. Manton & Co. were also dwindling year by year and had come down to Rs. 41,634 in 1956 from Rs. 2,59,979 in 1952. So the Tribunal held that Messrs. Manton & Co. was not in a position to bear any further burden which the acceptance of the demands of the workmen would throw upon it. The following observations of the Tribunal are pertinent on the point:—

"The profits earned by this Company showed a steady decline since 1952. It is difficult to forecast better prospects in any foreseeable future. The present outlook, as already stated, is not at all encouraging. This is, therefore, hardly a time for introduction of any grades and incremental scales of pay, which means substantial increase of expenditure in arithmetical progression year after year. The Company should not be burdened with any such heavy liability at present" (at page 1623 of the "Calcutta Gazette, extraordinary", dated 15th April 1957). On the same grounds the demands relating to provident fund and gratuity were also rejected and the Tribunal observed:

"In view of the steady decline of profits in the parent Company, and heavy losses in successive years in the subsidiary concern taken along with the reduction of reserves, it is abundantly clear that the present is not the opportune moment for introduction of any of the schemes under demand. Any one of them will place heavy additional burden on the already dwindling funds of the Company" (at page 1620).

It has been argued by Shri Sen Gupta that Messrs. Arlington & Co. which was a liability was closed in 1957 and that Messrs. Manton & Co. has since earned good profits, and so the circumstances on which the previous award was based have changed and there is no bar to fresh adjudication of the same issues in the changed circumstances. The President of the Union gave evidence that Messrs. Arlington & Co. was closed about 2 years ago and that of the five men retrenched in consequence two have since been re-employed by Manton & Co. This statement was not challenged and no evidence was given by the Company to the contrary. So one of the circumstances on which the previous award was based has changed and the drain on the financial resources of the Company on account of the burden of Arlington & Co. has stopped. About the other change of circumstances it has been argued on behalf of the Company that the profits for the year ending on 30th April 1957 were very much less amounting to Rs. 10,806 only. But the Company did not produce the latest balance-sheets

for the years ended 30th April 1958 and 1959. The balance-sheet for the year ended 30th April 1958 was, however, produced by the Union which shows that the balance carried down in the profit and loss account, i.e., the net profit is Rs. 49,517. So it is clear that the Company has turned the corner and made a profit which is higher than the profits of 1956 and 1957. It is, therefore, possible now to forecast a better prospect for the Company in future. It has not been suggested that in the year ended 30th April 1959 there has been any set back from the position on the 30th April 1958. The Company's witness has stated that the import of foreign guns and rifles depends on the import policy of the Government and that the Company has got no import license for 3 years except for cartridges. But in spite of that the sales in comparison with the year 1957 were not affected in 1958 because the Company is now selling guns and rifles made in India. Besides, the selling prices of imported guns have increased considerably. Therefore the Company's business is looking up. In this view of the matter, the circumstances on which the previous award was based must be deemed to have undergone a change for the better. It is therefore open to the present Tribunal on the authority of the Supreme Court decision itself to readjudicate upon the issues which were the subject-matter of the previous reference. I shall now take up the issues one by one.

Issue No. 1: As already stated, there are no fixed scales of pay in this Company and also there is no separate dearness allowance, the pay being inclusive of dearness allowance. From the pay-sheet filed by the Company it appears that the Company employs 13 clerks excluding the Manager and the salesman whose lowest pay is Rs. 80 and the highest is Rs. 220. In the Union's pay-sheet which Annexure A appended to its written statement only ten of these names appear as the others are not members of the Union. The names of the Book-Keeper, the Cashier and the Senior Clerk are not there.

The Union's demand is that for the clerical staff the grade should be Rs. 80—4—100—5—150—7½—185 exclusive of dearness allowance. The Company has objected that in view of its financial position no grades and scales of pay should at all be fixed. But it is certainly desirable that in an old and well-established Company like this there should be some fixed scales of pay and grades for the clerks. When the Company itself grants increments from time to time it cannot object to the standardisation of the rates of increment. There must also be a minimum scale and a maximum scale for the clerks as in all well-organised establishments. According to the pay-sheet (Ext. A) the present minimum for the ordinary clerks is Rs. 80 (inclusive of dearness allowance) and the maximum is Rs. 105 leaving aside the Book-Keeper, the Cashier, the Senior Clerk and another clerk getting Rs. 220. According to Annexure A to the written statement of the Union some of these clerks have been serving the Company faithfully for more than 25 years, if the dates of appointment given therein are correct. The clerks belong to the middle class and it is well known that their liabilities and obligations increase with age. So an extended time-scale is specially suitable in their case. For their security as well as for better working of the establishment

there should be some fixed scales of increment and grades starting from a minimum and reaching a maximum in a certain number of years. That will conduce to better relationship between employers and employees and it is too late in the day to contend that the Company is incapable of introducing any pay scales and grades in its establishment.

The Union's suggested scale of pay is, however, too high for an establishment of this nature. It is clear from the pay-sheets that the majority of the clerks are non-Matriculates, only four among them being Matriculates. A special argument was addressed to me that since this Company is located in the Dalhousie Square area it must introduce the pay scales of the big mercantile firms situated in this area, i.e., the pay scales of the constituents of Bengal Chamber of Commerce. But the nature and resources of an establishment are not determined by the area in which it is situated. This Company is not an industry. It has only an ordinary repairing shop for guns. It is not a big importer of foreign goods. It has a very small establishment which cannot be compared with the very big establishments of the mercantile firms situated in this area. It is only a shop with sales amounting to rupees seven lakhs a year as would be seen from the balance-sheets. Taking all these facts into consideration I am not able to accept the scales of pay demanded by the Union on the analogy of the scales of pay prevailing in the mercantile firms with which the present Company is not comparable and I think that it would be more proper to apply in this case the scales of pay fixed for the non-Matriculate clerical staff by the Third Major Engineering Tribunal. This scale of pay is Rs. 60—3—90 according to the award published in the "Calcutta Gazette, Extraordinary" on 5th November 1958. Though there are some Matriculates in this Company, their number is very small and since they were appointed on the same basis as the non-Matriculates I do not want to make any exception in their cases. I accordingly fix the grade of the clerks at Rs. 60—3—90.

For the subordinate staff, viz., gun-clearers, loaders, durwans and bearers, the Union has demanded a scale of Rs. 50—2—90. Their existing pay according to the pay-sheet (Ext. A) varies from Rs. 55 to Rs. 65 including dearness allowance. Only one Md. Siddique, a gun-cleaner, is getting Rs. 45. I think a scale of Rs. 35—2—45 would be proper for them.

Polishers have been placed in this category by the Union, but the polishers' existing pay is Rs. 77 according to the pay-sheet. For them, therefore, a higher pay scale is necessary, and it is fixed at Rs. 40—2—50. There is only one packer whose present pay is Rs. 77. He will have the same grade.

The unskilled workmen like the sweeper, the coolie and the gardener are getting Rs. 55. The Union has demanded Rs. 35—2—75 for them. I think that it will be fair if their pay scale is fixed at Rs. 30—1—35.

There are two lathemen or turners as described by the Union, and one of them is getting Rs. 77 and another Rs. 105. There are also four mechanics or vicemen, as called by the Union, of whom one is getting Rs. 83, another Rs. 105, another Rs. 145 and the fourth one Rs. 150. The Union

has demanded different scales and grades for these two categories of workmen, one starting at Rs. 70 and the other at Rs. 80. No evidence has, however, been given about their competence or skill and I am not in a position to judge it. Mere name or denomination does not help and the Company and the Union have different denominations for them. If one latheman is getting much more than another and one mechanic is getting as much as Rs. 150 while another gets Rs. 83, that must be due to the difference in skill between them of which the Company must be the best judge. I cannot, therefore, fix any scales or grades for them.

In view of the fact that pay scales and grades are being introduced for the first time in this Company and taking into consideration the fact that the Company's prospects have just begun to brighten, I do not want to fix more extended time scales. It appears from the Appendix A to the Union's statement that most of the employees of the Company have got substantial increments from their original pay during their years of service. Taking these facts into consideration I do not also give them any increments according to length of service for the purpose of fitting in the grades fixed above. As will be seen from my decision on issue No. 4, dearness allowance is being separated from pay and so the present pay of each employee should be adjusted after deducting the dearness allowance fixed. Where after such deduction the present pay falls below the minimum scale fixed for a particular employee he should be given an increment to pull him up to the minimum of the scale and fit him into it. Where the present pay after such deduction is higher than the minimum an increment should be given to fit him into the next stage of the time scale. As regards the clerks who are now getting Rs. 105 inclusive of dearness allowance, according to the Company's statement (Ext. A) some special direction is necessary because they are getting higher pay than the lowest paid clerks and will practically get no increment under this rule. So in their case I direct that they should get three increments more according to their scale. The increments should be given in all cases with effect from the 1st January 1960 and the fitting in the grades will be effective from that date. No direction is necessary regarding those clerks who are getting Rs. 130 or more as they have reached the maximum of the scale after deducting dearness allowance.

Issue No. 2: According to the evidence and the Attendance Register filed by the Company the working hours of the office and shop are from 9-30 a.m. to 5-30 p.m. and for the workshop from 10 a.m. to 5 p.m. The President of the Union who is not, however, and never was an employee of the Company, has given evidence that the working hours of the office were formerly from 10 a.m. to 5-30 p.m. and that since the last award they have been increased by half an hour. This evidence is, therefore, of no value and it is significant that no employee has come forward to give evidence to that effect. In the face of the Attendance Register which dates from 1955 and contains the working hours in print on the top and the still earlier register showing attendance at 9-30 a.m. I cannot accept the plea that the working hours have been recently increased. There is a recess for one hour from 2 to 3 p.m. In the case of a shop like this

working hours amounting to 8 hours with one hour's recess do not appear to be unfair or unreasonable. No change in the working hours is therefore called for.

Issue No. 3: The Company allows privilege leave of 14 days and casual leave of 6 days with pay in a year. Previously there was no sick leave but the last Tribunal granted sick leave for 15 days on full pay in a year on production of medical certificate from the Medical Officer of the Company or from any registered medical practitioner. The Union then demanded privilege leave for one month to be accumulated for 3 years, sick leave for one month on full pay and thereafter on half pay, and casual leave for 15 days. The same demands have been repeated before me. These demands were not, however, accepted by the last Tribunal which found the existing privilege leave and casual leave to be fair and reasonable and added sick leave. I am also of the same opinion. The existing leave provisions should therefore continue and the demands on this issue are rejected.

Issue No. 4: The present arrangement of having consolidated pay scales including dearness allowance cannot be continued in view of the basic pay newly fixed, and separate dearness allowance will have to be granted. The Union demands dearness allowance on the Bengal Chamber of Commerce scale simply because this Company is situated in the Dalhousie Square area. It has already been stated that there is nothing in common between this Company and the big mercantile firms which have accepted the Bengal Chamber of Commerce scale of dearness allowance. In the Engineering Tribunal's award dearness allowance was fixed at Rs. 36 p.m. for employees up to the pay range of Rs. 50 and Rs. 47 for pay range from Rs. 51 to Rs. 100. Even these scales would be high for this Company since it is not an industry and its financial position is just looking up. In the matter of dearness allowance capacity of the employer to pay is one of the prime considerations and where capacity is wanting full neutralisation of the rise in the cost of living cannot be expected. Taking all facts into consideration I fix the dearness allowance for the pay range up to Rs. 50 at Rs. 30 and for the pay range from Rs. 51 to Rs. 100 at Rs. 40.

Issues Nos. 5 and 6: Provident fund scheme is a long-term affair and it has already been stated that the employees under this Company are not new, but old, and so a provident fund scheme is not likely to be of much benefit to them. In a Company like this the demands for both provident fund and gratuity seem to be out of place. Under the circumstances I think that a scheme for gratuity would be more appropriate and will benefit the old employees more than the provident fund scheme. I accordingly award that the Company should pay gratuity at the rate of half a month's pay for each completed year of service up to a maximum of 15 months' pay on the retirement or death of an employee who has rendered continuous good service for not less than 20 years. I have no reason to think that the Company will be unable to bear this burden. It is an old Company, has got reserved and enjoys general financial stability. Its profits might have been dwindling for a few years but they are again going up, as already stated. This burden will be more bearable by the Company

as the employees are few in number and retirements will not be frequent. The employees who have served the Company for long years will naturally expect some retirement benefit from the Company to fall back upon in old age, and the extra expenditure on this account should not be grudged by the Company. There is no age of retirement fixed in this Company and nothing in this respect was mentioned to me. The fixation of retiring age is left to the discretion of the Company subject to this that it should not be below 60 years which is the ordinary age of retirement in mercantile firms.

Issue No. 7: This issue was also the subject-matter of the previous award and was rejected. No case has been made out for extra allowance for the night guards who are one or two in number. They are employed for the particular business of watching the premises at night, and having been appointed for such particular job they cannot expect any extra allowance for it. This demand cannot, therefore, be accepted.

For the petitioner: Shri Binoy Chatterji, Vice-President of the Union.

For the opposite party: Shri P. R. Mukherji, Advocate, with Shri Ajit Kumar Chakravarty, Accountant of the company.

AWARD

One Shri Rajab Ali, an employee of Messrs. A. Tosh & Sons Private Ltd., has filed this complaint under section 33A of the Industrial Disputes Act, 1947, on the allegation that he was verbally dismissed by the opposite party Company on 22nd April 1959 in contravention of the provisions of section 33 of the aforesaid Act while an industrial dispute was pending before this Tribunal for adjudication having been referred to this Tribunal by the appropriate Government under order No. 4418-I.R./IR/11L-368/58, dated 15th October 1958.

The opposite party Company resisted the application on the ground that there was no violation of the provisions of section 33 of the Industrial Disputes Act and that the dismissal of the complainant after due enquiry was justified.

The date of final hearing was fixed on 21st December 1959. On that date both parties filed a joint petition of compromise stating that the matter in dispute had been amicably settled between the parties in the terms expressed in the petition of compromise. I have gone through the petition of compromise. The terms of compromise appear to me to be fair and reasonable and I accordingly give effect to the same and pass an award in terms of the petition of compromise which shall form a part of my award.

ANNEXURE

In the matter of an industrial dispute between the Putinbari Tea Association, 134 Canning Street, Calcutta, and its clerical and medical staff represented by the Terai Cha Bagan Karmi Sangha, Bagdogra, Darjeeling. (Case No. VIII-201/58.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri M. C. BANERJI, District Judge (Retd.),
Judge, First Industrial Tribunal.

The Government of West Bengal, in the Department of Labour, by order No. 4328-I.R./IR/91-62/58, dated 10th October 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Putinbari Tea Association, 134 Canning Street, Calcutta, and its clerical and medical staff represented by the Terai Cha Bagan Karmi Sangha, Bagdogra, Darjeeling, relating to the following issue to this Tribunal for adjudication.

Issue

Whether the clerical and medical staff are entitled to any additional bonus for 1953 and 1954 accounting years?

2. Notices were issued on both the parties, who appeared and filed written statements.

3. The pleadings of the parties will be discussed at the decision of the issue here below.

4. The appearances for the parties were as follows:—

For the Union: Shri P. K. Bose, President, Shri S. N. Roy, Hony. General Secretary, Terai Cha Bagan Karmi Sangha.

For the Company: Shri K. K. Moitra, Labour Adviser.

5. The Company, in its written statement, raises the plea that the order of reference was

defective and illegal and that, no industrial dispute existed between the Company and its clerical and medical staff at the address as given in the order of reference. It is also stated that the Terai Cha Bagan Karmi Sangha, hereinafter called the Sangha, does not represent any employee of the Company at 134 Canning Street, Calcutta, as the order of reference was, therefore, defective. In view of this plea in the written statement of the Company, an additional issue, being Issue No. 2, is framed for the decision of this objection.

6. The issues that arise for decision are as follows:—

Issues

- (1) Whether the clerical and medical staff are entitled to any additional bonus for 1953 and 1954 accounting years?
- (2) Is the order of reference defective? Has the Tribunal any jurisdiction to entertain the reference?

AWARD

Decisions

7. **Issue No. 2:** The learned Advocate for the Company stated that there was a mistake in the order of reference in that the employer has been described as the "Putinbari Tea Association, 134 Canning Street, Calcutta", and it is stated that the reference is in regard to the industrial dispute between the Putinbari Tea Association, 134 Canning Street, Calcutta, and its clerical and medical staff represented by the Terai Cha Bagan Karmi Sangha, Bagdogra. The written statement of the Company has been filed for and on behalf of Putinbari Tea Association Limited. There is no doubt that although the clerical and the medical staff, whose entitlement to bonus is the subject-matter for adjudication in this proceeding, are employed in the Putinbari Tea Estate, which is the property of the Putinbari Tea Association Ltd., the Putinbari Tea Estate is only the property of the Putinbari Tea Association, Ltd. The employers are the Putinbari Tea Association, Ltd. and nobody else. The address of this employer is at 134 Canning Street, Calcutta. The reference is in regard to a dispute between this Company and its clerical and medical staff represented by the Terai Cha Bagan Karmi Sangha, Bagdogra. This Sangha represents the clerical and the medical staff working at the Tea Estate of the Company, being the Putinbari Tea Association, Ltd. I do not find any mistake in the order of reference. I find the order of reference to be perfectly correct. The employer has been correctly described and the dispute referred to the Tribunal for adjudication is the dispute between this employer and its clerical and medical staff working at the Tea Estate, who are represented by the Union in the order of reference. It is, therefore, held that there is no mistake in the order of reference and that the Tribunal has jurisdiction to entertain the reference.

8. This issue is accordingly answered.

9. **Issue No. 1:** The Union states in its written statement that the present dispute covers only five workmen, four of them being clerical and one medical staff. The total monthly salary of these five employees is in the range of Rs. 1,200

or so, inclusive of other allowances. The garden was originally owned by Messrs. Duncan Bros. and it was taken over by the present Management in November 1955, without affecting the condition of any of the workmen. For well over 15 years, the employees have been enjoying the benefit of Bonus as a matter of right, and it has come to stay as a customary bonus. This payment has no relation to the volume of profit. The only condition is that there must be some profit. The payment of bonus was never based on any calculation over the amount of profit. The Terai Planters' Association, by its circular No. 43/56, dated 28th July 1956, recommended payment of bonus to its members. Indian Tea Planters' Association also recommended the same view by its circular No. 216/56, dated 13th September 1956. These two circulars notified that the employees desirous of having this benefit should exercise their option in favour of the said I.T.A. Bonus Agreement and its formula. On a representation made by the employees, the Indian Tea Planters' Association, by its memorandum No. 16/1883 I.D. 56, dated 6th October 1956, addressed to this Union, urged the same view. The employees did exercise their option in favour of the aforesaid agreement. Even after exercising their option, there was no response, and there was no indication of any payment as recommended by the said circulars. An industrial dispute arose and the matter was taken up by the Conciliation Officer, but the conciliation was unsuccessful and the reference has been made to the Tribunal for adjudication. The Union claims that the clerical and the medical staff should get additional bonus calculated on the basis of the formula laid down in the aforesaid circulars for the years 1953 and 1954.

10. The Company, in its written statement, states that the claim of bonus as made by the Sangha is belated. The accounts of the relevant years have been closed, and as such, the claim should be rejected by the Tribunal. It is also stated that Messrs. Duncan Bros. Ltd. managed the affairs of the Company till 15th September 1955, and the Management of the Company was taken over by a Board of Directors from 16th September 1955. The financial position of the Company is far from satisfactory. Bonus was never a condition of service in this garden and there is no customary bonus paid to the workmen. The clerical and the medical staff were paid bonus for the years 1953 and 1954 in October 1954 and November 1955 respectively, at two months' basic salary on the basis of the profits of the Company and the employees gladly accepted the same and the accounts of the Company for the relevant years were thereafter closed. This Company has nothing to do with the bonus formula as laid down in the Indian Tea Association Agreement, inasmuch as, this Company was not a member of the Indian Tea Association on the date when the Indian Tea Association entered into agreement with certain labour Unions on 19th July 1956. The Indian Tea Planters' Association did not recommend payment of bonus on the principle of I.T.A. Bonus Agreement and its formula. This Company was a member of the I.T.A. till 24th January 1956, and as such, it followed the Delhi Agreement signed by the I.T.A. on 8th January 1956, and paid bonus to the plantation labour according to the said

agreement. But in the said agreement, there was no question of payment of bonus to the clerical and medical staff. These staff were paid bonus for the two years 1953 and 1954 on a very liberal scale, having regard to the profits of the Company. This Company resigned the membership of the I.T.A. on 24th January 1956, and became a member of the Indian Tea Planters' Association. The I.T.A. Bonus Agreement was entered into on 19th July 1956, that is, at a time when this Company was not a member of the I.T.A., and as such, this Company has no legal obligation to follow the said agreement. The Indian Tea Planters' Association, of which this Company is now a member, clearly stated that the I.T.A. Agreement, dated 19th July 1956, was not binding upon this Company. The Company, therefore, prays that the claim of the Sangha, as made in their written statement, should be rejected.

11. Evidence was adduced by both the parties. P.W. 1 Shri Bhupendra Narayan Sarkar, Factory Babu of Putinbari Tea Association, deposed for the Union. Documents, Ext. 1 to Ext. 3, were marked for the Union. O.P.W. 1 Shri Shyam Krishna Gupta, Garden Manager, deposed for the Company. Documents, Exts. A to H(2), were marked for the Company.

12. The claim relates to one of additional bonus for the trading years 1953 and 1954. The bonus is claimed for the clerical and the medical staff. It appears from Ext. 2 that in 1953, there were four such persons and in 1954, there were five. Shri S. K. Ghosh, Second Clerk, resigned on 19th October 1955, but he was in service of the Company in 1953 and 1954. It appears that there is a bonus scheme prevalent in the Company under which bonus was paid to the clerical and the medical staff, both in 1953 and 1954. The payment of this bonus was made for the year 1953 in October 1954, and for the year 1954 in November 1955, and the payment was at two months' basic salary for the Head Clerk, Doctor, Factory Babu, and one month's basic salary for the Second Clerk, Shri S. K. Ghosh for 1953. For the year 1954, which was paid in November 1955, the bonus was paid at two months' basic salary for the Head Clerk, Factory Babu, and the Doctor, and one month's basic salary for the Time-keeper. No payment was made to Shri S. K. Ghosh, as he resigned on 19th October 1955. The fact of these payments will appear from the documents, Exts. H, H(1) and H(2). Ext. H(2) shows the payment of bonus for 1954, which was made on 3rd November 1955.

13. It appears that on 19th July 1956, there was a Bonus Agreement between the I.T.A. and some Unions for the Gardens in Doours and Terai in the membership of I.T.A. This agreement will be seen in Ext. A. It shows the formula for payment of bonus to the subordinate staff and the monthly-rated workers, and another agreement for the payment of bonus to the clerical and medical staff during the bonus years 1953 to 1958. It is admitted by both the parties that this agreement was arrived at between the I.T.A. and some Unions on 19th July 1956. It is a well-known fact that this Bonus Agreement was preceded by another agreement between the employers and some Unions in regard to bonus for the tea garden labour, which

was entered into between the employers and the Unions in January 1956. This Bonus Agreement relates to the payment to the manual workers of the tea gardens. A copy of this agreement appears as Ext. A(1). This is usually known as the Delhi Agreement, because this agreement was arrived at in Delhi. The details of this Delhi Agreement is not at all relevant for the purpose of the present enquiry, as we are concerned in this proceeding only with the question of bonus payment to the clerical and the medical staff of the Putinbari Tea Estate. Ext. B, dated 13th September 1956, is a circular, being circular No. 216/56 of the I.T.P.A., Jalpaiguri, dated 13th September 1956, which notified to its member gardens that the Bonus Agreement, as shown in Ext. A, should be followed in regard to the payment of bonus for 1953 and 1954 to the subordinate staff and the monthly-rated workers. This circular also shows that so far as the clerical and the medical staff of the gardens are concerned, the Association is not in a position to apply to them the scheme of bonus, as laid down in the I.T.A. Agreement, because such staff are being paid bonus under Company scheme by most of the I.T.P.A. member gardens. Their case may be considered at some later date, if such categories of staff express their desire to exercise their option in favour of this scheme as per I.T.A. Agreement, to the exclusion of the Company scheme. It is an admitted fact that the Putinbari Tea Association was a member of the I.T.A. until 24th January 1956, and on 24th January 1956, by Ext. E, it resigned from the membership of the I.T.A. Ext. E(1) shows a letter from the I.T.A. to the Director, Putinbari Tea Association Ltd., stating that the I.T.A. has been informed by Messrs. Duncan Bros. Ltd. that they have resigned their appointment as Secretaries of the Company, and the I.T.A. enquired whether it was the intention of the Putinbari Tea Association Ltd. to continue their membership of the Association. This letter is dated 3rd January 1956, and in reply to this letter, the Putinbari Tea Association Ltd. informed the I.T.A. by letter, Ext. E, that it did not intend to continue to be a member of the I.T.A. Evidence on record shows that the Putinbari Tea Association Ltd. became a member of the I.T.P.A., Jalpaiguri, with effect from 24th January 1956. Ext. F is a letter of the I.T.P.A., Jalpaiguri, dated 4th February 1957, to the Director, Putinbari Tea Association Ltd., stating that as the garden ceased to be a member of the Indian Tea Association with effect from January 1956, and as the I.T.A. made the Clerical-Medical Staff Bonus Agreement subsequently to the cessation, the clerical-medical staff bonus formula as laid down in the I.T.A. Agreement was not, in their opinion, applicable to this garden. The Clerical-Medical Staff Bonus Agreement is Ext. A and it was entered into by I.T.A. and some Unions on 19th July 1956, i.e., about six months after the present Company left the membership of the I.T.A. Ext. 1 is a letter to the Company showing that the four clerical and medical staff in question of this Company accepted the Bonus Agreement for the years 1953 to 1958 inclusive, as shown in the I.T.A. Bonus Agreement. It was stated by the learned spokesman for the Union that by this letter the employees opted for the I.T.A. Bonus

Agreement, as mentioned in the I.T.P.A. circular No. 216/56, dated 13th September 1956.

14. It will appear from the above that the present Company left membership of the I.T.A. on 24th January 1956, and joined the I.T.P.A. The Bonus Agreement, as shown in Ext. A, was between the I.T.A. and some Unions and it relates to the Dooars and Terai Gardens in the membership of the I.T.A., as shown in the description of the agreement at the top of the page. This agreement was arrived at on 19th July 1956. It was not, therefore, the intention of the parties to the agreement to apply it to the Putinbari Tea Association Limited. The I.T.P.A. adopted this agreement in regard to the subordinate staff and the monthly-rated workers in their member gardens, but that does not show that it is bound to accept the other agreement in Ext. A, which was in relation to the clerical and the medical staff. As a matter of fact, document, Ext. D, being the circular of the I.T.P.A., dated 27th July 1956, shows a clear statement that this agreement is not binding on the gardens which are not members of the I.T.A. and the document, Ext. F, dated 4th February 1957, shows that in the opinion of the I.T.P.A. the Bonus Agreement in question in relation to the clerical and the medical staff was not applicable to the present Company. I have no doubt that this Bonus Agreement is not applicable to the present Company and the present Company was not intended to be included in the agreement when it was made on 19th July 1956. The claim of the Union for the bonus in regard to the Bonus Agreement in Ext. A, i.e., the I.T.A. Agreement, dated 19th July 1956, is, therefore, incompetent, in view of the fact that the Putinbari Tea Association Limited was not a party to the Bonus Agreement in Ext. A.

15. In this Company, no bonus was paid for 1955, and the bonus for 1956 was paid in 1958. I am told that if the clerical and the medical staff were entitled to bonus under the I.T.A. Agreement, they would have received nearly thirty months' basic pay as bonus for the years in question. This fact has created the industrial dispute, which is in existence for the last two years or so. Although the clerical and the medical staff are not entitled to claim bonus under the I.T.A. Agreement, as shown in Ext. A, I consider that they should be given some payment, in view of the fact that their Garden was a member of the I.T.A. but left its membership in January, 1956, which deprived them of the benefit of the agreement, which was arrived at in July 1956. It appears that the bonus for 1956 paid in 1958, was also taken on protest in expectation of a higher bonus according to the I.T.A. Scheme. Considering all these circumstances, it is awarded that the clerical and the medical staff, who have been paid a bonus on the Company's Scheme in 1953 and 1954, be paid similar amounts as additional bonus in the interest of industrial peace. I should express this caution that this additional payment should not be made a precedent for the future.

16. The learned spokesman for the Company raised the plea that the claim, as made, is very belated. On the consideration of the facts, it appears that while the Bonus Agreement in Ext. A was arrived at on 19th July 1956, the claim for

Additional bonus was preferred on 10th August 1956, as shown in Ext. 1. In the circumstances, cannot be stated that the claim of additional bonus has been belated. As a matter of fact, the bonus Agreement related to years from 1953 to 1958, and if this garden was a member of the I.T.A., the claim for additional bonus could not have been thrown out on the ground that in August 1956, the scheme for additional bonus for 1953 and 1954 was belated. The claim for additional bonus under the I.T.A. Agreement by the clerical and the medical staff of the present Company fails, because the Company was not a member of the I.T.A. I would, therefore, hold that the claim for additional bonus, as made by the four workmen in Ext. 1, was not belated.

17. In the circumstances, it is awarded that the clerical and the medical staff of the Company who got Bonus for 1953 and 1954 should get an equal amount of bonus as additional bonus as they got in 1953 and 1954 under the Company's scheme.

18. This issue is accordingly answered.

M. C. BANERJI,

Judge, First Industrial Tribunal.

The 18th December 1959.

By order of the Governor,

S. C. MUKHERJEE, Asst. Secy.

No. 7024-I.R./IR/10L-16/58.—30th December 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 767-I.R./IR/10L-16/58, dated the 28th February 1958, read with corrigendum No. 2410-I.R./IR/10L-16/58, dated the 11th June 1958, the industrial dispute between Messrs. ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Gyan Chand Bhalla, a workman of Messrs. Ashoka Marketing Ltd., Calcutta, in connection with Government of West Bengal, Labour Department, order No. 1672-I.R./IR/11L-170/58, dated 23rd April 1958, referring certain industrial disputes between the said Company and its workmen. (Case No. 23/59 under section 23A.)

BEFORE THE FIRST LABOUR COURT,
WEST BENGAL.

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

AWARD

This is an application under section 33A of the Industrial Disputes Act by Shri Gyan Chand Bhalla,

previously in the employment of Messrs. Ashok Marketing Ltd. (hereinafter referred to as the Company for the sake of brevity).

The applicant contends that his services were wrongfully terminated with effect from 15th December 1958 on the basis of an unfounded charge in the matter of enquiry into which he was given no reasonable facilities to defend himself. The applicant, therefore, seeks reinstatement with back wages.

The opposite party (the Company) denies the allegations of the workman and seeks to justify the termination of the employment.

Decision

On the date of trial (4th December 1959) both parties put in a compromise petition stating that the applicant would be paid Rs. 1,600 (Rupees sixteen hundred) only as an ex-gratia payment and provident fund money and wages for earned leave, in consideration of which the applicant gave up his claim to reinstatement. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to.

The dispute is thus settled in terms of the petition of compromise which do form a part of the award.

This is my award.

For the petitioners: Shri Lenin Roy, Advocate.

For the Company: Shri T. K. Jagdish.

AWARD

These are 8 applications by 8 of the employees of Messrs. Shree Gopal Trading Company under

section 33A of the Industrial Disputes Act, 1947. Both at the request of the parties and for convenience, all these applications are taken up together for adjudication upon the preliminary objection taken by the opposite party company in each case regarding maintainability of these applications under section 33A of the aforesaid Act. The following chart will show the names of the applicants and the number of their respective applications under section 33A of the Industrial Disputes Act:

Names of applicants.	Case No.
Shri Sukhlal	... 40 of 1959
Shri Udai	... 41 of 1959
Shri Satyanarayan	... 42 of 1959
Shri Bhutan Gwala	... 43 of 1959
Shri Jatan Shah	... 44 of 1959
Shri Bihari Lal	... 45 of 1959
Shri Babulal	... 46 of 1959
Shri Koileswar	... 47 of 1959

In each of these applications the complainant's specific case is that the applicant is an employee of the opposite party company Messrs. Shree Gopal Trading Company and that during the pendency of a proceeding before this tribunal in respect of an industrial dispute referred to this tribunal by the appropriate Government under order No. 86-I.R./IR/111-634/58, dated 10th January 1959, the opposite party company wrongfully closed its mill with effect from 12th February 1959 without written permission from the learned tribunal before which the dispute was pending and thus contravened clause (a) of sub-section (1) of section 33 of the Industrial Disputes Act and that as such the applicant has the right under this Act to file the present application under section 33A of the Industrial Disputes Act.

The opposite party company takes up a preliminary legal objection in each case regarding the maintainability of the application under section 33A of the Industrial Disputes Act on the ground that the application is bad in law and not legally maintainable inasmuch as there has been no violation of section 33 of the Industrial Disputes Act on the part of the opposite party company as alleged by each of the complainants.

So, the complainant in each case confines his grievance to the contravention by the opposite party company of the provisions of section 33(1)(a) of the Industrial Disputes Act. Therefore, the scope of enquiry regarding this preliminary objection in respect of these applications is limited.

Section 33(1)(a) of the Industrial Disputes Act lays down that during the pendency of any proceeding before a tribunal in respect of an industrial dispute, no employer shall in regard to any matter connected with the dispute, alter, to the prejudice of the workman concerned in such dispute, the conditions of service applicable to them immediately before the commencement of such proceeding. * * * Save with the express permission in writing of the authority before which a proceeding is pending. It is, therefore, clear that the employer is required to take express permission in writing of the tribunal only in case where the conditions

of service applicable to the applicant employee immediately before the commencement of such proceeding are altered, to the prejudice of the workman concerned in such dispute, in regard to any matter connected with the dispute during the pendency of the proceeding of that dispute before the tribunal. So, this section has four parts, namely,—

- (1) there must be a proceeding before a tribunal in respect of an industrial dispute;
- (2) there must be alteration of the conditions of service of the employee applicant applicable to him immediately before the commencement of the proceeding;
- (3) the employee must be concerned in the dispute pending before the tribunal; and
- (4) the action of the employer must relate to the matter connected with the dispute.

In the present case it is argued on behalf of the applicants that by closing down the mill with effect from 12th February 1959 the opposite party company has altered the conditions of service applicable to the present complainants immediately before the commencement of the proceeding and that these applicants were concerned in the dispute and that the alteration of the conditions was in regard to the matter connected with the aforesaid dispute. It is admitted that the proceeding was pending before this very tribunal as referred under the Government notification mentioned above between 10th January 1959 and 24th September 1959 when there was an award on compromise and that the said dispute related to the question whether the closure of the mill from 21st April 1958 to 30th July 1958 was justified or not and to what relief the workmen would be entitled. So, that was a dispute between the opposite party company and its workmen. Therefore, the first ingredient of section 33(1)(a) of the Industrial Disputes Act is complied with. The next ingredient is also fulfilled because it is admitted by both sides that the present applicants were concerned in that dispute regarding the closure of the mill for a specific period which affected all the workmen of the company.

Now, the question is whether the action taken by the opposite party company in the present case, namely, the closure of the mill from 12th February 1959, amounts to alteration of the conditions of service applicable to present complainants immediately before the commencement of the original proceeding before this tribunal to the prejudice of the workmen concerned in the dispute. According to the applicants this was a closure. According to the opposite party company it was a temporary stoppage of work and it is admitted on both sides that the mill was reopened from 23rd March 1959. Be that as it may, it is an admitted fact that the mill remained closed for the period from 12th February 1959 to 22nd March 1959. It is further admitted that on and from 23rd March 1959 all the present complainants were taken back

in service. It is now judicially settled that an employer has the fundamental right to close down its business or concern at any point of time and to reopen it when it is convenient for the company. So, in my view the present action of the opposite party company cannot be taken to be an action on the part of the company amounting to alteration of the conditions of the service applicable to present complainants immediately before the commencement of the present proceeding. Thus, in my opinion, one of the important ingredients of section 33(1)(a) of the Industrial Disputes Act is not fulfilled in the present case.

Lastly, even if it is conceded for arguments sake that the action of the company in closing down the mill from 12th February 1959 amounted to alteration of conditions of service of the present applicants, it cannot be said by any stretch of imagination that the fourth ingredient of the section is complied with in the present case, namely, that the action taken by the company in the present case related to a matter connected with the original dispute. The original dispute was with regard to the legality or bona fides of the closure of the mill from 21st April 1958 to 30th July 1958. So the subsequent closure or stoppage of work of the mill from 12th February 1959 cannot by any stretch of imagination be said to be an action taken by the company in regard to any matter connected with the original dispute between the company and its workmen.

In consideration of all these facts and circumstances, I come to the conclusion that the provisions of section 33(1)(a) of the Industrial Disputes Act were not violated by the opposite party company inasmuch as the company's action in closing the mill from 12th February 1959 was not in regard to any matter connected with the dispute originally referred to by the Government to this tribunal under its order No. 86-I.R./IR/11L-634/58, dated 10th January 1959, for adjudication, and this action did not amount to any alteration of conditions of service of the workmen concerned. As such the opposite party company was not under any legal obligation under section 33(1)(a) of the Act to take express permission in writing from this tribunal before closing down the mill from 12th February 1959.

To sum up I find that there was no violation of the provisions of section 33(1)(a) of the Industrial Disputes Act, 1947, by the opposite party company and that as such the present complainants have no locus standi to come under section 33A of the Industrial Disputes Act. If, they have any grievances in the matter, they might, if so advised, seek their remedy by raising an independent dispute in regard to the same under section 10 of the Industrial Disputes Act. I, therefore, hold that the present 8 applications under section 33A of the Industrial Disputes Act are not maintainable in law inasmuch as there has been no contravention by the opposite party company of the provisions of section 33(1)(a) of the said Act. This tribunal has, therefore, no jurisdiction to go into the merits of these applications which are accordingly rejected.

This is my award and this award shall govern all the 8 applications under section 33A of the Industrial Disputes Act as mentioned above.

Binani Optical Industries, 284/1 Bowbazar Street, Calcutta, and their workmen represented by Optical Workers' Association, Calcutta, 1/1 Tarak Mitra Lane, Calcutta, regard-

ing matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether termination of employment of the following workmen is justified? To what relief, if any, are they entitled?—

(i) Shri Sreenath Singh,

(ii) Shri Tallibuddin.

AWARD

This is a dispute arising out of alleged illegal and unjustified termination of employment of two workmen, namely, (1) Shri Sreenath Singh and (2) Shri Tallibuddin, previously employed in Messrs. Binani Optical Industries, 284/1 Bowbazar Street, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The Union's case in short is that the Company victimised these two workmen simply for their active trade unionism. The Company framed some charges against them which had no basis in fact, and made a show of enquiry and ultimately dismissed them.

The Company, on the other hand, put in a written statement denying the allegations in the written statement of the Union, and seeks to justify the termination of employment of the two workmen after a proper enquiry, and therefore contends that the workmen concerned are entitled to no relief.

Decision

In usual course, the case was fixed for hearing on 3rd March 1960. In the meantime, both parties put in a joint petition of compromise settling their dispute. The terms of compromise appear to be fair, reasonable and lawful, and may be given effect to. The dispute is, therefore, disposed of in terms of the petition of compromise which do form a part of the award.

Whether the dismissal of Shri Basanta Kumar
Bose is justified? To what relief is he
entitled?

AWARD

This is a case arising out of alleged illegal and
unjustified dismissal of Shri Basanta Kumar Bose,
previously employed in Messrs. Prabortak Printing
and Halftone Private Ltd., 52/3 Bowbazar Street,
Calcutta-12, hereinafter referred to as the Company
for the sake of brevity.

In addition to the point referred to this Court
for determination, the following issue is framed—
Is it an industrial dispute? Has the Court
jurisdiction to adjudicate upon it?

The Union's case is that the workman concerned—Shri Basanta Kumar Bose was employed in the Press as a Compositor on 1st September 1956 and had been in continuous service up to 9th June 1958 when Shri Phani Bhusan Roy, a Director of the Company, refused to allow the workman to resume his duties. On completion of one year's service the workman claimed to be made permanent, but the said Director obtained a letter from him on 13th September 1957 to the effect that he was prepared to work on temporary basis up to 30th April 1958. The workman fell ill at the night of 17th April 1958 and an insured worker as he was, he was detained in the National Medical Institute up to 16th May 1958. On further medical examination, the Panel Doctor of the State Insurance Corporation recommended the workman a further week's rest, and so the workman on 3rd June 1958 reported himself for duty at the Press equipped with a 'fit' certificate. The aforesaid Director insisted on the workman's signing a bond again to the effect that he was prepared to continue as a temporary worker, but as the workman did not yield he was not allowed to resume his work. Hence the reference.

The Company, on the other hand, denies the material allegations in the written statement of the Union and contends that the workman accepted employment on 1st September 1956 as a temporary hand or as a probationer, and the Company again employed him on 13th September 1957 at his request as a temporary workman just to enable him to seek employment elsewhere in the meantime, and he continued as such till 30th April 1958. The workman, however, actually worked till 17th April 1958 and thereafter he did no longer turn up for work. The Company denies any knowledge of the illness of the workman or of his treatment under a Panel Doctor of the Employees' State Insurance Corporation. Thus the Company contends that the workman having been employed on probation or as a temporary hand, has no right to automatic permanency which is exclusively a management function.

Decision

First of all, I take up the main point, viz., whether the dismissal of the workman Shri Basanta Kumar Bose is justified or not. In this case, admittedly no letter of appointment was initially given to the workman at the commencement of his employment. The workman joined the Press on 1st September 1956 and worked there for more than a year, and Ext. A which is a letter, dated 13th September 1957, signed by the workman and admittedly written by his father Shri Prabhat Chandra Bose (U.W. 2), states that the workman has been serving the firm as a Compositor for more than a year on the temporary list and is ready to do so up to April 1958. On this letter (Ext. A) there is an endorsement marked Ext. A-1 written by a Director of the Company Shri Phani Bhusan Roy (C.W. 1) as follows:—

"Allowed him to continue his work up to April 1958 as temporary.

Sd. P. Roy.
13-9-57."

This Ext. A is, however, seriously challenged on behalf of the Union as a document obtained from the workman against his will and under duress. However much the Union may stigmatise this letter as a vitiated document, the recitals in this letter coupled with the admission of the same by his father do not establish the Union's contention. The very first sentence of the deposition of U.W. 2—Shri Prabhat Chandra Bose—is that he wrote Ext. A voluntarily. In saying so, Shri P. C. Bose further stated that he understood the import of the contents of Ext. A. The circumstance is quite clear that this temporary appointment was the fruit of the workman's father's request to Phani Babu. The evidence of Phani Babu is also to the effect that the employment was given to the workman on the distinct understanding that it would be temporary and that his services would terminate on the expiry of a year from the date of his employment. The first year of service rolled on, and the said Director out of pity at the request of the workman allowed him to continue for a further period just to enable him to secure another employment elsewhere. I am thoroughly convinced that the kindness shown by Phani Babu in allowing the workman to continue for some time more temporarily as before, is sought to be now abused, and the allegation that Phani Babu exercised some undue influence and coercion in obtaining the letter (Ext. A) from the workman is wholly unfounded. In the circumstances, having regard to the evidence on record—both oral and documentary—I am unable to uphold the contention of the Union that Ext. A was obtained from the workman under duress.

That being so, the position of the workman was temporary, and under paragraph 4(ii) of the award passed in the matter of certain industrial disputes between 90 Printing Presses of Calcutta and Howrah and their workmen published in the "Calcutta Gazette," March 1, 1951, all appointments other than temporary, badli and apprentice, unless specifically mentioned, will be for a probationary period of one year. On the expiry of one year the Company will consider each case for confirmation on the application of the employee concerned, and if found suitable he will be confirmed and made permanent, otherwise he will be discharged or his probationary period may be further extended. The Company has the right to discharge a workman at any time during the probationary period without giving any notice or compensation in lieu of notice. The Company relies on the aforesaid provisions in the award to which it was also a party. Relying on the aforesaid provisions it is contended that on the expiry of one year, the employment of this workman was automatically terminated as he did not apply for confirmation. In this case, the workman has not been able to produce any application for confirmation, though it is stated that he verbally represented to the Director for being made permanent, which, however, is denied by the Director himself.

The Union further contends that under the provisions of section 73 of the Employees' State Insurance Act, the employer is legally not entitled to dismiss, discharge or reduce his wages or otherwise punish an employee during the period the

employee is in receipt of sickness benefit. Admittedly, the employee is an insured worker under the Employees' State Insurance Act, and Ext. 2—the Discharge Certificate shows that he was admitted in the hospital on 18th April 1958 and discharged on 16th May 1958. The learned Advocate for the Company argues that as the instant case is not one of dismissal, discharge or of infliction of any punishment on the workman, section 73 of the Employees State Insurance Act has no application. It is also contended that the workman's employment terminated on 17th April 1958 as he was a purely temporary worker and did not turn up for work after that date, and after that the workman did not send any intimation of his illness to the Company, which was thus in the dark about the workman, and further as this is a case of automatic termination of employment, section 73 of the Employees' State Insurance Act is not applicable. Section 73 of this Act, in my opinion, precludes the employer from dismissing, discharging or otherwise punishing an employee during the period he is in receipt of sickness benefit. This section envisages a case of punishment, but the instant one is not so, and his employment was terminated as it was temporary, and so the provisions of section 73 do not seem to be applicable. If, however, the termination of the employment were founded on misconduct, negligence, inefficiency or other disqualifications which would amount to a punishment, the workman though temporary should have been given reasonable facilities to defend himself, otherwise a stigma would have attached to him and that would have affected his future career. In this particular case, the provisions of paragraph 4(ii) of the aforesaid Press Award are pertinent. As the workman did not apply in writing for being made permanent and as he agreed to work as a temporary hand as evidenced by Ext. A. I think, the Court will not be justified in interfering with the discretion of the Company in not placing him on a permanent footing. To hold otherwise, would be to override the said provisions of the Press Award. The law is well settled that the management will determine the size of the labour force according to its needs and requirements, and Courts cannot interfere with the management function which is purely its discretion.

Thus having carefully weighed the facts and circumstances of the case and regard being had to the aspects of the law involved therein, I hold that the employment of this workman was purely temporary, and the Company cannot be blamed for terminating his temporary employment under the aforesaid provisions of the Press Award.

Regarding the point whether it is an industrial dispute or an individual dispute, I would only observe that this is an industrial dispute as it is espoused by the Press Employees' Association, and there is nothing to dislodge the presumption that the members of the aforesaid Association collectively stand behind this workman, and as such this is an industrial dispute, and the Court is competent to adjudicate upon it.

To sum up, it is held that this is an industrial dispute, and the Company is found justified in

terminating the temporary employment of this workman, and the workman is entitled to no relief.

This is my award.

Issue

- (1) Whether the discharge of Shri R. N. Sarkar is justified? To what relief, if any, is he entitled?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

Issue No. 1: The dispute relates to dismissal of an employee, Shri R. N. Sarkar, who was a Salesman of the Company. The contention of the Union is that Shri Sarkar was an active member of the Union, which was formed in May 1953, and that Shri Sarkar was the Secretary of the Union in 1954-55. Shri Sarkar was appointed a clerk in the Company in November 1946, and that he was appointed a Salesman in May 1955. Shri Sarkar was again elected for the Executive Committee of the Union for the year 1958-59. Shri Sarkar took leave from 13th April 1959 to 26th April 1959 as he was ill. He applied for extension of the leave from 26th April 1959 to 10th May 1959 as he was advised by the Doctor to go for a change to recoup his health. The Company, however, charged Shri Sarkar for having failed to report for duty on the expiry of his leave on 27th April 1959, and discharged him from his service with effect from 28th May 1959. The Union, therefore, contends that the dismissal of Shri Sarkar was contrary to the principles of natural justice and that the employer acted mala fide and that the said employee had been victimised for his trade union activities.

The employer, in its written statement, contends that Shri Sarkar deliberately ignored and flouted the Company's rules, by going on leave without sanction in complete disregard of the consequences, and that the employer took action after a proper enquiry into the charges when full opportunities were given to Shri Sarkar to defend himself. It is further contended that there was no unfair labour practice on the part of the employer and there could not arise any question of victimisation of the said employee for his alleged trade union activities.

There is no controversy on the point that Shri Sarkar was granted leave for 14 days from 13th April 1959 to 26th April 1959. During the period of leave, on the 20th April 1959, Shri Sarkar applied for medical leave for 14 days in extension of the leave which was due to expire on the 26th April 1959. Along with that application he submitted a medical certificate from one Shri P. C. Das Gupta, B.Sc., M.B. Ext. A is the said medical certificate, dated 20th April 1959, wherein it is stated that Shri Sarkar was suffering from septic tonsillitis with gastric trouble and that he was advised to go for a change of air to a better climate for at least three weeks. Shri Sarkar sent the application for extension of leave with the medical certificate through a messenger. He then went away to Bombay by train that very night, for which he purchased necessary ticket with reservation on

the previous date. Shri Sarkar stated that in ordinary course mere filing of application does not ensure granting of leave in cases other than sick leave. On the other hand, the version of Shri Bowmen, Director and Secretary of the Company, is that no leave can be granted until and unless the Management is satisfied regarding the cause behind the prayer for leave. The question, therefore, arises for consideration if Shri Sarkar acted bona fide when he left the Station on the 20th April 1959 and remained absent from the office from the 27th April to 10th May 1959, without receiving any orders concerning his application for leave filed on the 20th April 1959. It requires no argument to elucidate a point that an employee cannot enjoy leave and remained absent from duty without the orders of the employer. There might be cases when an employee suddenly falls so ill that he is not in a position to send any application for leave, and that his condition is such that he cannot attend to his duties at all. In such circumstances it may be said that the employee concerned is compelled to be absent and thus remain on leave. The case of Shri Sarkar is, however, different. It was quite possible for him to undertake a journey from Calcutta to Bombay by train. It further appears from his evidence that from Bombay, where his brother resides, he went to Indore which is the place of residence of his father-in-law, and therefrom he came down to Calcutta on the 10th May 1959. The exact language of the medical certificate is to the following effect:—

"I advise him a change of air to a better climate for at least three weeks with effect from date for restoration of his health".

From such opinion as expressed by the Physician in the medical certificate, it is sought to be made out that Shri Sarkar could not wait any further beyond the date when the doctor so advised him. The opinion of a medical man, who is an expert is entitled to receive best of respect in a Court or Tribunal. But at the same time it is not a conclusive piece of evidence and as a matter of fact the opinion of the expert has got to be assessed in its value with due consideration to the attending circumstances in the light of probabilities and improbabilities of the case. When the Doctor was directly asked in his cross-examination if it could be better or worse for the patient to go for a change after seven days, he could not give any clear answer on the point. Considering the entire circumstances of the case, I am inclined to hold that Shri Sarkar who had already purchased railway tickets for Bombay on the 19th April went on leave from Calcutta all on a sudden on the 20th April when as a matter of fact he could and should have waited to know the fate of his application for leave from the 27th April 1959. It is the fundamental principle guiding relationship of an employer and employee that leave cannot be claimed as a matter of right. This applies equally in cases where leave is due under the rules applicable to the employees concerned. It appears from Ext. 1, a memorandum of settlement, dated 12th June 1958, made by the Conciliation Officer of the Labour Directorate, that there was no fixed rule in the matter of granting sick leave, which stood for consideration on the merits of each case, when application invariably supported by medical certificate were filed. It is contended by the Management that the terms of

settlement which under the law is, of course, binding on the parties had nothing to do with respect to Sales Representatives. It is clear from the recital of paragraph 12 of the statement filed by the Union that the Salesmen joined the Union in or about September 1958. There could not, therefore, arise any question of considering the conditions of the service of the Salesmen, when the agreement was made between the parties before the Conciliation Officer on 12th June 1958. Moreover, it is apparent from the letter, Ext. B, dated 16th December 1958, addressed by the Union to the employer that the Union wanted to bring the service-representatives, i.e., Salesmen within the purview of the last tripartite agreement in the matter of grades (making it Rs. 200—25—500), Dearness Allowance and leave facilities with retrospective effect as per agreement. I would therefore hold that the tripartite agreement had nothing to do with the case of Sales Representatives, to which category Shri Sarkar belonged as a workman.

The position therefore is, that there is no provision regarding leave to be allowed to the Sales Representatives. At the same time there is no controversy on the point that Shri Sarkar had been allowed leave for 14 days from 13th April to 26th April 1959. That leave for such period only had been allowed to Shri Sarkar was known to him on the 1st April though, as a matter of fact, he availed of the leave from the 13th April. Such leave for 14 days, as granted to Shri Sarkar, might be termed as "Privilege Leave". Evidently no medical certificate had been filed by Shri Sarkar before the 20th April 1959. It, however, appears from Ext. 3, a copy of the letter, dated 1st April 1959, written by Shri Sarkar to the Branch Manager, that he wanted 28 days' leave, but was granted 14 days' leave. From that letter it further appears that the applicant wanted to make out that in the opinion of a top-ranking Physician he needed operation of his tonsil. There is, however, nothing to show that such advice had been given by any Physician or by Dr. Das Gupta. Be that as it is, it is crystal clear to me that Shri Sarkar left the station and went away to a far off place—Bombay, just on sending an application for medical leave on a different ground, without waiting for the sanction of the leave by the Management. The result therefore is that he was absent from duty from 27th April to 10th May 1959, without any permission from the Management. From the copy of the letter, Ext. 9, dated 27th April 1959, it appears that Shri Sarkar was not available for a medical examination by the Company's doctor and Shri Sarkar failed to report for duty on the expiry of leave, i.e., on the 27th April 1959. He was suspended till satisfactory explanation had been received from Shri Sarkar. In the letter, dated 1st May 1959, which is made Annexure "C" to the written statement, it appears that a definite charge of not reporting to duty, amounting to gross misconduct had been levelled against Shri Sarkar. It is significant to note the reply to that letter by Shri Sarkar, dated 15th May 1959, it is nowhere suggested that an employee could go on leave on medical ground in the manner done by Shri Sarkar. Apparently, the Management gave opportunity to Shri Sarkar to meet the charges and for adducing evidence (vide Ext. G). Ext. H is the original document showing the purport of the enquiry, which was done in the form of interrogations

covering the necessary points, as done by the Management. The learned Lawyer for the employee pointed out a portion of that enquiry sheet wherein appears a writing as follows:—

“I am fully aware that even after 10 years service Salesmen are not entitled to more than 14th days’ Privilege Leave”.

It is urged by the learned Lawyer that this portion is a subsequent interpolation as type-ink appears in different colour and that there is no gap space above the next question. I cannot place any importance on the same because no opportunity was given to Mr. Bowman to explain the same while he deposed. It is impossible to proceed in a case like this on mere suspicion. Considering the evidence as a whole I do not find any material irregularities in the matter of holding the enquiry as done by the Management before taking final decision as to the disciplinary action against the employee charged. I thus find there is nothing to show that there was want of good faith on the part of the Management when they took steps against Shri Sarkar on account of the charge for misconduct, when he remained absent from duty for long 14 days without any justification. The question, however, arises for consideration if the punishment inflicted upon Shri Sarkar is so harsh or excessive that an inference as to unfair labour practice can be drawn from the same. No doubt, when an employee is discharged or dismissed from service for misconduct or insubordination, it is the maximum of the punishment to which an employee can be subjected to by the employer. But at the same time in cases of dismissal on misconduct, the Tribunal does not act as a Court of Appeal and substitute its own judgment for that of the management. It is called upon to interfere—

- (i) when there is want of good faith,
- (ii) when there is victimisation or unfair labour practice,
- (iii) when the Management has been guilty of a basic error or violation of a principle of natural justice, and
- (iv) when on the materials the finding is completely baseless or perverse.

In fact, the Tribunal does not act like a Court of appeal and rather as a Supervisory body, exercising what would ordinarily be regarded as powers of revision for correction of basic error which goes to the root of the matter and of perverse finding. It is true that any vindictive or capricious action on the part of the Management or a fact that the trouble had been provoked by some action of the Management may be relevant factors for consideration, in determining where interference with the decision of the Management is called for. I have carefully considered how far the extreme step taken by the Management against Shri Sarkar can be connected with his trade union activities. There is no denying the fact that arbitrary conduct or unnecessary harshness on the part of the employer judged by the normal standard of a reasonable man, may be cogent evidence of victimisation or unfair labour practice. In this case it appears that Shri Sarkar was previously the General Secretary of the Union; but at the same time he cut off all connection with the Union from 1st May 1955. According to his evidence he rejoined the Union

in September 1958. Shri Sarkar, it appears, was appointed Salesman in May 1955. It is true that the Management did not agree to give him promotion to the position of the salesman if he retained the connection with the Union. I was at the same time a matter left to the discretion of Shri Sarkar to choose if he would take promotion or that he would retain connection with the Union. He made his own choice to take the promotion to the rank of salesman. There is apparently a good deal of difference in the earnings between a clerk and a Salesman. Shri Sarkar admits that he used to get a consolidated pay of Rs. 200 and his earnings including commission were more than Rs. 1,000 per month. Considering the circumstances of the case, I am not inclined to hold that Shri Sarkar had no such genuine affinity with the Union which could, in his own judgment, act against securing promotion from the employer. I do not think that the punishment inflicted upon Shri Sarkar can be treated as an unfair labour practice on the part of the Management for the trade union activities. According to the evidence as adduced I can at best hold that Shri Sarkar rejoined the Union in the latter part of 1958. It appears from Ext. E(1), a letter, dated 25th February 1958, that Shri Sarkar had been warned by the Management for some act of indiscipline. I am not concerned here to decide whether Shri Sarkar deserved that warning or not. I only take a note of the fact that a warning was given to him at a time when he had no connection with the Union. In order to determine if the severity of the punishment inflicted upon an employee is in any way connected with a vindictive attitude of the employer, the entire circumstance is to be carefully considered. Giving my anxious consideration to the facts and circumstances, I hold that no case of unfair labour practice or victimisation would be made out by the Union. In the result I find no reason to interfere with the decision of the Management and, therefore, the employee (Shri R. N. Sarkar) is not entitled to any relief whatsoever in this case.

This is my award.

The Government of West Bengal, in the Department of Labour, by order No. 1428-I.R./IR/10L-48/59, dated 11th April 1959, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Baldeoram Saligram (P) Ltd., Umbrella Ribs Section, 1 Gopal Ram Pathak Road, Lillooh, Howrah, and their workmen represented by Howrah District Engineering and Metal Workers' Union, 4 Panchkari Mohanto Lane, Salkia, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

SCHEDULE

Whether the dismissal of Shri Amrit Lal Keshram is justified? To what relief, if any, is he entitled?

AWARD

This is a dispute arising out of alleged illegal and unjustified dismissal of Shri Amrit Lal Keshram previously employed in Messrs. Baldeoram Saligram (P) Ltd., Umbrella Ribs Section, 1 Gopal Ram Pathak Road, Lillooh, Howrah, hereinafter referred to as the Company for the sake of brevity.

The Union's case in its written statement in short is that this workman Shri Amrit Lal Keshram has been in the employment of the Company for more than 2 years with a clean record of service, but the Company victimised him because of his alleged antagonistic attitude towards the Company as he became Assistant Secretary to the Union in place of Hari Prosad Singh who was ousted on an open vote. The Company served a notice of dismissal on the workman on 6th December 1958 after a show of enquiry. In the circumstances, the Union seeks reinstatement of the workman together with other ancillary reliefs.

Decision

Several adjournments were given to the Company to put in its written statement, but no written statement was filed by it in this case. On 29th

May 1959 the Company put in a letter purporting to have been signed by the workman wherein he acknowledged the receipt of a sum of Rs. 150 in full and final settlement of his claims against the Company and prayed for a "no dispute" award. The Union being no party to the aforesaid petition challenged its bona fides. Ultimately, however, both parties jointly put in an application stating that the dispute has really been settled out of Court, and the workman gave up all his claims against the Company. The dispute having been thus settled out of Court, a "no dispute" award is passed.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, filed by Shri Bhupendranath Mukherjee, a workman of Bangeswari Cotton Mills Ltd., against the aforesaid company. (Case No. 67 of 1958 under section 33A.)

Present:

Second Labour Court.

For the Company: Shri N. K. Mookerjee,
Advocate.

Government of West Bengal, Labour Department, by their order No. 4100Dis./D/SL-14/56, dated 12th September 1956, referred an industrial dispute between some Cotton Mills including Bangeswari Cotton Mills Ltd., and their workmen to the First Industrial Tribunal for adjudication. On 27th April 1957 Shri Bhupendra Nath Mukherjee who was an employee of Bangeswari Cotton Mills Ltd., filed this complaint under section 33A of the Industrial Disputes Act before that Tribunal. On 15th December 1958 that Tribunal, as authorised by the Government notification No. 1916-L.R./IR/3A-1/58, dated 13th May 1958, transferred this case to the Second Labour Court for disposal.

The case of Shri Bhupendra Nath Mukherjee, who was a piece-rated worker in the Bangeswari Cotton Mills is, in brief, that on 31st August 1956 while on duty he met with an accident and sustained injury on the fore and middle fingers of his right hand, necessitating the amputation of those fingers. He was in a hospital up to 6th October 1956 and later suffered from blood dysentery for more than a month. On 12th November 1956, he went to the mill and saw Shri Haripada Karmakar, who is in-charge of the department in which he used to work, with a fitness certificate issued by the doctor of that hospital. Shri Haripada Karmakar told him that he would not be allowed to resume work unless he agreed in writing to accept a monthly pay of Rs. 50 in place of his earning of Rs. 120 per month. He did not agree to the proposed reduction in his earning and saw the Manager who gave the same reply. He wrote letters to the Manager on 27th July 1956, 9th January 1957 and 16th January 1957 seeking permission to resume work in his former post, but he did not get any reply. Hence he has come with this complaint praying for reinstatement and payment of wages during the period of his forced unemployment with effect from 12th November 1956.

The Company admits that at the relevant time, i.e., on 12th November 1956 an industrial dispute referred to above was pending before the 1st Industrial Tribunal. It however contends that as it did not dismiss or discharge Shri Bhupendra Nath Mukherjee, no permission of the First Industrial Tribunal was necessary.

So the points for determination are—

- (1) Whether the complaint is maintainable;
- (2) Whether the action of the company is justified?

Decision

Point No. 1: Though, technically speaking, the company did not discharge or dismiss Shri Bhupendra Nath Mukherjee, there can be no gain-saying of the fact that the Company proposed to alter the condition of his service to his prejudice. So this case clearly falls under section 33 of the Industrial Disputes Act and as such the Company ought to have taken permission of the First Industrial Tribunal. It is not the case of the company that it prayed for any such permission. So I hold that the complaint is maintainable.

Point No. 2: It is the common case of both parties that the Company offered Shri Bhupendra Nath Mukherjee alternative job which would fetch him a monthly income of about Rs. 50. Though he says in his evidence that his monthly income as a piece-rated worker amounted to Rs. 120, in his case under the Workmen's Compensation Act on account of loss of his fingers he accepted the figure Rs. 93-13 as his monthly earning. In his application in that case he asserted that he had suffered a loss of 40 per cent. of his working capacity. So he is now estopped from saying that he retains his full working capacity. He admits that the fitness certificate issued by the doctor does not say specifically that he is fit for the same job he was doing before. He also admits that the fore and middle fingers lost by him are necessary for working at the Warping machine at which he was working before the accident. So it cannot be held that the Company is legally bound to provide him with the same job which he was doing before. The Company offered him a lighter job, consistent with his reduced capacity for work. It must be held that this is a fair offer. When Shri Bhupendra Nath Mukherjee did not accept that offer, it cannot be said that the Company shot him out from reasonable employment without any valid reason. So I hold that the action of the Company is justified. As such Shri Bhupendra Nath Mukherjee is entitled to no relief.

ANNEXURE

In the matter of an application for interim relief filed by the Bengal Chemical Mazdoor Union, 2 Jogodyan Lane, Calcutta, representing the workmen in connection with the original industrial dispute between Messrs. Bengal Chemical and Pharmaceutical Works Ltd. (Factories at Manicktolla and Panihati), 6 Ganesh Chandra Avenue, Calcutta and their workmen referred to this Tribunal under Government order No. 3914-I.R./IR/111-184/59, dated 12th August 1959, for adjudication.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Interim Award (Order No. 10)

In this dispute between Messrs. Bengal Chemical and Pharmaceutical Works Ltd. and their workmen represented by the Bengal Chemical Mazdoor

Union, one of the issues referred for adjudication is "age of retirement". The present position is that the workmen of the above Company have to retire after completion of 55 years of age, and the demand of the Union on this issue is that the age of retirement should be fixed at 60 years. An application has now been made by the Union praying for an interim award or relief or order directing the Company not to retire workmen reaching 55 years of age and to fix 60 years as the retiring age till the case is disposed of by a final award. It is stated that about 30 workmen are due to retire soon and that unless such a direction is given they will suffer irreparable loss and damage.

The application has been opposed on behalf of the Company and it has been contended that the granting of the prayer would amount to issue of an injunction against the Company which the Tribunal has no jurisdiction to do. It is further contended that an interim relief can only be granted when the workmen are sure of getting such relief by the final award and that the granting of relief asked for would amount to prejudging the issue.

It appears that the Company adopted 55 years as the retiring age in the year 1937. Subsequently, there was an award by Shri S. N. Modak, I. C. S. (Retd.), Chairman, Industrial Tribunal, dated the 24th September 1949, by which a revised set of Standing Orders was prescribed and the Company was directed to adopt the same. Rule 9 of the said Standing Orders provided for retirement of a workman on completion of 55 years of age with the proviso that if any workman applied for extension of service and the Company was of opinion that it would be in its interest to keep him in service, the Company could give him extension of service up to five years by instalments at its discretion. In the year 1954 there was an agreement between the Company and the present Union and clause 3 of the said agreement provided that the age of retirement as mentioned in the Company's Standing Orders should be strictly followed in the case of all employees and that extension, if any, would depend on the Company's discretion. The said agreement also provided that it would remain in operation for three years from its date which was 15th September 1954. One of the objections taken by the Company in its written statement in this case is that the aforesaid agreement has not been terminated by any notice in writing as required by section 19(2) of the Industrial Disputes Act and that it is still binding on the Company and the workmen.

In these circumstances, I do not think that this is a proper case in which an interim relief of the nature sought for can be granted. The relief is sought for in two alternative forms. The first alternative is that the Tribunal should issue an order on the Company to suspend its Standing Order on this point till final adjudication. This is virtually asking for an injunction and I do not think that the Tribunal can or should issue such an order. The other form is that the Tribunal should fix the age of retirement at 60 years pending final adjudication. This means that the Tribunal should prejudge the issue by an interim award which it should not do. An interim relief is available where there is certainty of getting

some relief by the final award. That cannot be said to be the position here. Besides there is an objection that the question of retiring age cannot be considered in view of a previous agreement which is still said to be in operation which will have to be decided in the final adjudication. In these circumstances no question of interim relief can properly arise. It may be that a few employees who are soon due to retire will suffer if ultimately the age of retirement is modified in favour of the employees, but that cannot be helped and that is no reason why the Standing Orders should be suspended or relaxed in their favour until the employees can make out a case for its modification at the final hearing of the dispute. I hold accordingly that the prayer as made cannot be allowed and the application is rejected.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Blue Star Enamelware Co. (Private) Ltd., 34 Stephen House, 4 Dalhousie Square, Calcutta, and their workmen represented by Belur Iron & Steel Workers' Union, 80 Dwangazee Road, Bally, Howrah. (Case No. VIII—30 of 1958.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

For the Company: Shri M. M. Singh, Assistant Labour Adviser, Engineering Association of India.

For the Union: Shri Patit Paban Pathak, President of the Union.

By Government order No. 474-I.R./IR/111-45/58, dated the 8th February 1958, the above dispute was referred under section 10 of the Industrial Disputes Act to the Fifth Industrial Tribunal for adjudication and subsequently by Government order No. 3857-I.R./IR/111-45/59, dated the 8th August 1959, the dispute was withdrawn from the said Tribunal and referred to this Tribunal under section 33B of the Industrial Disputes Act for the purpose of speedy disposal. The case was heard in this Tribunal on the 7th, 8th and 9th December. The Union examined two witnesses and the Company examined one and certain documents produced by the parties were marked as exhibits.

The following three issues were referred for adjudication:—

- (1) Revision of wages and dearness allowance.
- (2) Introduction of grade system and fixation of wages of different categories of workers.
- (3) Introduction of production bonus.

Issues Nos. 1 and 2: The employer Messrs. Blue Star Enamelware Co. (Private) Ltd., which will hereafter be referred to as the Company has got a factory at Belur and is engaged in the manufacture of enamel wares. It employs 160 workers including staff. Its factory is situated in the same premises as that of Messrs. National Iron & Steel Co. Ltd., which is popularly known as NISCO. The Union's case is that though some of the terms and conditions of service of NISCO are followed by this Company, with regard to pay scales and dearness allowance the Company pays to its workers much less than what NISCO pays. The main demand of the Union is that the Company should introduce the same wages and dearness allowance and pay scales as are prevalent in NISCO, according to the award of the Third Major Engineering Industries Tribunal to which NISCO was a party.

The Company's case is that though it started production in 1949 its financial position is still

unstable and that during the last 10 years it mostly sustained losses and made profits only in 4 years. The Company denies that it is in any way connected with the National Iron & Steel Company and pleads that not being an engineering industry it cannot be asked to pay the same wages and dearness allowance as that industry. It also pleads its incapacity to bear any further financial burden.

The Union's demands for introduction of wages, dearness allowance and pay scales and grades awarded by the Third Major Engineering Industries Tribunal are based on the ground that this Company is allied with the National Iron & Steel Co., which was a party to the said award. But the only relationship established in evidence is that there are one or two common Directors in the two companies and that the factories of both are situated within the same premises. A further point about which much was made was that for some years in the beginning the Provident Fund of this Company was administered by NISCO and this Company was then described as a "shop" or department of NISCO. A pamphlet published by Nursing & Co. Ltd., has been produced which contains a page about this Company along with a description of NISCO and some other companies situated in the same premises. Whether this Company and NISCO are under common management or are located in the same premises or are allied in some ways would not, however, be decisive on the question of what wages should be paid by the one or the other. This Company is certainly an independent entity and a separate unit. It has its separate capital and factory and does a different kind of business. It is an enamel industry and has nothing in common with an engineering industry. Its paid up capital is only rupees one lakh, while the paid up capital of NISCO is Rs. 49,96,000 (Ext. 3). It is therefore in no way comparable to NISCO and the pay scales and dearness allowance paid by NISCO cannot be said to be the prevailing rates for this industry simply because it is situated within the same premises as NISCO. It is there only as a lessee. In fact there are five industries belonging to different companies situated in the same compound and the wages and dearness allowance paid by them are different. The demand of the Union for application of the same pay scales and dearness allowance as in NISCO to the present industry cannot therefore be accepted.

It is true that one of the criterions for judging the pay scales of an industry is to take into account the rates prevailing in similar industries in the same locality, but the locality is not the decisive factor. What is decisive is that the industries must do the same kind of business and must be comparable in all respects. Evidence has been given that there is another concern in Calcutta doing the same kind of business, viz., Sur Enamel and Stamping Works which also produces enamel ware and my attention has been drawn to an award regarding the said Company of the Fourth Industrial Tribunal, dated 29th April 1958, and published in the "Calcutta Gazette, Extraordinary", on 29th May 1958. According to that award the minimum wage in that industry was less than Rs. 50 and while only 11 out of its 63 workmen got emolument between

Rs. 55 and Rs. 60 the rest got below Rs. 50 per month. The Tribunal awarded a flat increment of pay to the extent of Rs. 5 per month to everybody and also increased the dearness allowance. The Company has pleaded that the minimum total emolument which an unskilled workman gets in this Company does not suffer by comparison with the minimum wages of Sur Enamel and Stamping Works being about Rs. 56 per month with wages about Rs. 25 and dearness allowance about Rs. 31 at the daily rates of 94 nP. and Rs. 1.19 respectively. It has, however, been contended on behalf of the Union that the minimum pay is inadequate being below Rs. 30 per month and that the dearness allowance should further be increased in view of the rise in the cost of living index. It was also suggested that the workmen of Sur Enamel and Stamping Works get other amenities but this does not appear from the award.

The Company has pleaded its financial incapacity to bear any further burden. It has produced its balance sheets for the last 10 years from 1948-49 to 1957-58 which bear out the Company's statement that it incurred losses during most of these years. It only made profit during 4 years, viz., in 1951-52 when the profit amounted to Rs. 15,029 and thereafter in three consecutive years, viz., 1954-55, 1955-56 and 1956-57 when the profits amounted to Rs. 3,325, Rs. 8,476 and Rs. 5,320 respectively. In all other years it sustained losses varying from Rs. 8,846 to Rs. 22,014 the first figure being the loss for 1957-58. So the Company is not at all in a prosperous or stable condition. The Company's paid up capital is only one lakh and it carries on mostly on overdrafts and borrowings. It suffers from many other difficulties. It does not get sufficient raw materials. The main raw materials required are iron sheets, chemicals and coal. Iron sheets are obtained from Government on quota basis, but the Company does not get quota according to its assessed capacity. It gets much less than even what is recommended by the Director of Industries on the basis of assessed capacity. This is clear from Ext. C. Some of the chemicals have to be imported, but the Company does not get licenses for the full quantities required (Ext. D). The Company has to keep down its selling prices in order to sell in a competitive market. There can be no doubt therefore that the Company's financial position is not yet stable and it has to be carefully considered whether the Company is capable of bearing any further burden in the shape of increase of pay scales and dearness allowance.

In spite of its difficulties, however, the Company grants increments to its workmen from time to time according to their efficiency and last granted such increments in 1956. Since then no increments were granted because of the present dispute and reference to Tribunal, as was stated by the Managing Director of the Company. As I understand from his evidence, the Company is not unwilling to grant any increments where they are necessary. Of course there is objection to introduction of time scales and I do not think that this is an industry where time scales and grades can properly be introduced. It has not been shown that there are time scales and grades in any similar industry. In the case of Sur Enamel and Stamping Works also the demand for introduction

scales and grades was refused. In view of the stable financial position of the Company and its other difficulties as explained above I am satisfied that it would be wholly unable to bear any additional burden in the shape of increased time-scales and grades of pay. I cannot therefore accede to the prayer of the Union for fixation of new time-scales and grades.

The question of fixing the minimum pay categorywise also presents a difficulty. The Managing Director of the Company does not agree that there are any skilled workmen in the factory. The Union filed a list of semi-skilled and skilled categories (Ext. 5) but no evidence was given to substantiate it. From the evidence of the Managing Director it appears that the machines are semi-automatic and very little skill is required to operate them. All that I can do therefore is to divide the categories in two classes only, viz., unskilled and semi-skilled and fix a minimum for the two categories.

In the unskilled category must be placed the mazdoors whose daily rate is 94 nP. and D.A. Rs. 1.19. The sweeper who gets less must also be placed in this category. There are some mazdoors who are getting Re. 1 per day, according to the pay sheet filed by the Company (Ext. E1). Taking everything into consideration I think that the minimum pay of this category should be fixed at Re. 1 per day. I do not think that more than this the Company will be able to bear at present. Taken along with dearness allowance the total would be Rs. 57 which cannot be said to be inadequate for a Company like this.

With regard to the next higher category, viz., helpers, acidmen, coaters, packers, etc., it appears that some of them are getting the same pay as the unskilled mazdoors, i.e., 94 nP. per day, while others are getting Re. 1 or more. The Company does not recognise that they are semi-skilled workmen. The Union has placed some of them in the semi-skilled category and some others in the skilled category (Ext. 5). I cannot accept the Company's contention that they are all unskilled. They have certainly connection with machines and they must therefore have acquired some amount of skill. The Managing Director admitted that a helper required some amount of experience and training. I cannot, however, accept his opinion that an unskilled workman who has acquired such experience for one year should be called semi-skilled and that one with lessor experience would still be considered unskilled. These workmen certainly belong to a higher category than a mere mazdoor or labourer and should be therefore given a higher wage than the latter. I think that their minimum wages should be raised to and fixed at Rs. 30 per month at the rate of Rs. 1.16 nP. per day. Taken along with D.A. their total remuneration would be Rs. 61 which I do not consider to be inadequate for semi-skilled workmen in an industry like this.

As regards the other categories in the Union's statement, Ext. 5, which the Union claims to be skilled, in the face of the evidence of the Managing Director that he does not consider any of the workmen in the factory to belong to the

category of skilled workman and in the absence of any evidence on the side of the Union regarding their skill it is not possible for me to decide which of them should be placed in the skilled category. This must be left to the management and I do not therefore fix any minimum for the skilled category.

The scale of dearness allowance which amounts to Rs. 31 per month is adequate in my opinion and in the present financial position of the Company full neutralisation of the rise in the cost of living index cannot be expected. No change is therefore made in the scale of dearness allowance.

I award accordingly that the minimum pay of the unskilled mazdoors and the sweeper should be raised to Re. 1 per day and that the minimum pay of the others should be raised to Rs. 1.16 nP. per day. Those among the mazdoors who are at present getting Re. 1 per day, as in the Company's pay sheet (Ext. E1), should also get a flat increment of 6 nP. per day. Those among the semi-skilled category who are already getting Rs. 1.16 or more per day will get a flat increment of 10 nP. per day. The monthly-rated workmen who are very few should get a flat increment of Rs. 3 per month. All these increments will be effective from 1st January 1960.

Issue No. 3: There has never been any production bonus in this Company and I have not been referred to any other industry doing similar work which has adopted a production bonus scheme. This is a matter for the management and the Managing Director has explained why a production bonus scheme cannot be introduced in this industry. Every product has got to go through 13 or 14 processes and if the processes are hurried up the quality turned out will be bad. Therefore the production bonus will be of no help either to the management or to the workmen. Besides, when the industry is suffering from inadequacy of raw materials and cannot work according to its full capacity as found above, no question of production bonus really arises. This demand is rejected.

AWARD

By order No. 539-I.R./IR/10L-66/57, dated the 12th February 1958, as amended by order No. 2349-I.R./IR/11L-33/58, dated the 9th June 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Britannia Building & Iron Company Ltd., Stephen House, 4 Dalhousie Square, East, Calcutta, and their workmen including those workmen employed in different work-sites as also in the Central Stores situated at 13 Canal Street, Entally, Calcutta-14, represented by H. W. & Co. Ltd., & B.B. & I. Co. Ltd., Employees' Union, 3 Commercial Buildings (1st floor), Netaji Subhas Road, Calcutta, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947 by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues.

- (1) Grades and scales of pay.
- (2) Dearness allowance.
- (3) Bonus for 1955-56.
- (4) Gratuity.

The reference was received by this Tribunal on 20th February 1958. After usual notices were served upon the parties the Union, namely, H.W. & Co. Ltd., and B.B. & I. Co. Ltd., Employees' Union filed its written statement on 10th March 1958. The Company, namely, Messrs. Britannia Building & Iron Co. Ltd., filed its written statement on 19th April 1958. After pleadings were completed, the reference was set down for hearing on 16th June 1959. On 24th June 1959 there was a hearing on some preliminary objection. Orders were passed on 19th August 1959 against which the Company moved the Hon'ble Supreme Court. Thereafter the date of hearing was fixed on 23rd December 1959. On that date the Company filed a petition raising some preliminary objection with a copy to the Union. That petition was put off today, i.e., 24th December 1959 for orders on for hearing of the reference. At this stage the parties have come to terms and file a joint petition of compromise today with the memorandum of settlement as Annexure A to the joint petition of compromise and pray for an award according to the terms of the compromise as per memorandum of settlement.

I have carefully gone through the petition of compromise as well as the memorandum of settlement (Annexure A to the petition of compromise). The terms of settlement appear to me to be fair and reasonable and in my opinion would ensure industrial harmony between the employer and the employees concerned. I, therefore, give effect to the terms of settlement and make an award in terms of the petition of compromise and the Memorandum of Settlement (Annexure A to the petition of compromise). Both the documents, namely, the petition of compromise and the memorandum of settlement (Annexure A to the petition of compromise) do form a part of my award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri M. C. BANERJEE, District Judge (Retd.),
Judge, First Industrial Tribunal.

The Government of West Bengal, in the Department of Labour, by order No. 3919-I.R./IR/9L-56/58, dated 17th September 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Dooars Tea Company Ltd., Nagrakata, Dooars, West Bengal, and their Central Workshop employees represented by the Dooars Tea Garden Indian Employees' Association, Bagrakote, P.O. Pillanshat, Jalpaiguri, relating to the following issue to this Tribunal for adjudication:—

Issue

Whether the retrenchment of Sarbashree P. C. Sarcar, Kapoor Singh and M. S. Choudhury is justified? To what relief are they entitled?

2. Notices were issued on both the parties, who filed written statements setting forth their respective cases.

3. The pleadings of the parties will be discussed at the time of the discussion of the issue here below.

4. The appearances for the parties were as follows:—

or the Union: Shri Pritinidhan Roy, Pleader, and Shri Biren Bose, Pleader, assisted by Shri Prafulla Tripathy, President, and Shri Biraj Mazumdar, Assistant Secretary.

or the Company: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam and Co., Solicitors.

5. The issue that was raised for the decision of this case is the same as that mentioned in the order of reference, and is as follows:—

Issue

Whether the retrenchment of Sarbashree P. C. Sircar, Kapoor Singh and M. S. Choudhury is justified? To what relief are they entitled?

AWARD

Decisions

Issue No. 1: Whether the retrenchment of Sarbashree P. C. Sircar, Kapoor Singh and M. S. Choudhury is justified? To what relief are they entitled?

6. The Union states in its written statement that Shri P. C. Sircar and Shri Kapoor Singh were working as carpenters in the Central Workshop of the Company at Nagrakata, Dooars, and Shri M. S. Choudhury was working as an Electrician in the said workshop. By letter, dated 28th February 1958, Shri P. C. Sircar and Shri Kapoor Singh were informed by the Company Engineer of the Central Workshop that their services were terminated with effect from 5 p.m. of the same date. The said employees were informed that the termination of their services was caused by the closing down of the Central Workshop, Wood-working Section, and they were offered retrenchment compensation. The order of termination of the services of Shri P. C. Sircar and Shri Kapoor Singh were assailed as mala fide on various grounds, as stated in the written statement, which, it is unnecessary to state here because the claim of reinstatement in respect of Shri P. C. Sircar and Shri Kapoor Singh was not pressed at the time of the hearing of the case.

7. As regards Shri M. S. Choudhury, it is stated in the written statement that he was appointed as an Electrician by the Manager of Bhogotpur Tea Estate in 1949. The Central Workshop was started in 1950. There was another Electrician, Shri C. N. Banerjee, and both of them were given independent duties from the start of Shri M. S. Choudhury's service under the Company. After the formation of the Central Workshop, the work of supervision of Garden Electric Light, etc., devolved on the Central Workshop, and the employee was transferred to the Central Workshop. The Company resorted to the plea of insufficiency of work in supporting its order terminating the service of Shri M. S. Choudhury. If it were a case of retrenchment on the ground of insufficiency of work, the principle of "last come first go" would certainly have been followed. There is in the Central Workshop an Electrician still at work, who was appointed some time in 1955. The Union claims that Shri M. S. Choudhury should be reinstated and allowed pay as if there were no breach in his service.

8. The Company, in its written statement, states as follows. The Company operates a Central Workshop in the Dooars, which is a separate unit and exclusively apart from the tea gardens, and is registered as an engineering factory. The purpose of the Central Workshop is to make and repair machinery parts and to service transport vehicles; it has several sections, one of which is known as the wood working section. As a measure of economy, the Company decided at the beginning of 1958, upon due consideration, to close permanently such wood working section. In consequence of closure as aforesaid, a total of three carpenters in such section became surplus to retirements, and in the absence of alternative employment, they were retrenched, one on the 18th February 1958, and the remaining two, viz., P. C. Sircar and Kapoor Singh, on the 28th February 1958. These two workmen were paid and they accepted their full legal entitlements, including Provident Fund contributions and retrenchment compensation and gave full and final discharge in favour of the Company. There is no industrial dispute to justify adjudication of their cases.

9. Shri M. S. Choudhury is not a Central Workshop employee. He was retrenched on 31st January 1958, at which time, there were two Garden Electricians in the services of the Company, but the work available was barely sufficient even to keep one reasonably busy. Shri M. S. Choudhury was first engaged in 1949, when supply of electricity to the nine gardens of the Company was derived exclusively from battery sets, at a time when there was only one Garden Electrician, who could not cope with the work; the Company accordingly authorised the Manager of the Bhogotpur Tea Estate, being the seniormost Garden Manager, to recruit another Electrician locally, primarily for the purpose of supervising the batteries in the different gardens of Dooars Tea Company Limited. In many of the gardens, batteries have since been replaced by direct generating sets, largely obviating the need for supervision of the kind for which Shri M. S. Choudhury was engaged. There are now only three gardens which have batteries and those afford six days work per month for an Electrician; there is nothing for the man to do on the remaining days of the month. In the aforesaid circumstances the Company could not but conclude that there was insufficient work to warrant Shri M. S. Choudhury's further employment and that he should, therefore, be retrenched on such account. He was accordingly retrenched on the 31st January 1958, and was offered all his legal entitlements. The retrenchment of Shri M. S. Choudhury has been effected bona fide and with good and valid reason and he is not entitled to any relief in these proceedings. It is further stated that Shri M. S. Choudhury was an employee of the Company and not of any particular Tea Estate, although at the time of first engagement, he was under the control of the Manager of the Bhogotpur Tea Estate, and on the setting up of the Company's Central Workshop, for the sake of administrative convenience, was under the control of the Company's Engineer. Of the two Electricians, he was junior in rank and time, and was accordingly discharged on the principle of "last come first go". Reference has been made to another Electrician, who has been working in the Central Workshop. Such reference is wholly irrelevant, as the

said workman, whose work is of a wholly different kind, is a full time employee of the Central Workshop and is on its rolls. He belongs to a separate unit and to a different category and is more experienced in his line than Shri M. S. Choudhury. The allegations of victimisation or unfair labour practice are unfounded.

10. Evidence was adduced by both the parties in support of their claims. P.W. 1 Shri Madhusudan Choudhury (Shri M. S. Choudhury), the retrenched Electrician, deposed for the Union. Documents, Ext. 1 to Ext. 10, were proved for the Union. O.P.W. 1 Mr. A. L. Davies, the Company Engineer, was examined for the Company, and documents, Ext. A to Ext. H were marked for the Company.

11. The learned Pleader for the Union stated before me at the outset that they did not press the case of Union for Shri P. C. Sircar and Shri Kapoor Singh. It, however, appears from the evidence on record that Shri P. C. Sircar and Shri Kapoor Singh were two carpenters in the Wood-working Section of the Central Workshop. There were originally three carpenters in the Wood-working Section. As the section was closed, all the three carpenters were retrenched in February 1958. Shri P. C. Sircar and Shri Kapoor Singh were two of these three carpenters. Ext. F is the notice of retrenchment for these two carpenters. Ext. G is the letter from Mr. Davies, to the Regional Labour Officer, Jalpaiguri, stating that the closing down of the Central Workshop Carpentry Section forms part of a scheme of re-organisation with the Company, and is entirely unconnected with the Union affiliations or activities of any employee who might be affected by the results of the re-organisation. It is also stated that it is not proposed to re-open the section in the future. The evidence of O.P.W. 1 Mr. Davies also shows that Shri P. C. Sircar and Shri Kapoor were retrenched in February 1958 and that, they accepted all payments in full satisfaction of their dues including provident fund accumulations. It is awarded that the retrenchment of Shri P. C. Sircar and Shri Kapoor Singh was justified, and they are not entitled to any relief in these proceedings.

12. As regards Shri M. S. Choudhury, it appears that he was appointed as an Electrician by Mr. Grant on behalf of the Dooars Tea Co. Ltd. on 24th February 1949. Ext. 10 is a copy of that appointment letter. It appears from the evidence of O.P.W. 1 that Mr. Grant was the Senior Manager of the Dooars Tea Co. and he was asked by the Company to make the appointment. Mr. Davies was also at Bhogotpur at the time to watch the appointment. P.W. 1 Shri M. S. Choudhury says that his duties were as follows:

- (1) to charge battery sets, and
- (2) to make wirings of the bungalows and factories of five gardens, viz., Bamandanga, Tandur, Indong, Gathia and Grassmore.

He also looked after the I.T.A. bungalows at Nagrakata. He was transferred to the Central Workshop on 1st January 1950, which was opened on that date. The Central Workshop is situated at Bhogotpur Tea Estate. Shri Choudhury states that after being posted at Central Workshop, he used to do his old duties, as also the installation of the wiring system of the Central Workshop. After

every 14 days, he used to go to each garden and charge the battery sets there, which required constant work for 6 to 9 hours at a time. Battery sets were replaced by generating sets in 1958. When he was discharged in 1958, battery sets were still in existence in Gathia, Grassmore and the I.T.A. bungalows at Nagrakata. Tandur and Bamandanga were sold away in 1957, and there are battery sets there even now. Indong had its battery sets replaced in 1957. Ext. 2, dated 31st October 1955, is an instruction by the Company for re-wiring of Bhogotpur factory. Shri Choudhury states that his work increased on account of the replacement of the battery sets by generating sets. Battery sets were charged in every garden from generating sets previously, and in some of the gardens where the battery sets have been replaced, the current is directly supplied by the generating sets. Shri Choudhury says that his work has not been minimised on account of the change. In the Central Workshop, he used to do the work of re-wiring of electric installations and motor cars, and he had also to do the work of binding of armatures in vehicles. He was given a charge-sheet in respect of his work at the Central Workshop. These are Exts. 7 and 8. It appears from the evidence of O.P.W. 1 Mr. Davies that Shri Choudhury's salary was debited to the various gardens and this appears from Exts. A and A(1). The witness states that Shri Choudhury was appointed to relieve Shri C. N. Banerjee, the other Electrician, because he had too much to do and Shri Choudhury was taken to help Shri C. N. Banerjee in the work of charging batteries of the Dooars Tea Co. The Dooars Tea Company had nine gardens at that time, and Shri Choudhury was in charge of five Gardens. Electricity was supplied by batteries charged by generating sets. There were ten batteries and ten generating sets for all the nine gardens. Charging batteries was the principal job of Shri Choudhury. He had also to do the repairs to the electric motors, as for example, fans. This extra jobs accounted for not more than 5 per cent. of his total duties. Mr. Davies was transferred to Bhogotpur Central Workshop as Engineer-in-charge, and the two Electricians were also transferred to the Central Workshop on the opening of the same, and they were placed at his disposal, and he had control over their activity. Mr. Davies charge-sheeted Shri M. S. Choudhury on one occasion, as he refused to obey a reasonable order, when he was ordered to repair a part of the electrical system of a motor vehicle. Ext. 8 is the charge-sheet, dated 24th August 1955, and Ext. 6 is the reply to the charge-sheet by Shri Choudhury. Shri Choudhury states in his explanation that he was not prepared to do the job of work on vehicles, as it requires the services of an Automobile Electrician, which Shri Choudhury was not. Mr. Davies states that as Shri Choudhury stated that he was not prepared to do the job, he put Electrician Shri Choudhury to his original job of charging batteries, and he did not take any action. Ext. 7 is the final order of Mr. Davies, which shows that he took a lenient view of the misconduct and gave a severe warning. Mr. Davies says that he felt obliged to transfer Shri Choudhury back to his original work. The witness states that when he put Shri Choudhury on this job of wiring vehicles, etc., he did not know anything about it, but as the witness thought that Shri Choudhury had the mental capacity to learn the job, he put him on it

on an experimental basis, which Shri Choudhury did for three years, and then refused to do it. Mr. Davies then transferred him back to his original work and appointed another man in his place exclusively in the Central Workshop as an Automobile Electrician. He is Mr. Morris. Mr. Morris was on the pay rolls of the Central Workshop and was a full-time employee of the Central Workshop, and he is paid from that place. It appears that Shri Choudhury was also made to do the work of Automobile Electrician parttime between 1952 and 1955. On 24th August 1955 Shri Choudhury refused to do the work of doing some repairs in a car of the Manager of Bhogotpore Tea Estate and was given a charge-sheet, which is Ext. 8. Ext. 6 is the reply to this charge-sheet, where he states that it is a separate job, for which he was not appointed and it is the job of an Automobile Electrician and this could not be forced on him in law. After this, he was fully employed for the work of looking after the battery sets as before, and Mr. Morris was appointed as the Automobile Electrician. The evidence of Shri Choudhury is that Tundoo and Bamandanga were sold away in 1957. At the time of retrenchment of Shri Choudhury, the Company had six gardens, including one garden amalgamated to Bhogotpore. Exts. B and B(1) show a comparative statement of the work required of the Electricians in 1956 and 1957, in connection with the batteries and generators. This is a statement made by Mr. Davies himself. Ext. B(1) shows that before 1957, there were nine factories, one hospital and 33 wired quarters and in 1957, there were five factories, one hospital and 68 wired quarters in the Company. Bungalows were 21 in 1958 and 25 in 1956. Ext. B shows that in 1956, with ten batteries and 10 generating sets in nine gardens, the work required of the Electricians was full work for 15 days and odd in a fortnight of 12 days. In 1957 and 1958 with the three batteries and eight generating sets in gardens, the Electricians had sufficient work in a fortnight of 12 days only for four days and 15 minutes. It also states that the work has since been further reduced. The evidence of Shri Choudhury is that when the gardens were supplied from the battery sets, the battery sets had to be charged from generators and this charging in each garden required constant duty for 6 to 9 hours at a time every fortnight. He states that till 1952, he continued to work in the five gardens as before, but since 1952 and up to 1955, he worked mainly in the factory of the Central Workshop and was also deputed to the gardens during this period, either during the absence of Shri C. N. Banerjee or even when he was working. When Choudhury worked in the Central Workshop, he used to attend to the electrical wiring of the vehicles. He admits that he informed the Company that attending to wiring of vehicles was not his duty and that, it was the duty of an Automobile Electrician and that, he would not do this work in future. He states that he made the statement in Ext. 6 and after this, he was sent to do garden work as before, and Mr. Morris was appointed. After Mr. Morris came, automobile electrical work was done by him, and Shri Choudhury was not asked to do that work. Shri Choudhury admits that battery sets were charged to supply electricity to the gardens and these were charged from generating sets, and after the elimination of the battery sets, electricity was supplied directly from the generating sets, which need not be charged.

ed. It, therefore, appears that supersession of battery sets by generating sets in the supply of electricity to gardens minimised the work of Shri Choudhury, as he had not to do the work of charging the batteries where there were no batteries and charging of batteries was his principal job. His statement that supersession of batteries did not reduce his work is unworthy of acceptance. He admits that after he was retrenched, Shri Banerjee alone worked in the gardens and no Electrician has been recruited in his place after his retrenchment. He also admits that Shri C. N. Banerjee is senior to him in service. It is, therefore, clear from what has been discussed above that owing to the supersession of the battery sets and the loss of some Gardens to the Company, the work of the Electricians was reduced considerably and one of the Electricians became surplus to the requirements of the Company. The retrenchment of one Electrician was, therefore, necessary. The question was raised that if at all retrenchment was to be made in respect of one Electrician, the person to be selected for this purpose should have been Mr. Morris and not Shri M. S. Choudhury. It is clear that Mr. Morris was an Automobile Electrician doing exclusively electrical repairs, etc. in motor vehicles, which was not done by Shri M. S. Choudhury. Shri M. S. Choudhury was a General Electrician. He was appointed as such in 1949. He was put on the duties of an Automobile Electrician in 1952, and did this work from 1952 to 1955. In 1955 August, he refused to do some work, for which a charge-sheet was given to him, and in reply to the charge-sheet, he said that he was not bound to do the job, as it was not his job but the job of an Automobile Electrician. The Company, therefore, appointed Mr. Morris, and reverted Shri Choudhury to his old work as General Electrician in the gardens to charge battery sets, etc. Exts. A and A(1) show that Shri Choudhury's salary and allowances were debited to the various gardens and this method of payment continued all through his service. Ext. A is the attendance roll for the month of March 1949, and Ext. A(1) is the Central Workshop establishment attendance and pay roll for the month of January 1958. Both these papers show that Shri Choudhury's emoluments were debited to the gardens and not to the Central Workshop. It is also clear that Mr. Morris did not do the work of the type that Shri Choudhury was doing, and Shri Choudhury himself refused to do the work for which Mr. Morris was appointed. It cannot now be stated that Shri Choudhury should be placed in the job of Mr. Morris and Mr. Morris was to be retrenched. It is also clear that Mr. Morris belongs to a separate Unit of the Dooars Tea Co., being the Central Workshop, whereas Shri C. N. Banerjee and Shri M. S. Choudhury were attached to the Dooars Tea Co., and served all the gardens under that Company, including the Central Workshop. In these circumstances, I do not find that the plea of the Union that Mr. Morris and the two Electricians were employees of the same category and Mr. Morris should have been retrenched in place of Shri Choudhury is worthy of acceptance. I find that Mr. Morris belongs to a different category of workman than the two Electricians, amongst whom latter Shri Choudhury is the junior employee. As one Electrician has become surplus to the Company's requirements, the retrenchment of Shri M. S. Choudhury is justified in the circumstances.

Ext. E is the letter from the Dooars Tea Co. to the Company Engineer, Mr. Davies, directing him to retrench Shri M. S. Choudhury with effect from the end of February, 1958. The step of retrenchment of Shri M. S. Choudhury was taken by the Company Engineer, Mr. Davies, in accordance with this direction. It was contended by the learned Pleaders for the Union that Mr. Davies was not competent to discharge Shri M. S. Choudhury, as he was appointed by the Manager Bhogotpore Tea Estate. There is evidence to show that although Mr. Grant, Manager, Bhogotpore Tea Estate, appointed Shri Choudhury in 1949, he did so under directions from the Dooars Tea Co. as the Senior Manager. On 1st January 1950, when the Central Workshop was started, Shri Choudhury was transferred to the Central Workshop under the administrative control of the Company Engineer of the Central Workshop. It is admitted by Shri Choudhury in his evidence that Mr. Davies used to grant him leave and also gave him charge-sheet. Ext. 8. As he was attached to the administrative charge of the Central Workshop under the Standing Orders, Ext. H, for the Central Workshop, the Company Engineer, Mr. Davies, was his administrative head, and he was the only person competent to issue the order of retrenchment of Shri Choudhury. The plea that Mr. Davies was not competent to terminate the services of Shri M. S. Choudhury is, therefore, unworthy of support.

13. It was also raised by the learned Pleader for the Union that Shri Choudhury was really dismissed for misconduct and his services were terminated without a charge-sheet. It does not appear from the pleadings or the evidence on record that Choudhury's services were terminated for any misconduct, or that a charge-sheet for such termination was necessary in any case. This contention is unworthy of support. It appears from the evidence on record that the retrenchment notice was issued for the termination of the services of Shri Choudhury. This notice is Ext. D. Ext. 1 is the order of retrenchment of Shri Choudhury dated 31st January 1958, and Ext. 9 is the statement, showing the total retrenchment compensation to which Shri Choudhury was entitled. Ext. 1 shows that this statement was given by the Company with the letter of retrenchment, Ext. 1. It was not shown that what was offered to the retrenched workman, Shri Choudhury, in Ext. 9 was in any way improper. I do not also find that the offer in Ext. 9 was insufficient in accordance with the law.

14. It was argued at the time of the hearing of the case that the Company retrenched Shri Choudhury by way of victimisation and unfair labour practice on account of his trade union activities. Shri Choudhury states in his evidence that Mr. Davies was satisfied with his work but still as he was for some time the Secretary of the Union, he was dissatisfied with him. He represented some grievances of the workers to the Employees' Association, which resulted in a Tribunal proceeding. He is sure that Mr. Davies was dissatisfied with him for that reason. In cross-examination, Shri Choudhury states that he has not filed any paper to show that he worked as the Secretary of the Employees' Association. He admits that he never approached Mr. Davies or the Manager in respect of any demand or grievance of the workmen. He also did not address any letter to any authority

regarding the grievances of the workmen. He states that he sent letters to the General Secretary of the Union about the grievances of the workers, but no copies of such letters have been filed in this case. Mr. Davies stated in evidence that to his knowledge, Shri Choudhury was not a trade union worker and he never bore any grudge against him on any account. Mr. Davies also stated in his cross-examination that before the retrenchment of Shri Choudhury, he called Shri Choudhury to his office and told him the position of lack of work and offered to help him and assured Shri Choudhury that he would try his best to find out an alternative employment for him. Mr. Davies also stated that Shri Choudhury's discharge is not a case of dismissal for misconduct, but it is a case of retrenchment for lack of work. The evidence on record, therefore, does not justify the plea that the termination of services of Shri M. S. Choudhury, Electrician, was made by the Company by way of victimisation or unfair labour practice.

15. In the circumstances of the case and the evidence on record, it is awarded that the retrenchment of Shri M. S. Choudhury is justified and that he is not entitled to any relief in these proceedings.

16. This issue is accordingly answered.

M. C. BANERJEE,

Judge, First Industrial Tribunal.

The 23rd December 1959.

By order of the Governor,

- a the matter of a petition under section 33 of the Industrial Disputes Act filed by the above Company seeking approval of the dismissal of the above Shri Biswanath Singh, arising out of the original dispute referred to this Court under Government order No. 3960-I.R./IR/7L-8/57, dated 18th September 1958. (Case No. 19 of 1959 under section 33A, Case No. 48 of 1959 under section 33A and Case No. 19 of 1959 under section 33.)

BEFORE THE SECOND LABOUR COURT,
WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer,
Second Labour Court.

Appearances:

For the workman: Shri N. R. Roy, Advocate,
assisted by Shri Kanailal Das, Secretary of
the Employees' Union.

For the Company: Shri S. C. Sen, Advocate.

On 6th March 1959 Shri Biswanath Singh filed a complaint to this Court alleging that Messrs. Courepore Company Limited had dismissed him by a letter, dated 27th February 1959, wrongfully and in violation of the provisions of section 33(2) of the Industrial Disputes Act. On 12th March 1959 the Company filed a petition under section 33(2) of the Industrial Disputes Act praying for approval of the dismissal of the above Shri Biswanath Singh. On 27th August 1959 Shri Biswanath Singh filed another complaint under section 33A of the Industrial Disputes Act praying that the Company might be directed not to remove him from his residence in the Company's barrack until the publication of the award in respect of his former complaint under section 33A of the Industrial Disputes Act. The same evidence was adduced in respect of all the above three cases. So all the above three cases are being disposed of by the present award. As the later complaint of Shri Biswanath Singh received on 27th August 1959 relates to a matter which is a consequent event of his dismissal, I shall deal with the later complaint towards the end of my award. I, however, take up his earlier complaint under section 33A and the petition of the Company under section 33 together.

As regards the complaint of Shri Biswanath Singh under section 33A of the Industrial Disputes Act filed on 6th March 1959, his case, in brief, is as follows:—

He and the Company are parties to an industrial dispute referred to the Second Labour Court by the Government of West Bengal by their order No. 3960-I.R./IR/7L-8/58, dated 18th September

1958. The Company dismissed him wrongfully. Further the Company did not fulfil any of the conditions mentioned in section 33(2) of the Industrial Disputes Act before dismissing him.

The Company, on the other hand, contends that Shri Biswanath Singh was found guilty of a gross misconduct after a proper enquiry and that he was accordingly dismissed. It also contends that there has been no contravention of the provisions of section 33(2) of the Industrial Disputes Act, and as such the complaint under section 33A of the Industrial Disputes Act is not maintainable.

So the points for determination are—

- (i) Whether the complaint under section 33A of the Industrial Disputes Act is maintainable;
- (ii) Whether the dismissal of Shri Biswanath Singh is justified?

Point No. 1: The first contention of the learned Lawyer appearing for the Company is that Shri Biswanath Singh is not a workman concerned in the dispute referred to this Court by the Government of West Bengal, on the ground that that dispute relates to the dismissal of two durwans, viz., Shri Jharkhanday Singh and Shri Dhrupath Singh, and Shri Biswanath Singh cannot be said to be concerned in that dispute. In support of his contention he has cited a decision of the Bombay High Court, reported at page 573 of Labour Law Journal, 1958, Volume 11. The learned Lawyer for Shri Biswanath Singh however contends that Shri Biswanath Singh is concerned in the above dispute. In support of his contention he has relied on a decision of the Madras High Court reported at page 622 of the Labour Law Journal, 1959, Volume 11. He has also argued that the Company is estopped from saying that Shri Biswanath Singh is not concerned in the dispute, because in the first paragraph of its petition under section 33 it has stated that Shri Biswanath Singh is a workman concerned in the dispute. In reply, the learned Lawyer for the Company has argued that the Company has stated so, as it was not sure of the legal position and as such this statement cannot be a reason for estoppel. I agree with the learned Lawyer for the Company in his contention, on the ground that estoppel relates to an admission of fact and can have no application to a statement of law, made by a party. So I hold that the Company is not estopped in raising the contention that Shri Biswanath Singh is not concerned in the dispute. I now come to the question whether Shri Biswanath Singh should be treated as a workman concerned in the dispute. On this point I have before me two interpretations, one of the Madras High Court and the other of the Bombay High Court. In the case decided by the Madras High Court relied on by the learned Lawyer for Shri Biswanath Singh their Lordships have held that though a workman may not be directly concerned in the dismissal of another workman, he becomes indirectly concerned in that, since the dismissal of the other workman has been taken up by all the employees including the workman in question, he may be victimised by the management on that ground. With all respect to their Lordships I am unable to accept their interpretation. The dismissal of any workman

must have to be taken up by the workmen in general, so that it may turn into an industrial dispute. If the above interpretation is accepted, it comes to this that all workmen in an establishment in which a workman is employed become concerned in the dispute relating to dismissal of that workman. If that was the intention of the Legislature, it could have stated straightaway that whenever an employer becomes involved in an industrial dispute, he should not discharge or dismiss any of his employees without complying with the proviso of section 33(2) of the Industrial Disputes Act, in that case it would not have been necessary for the Legislature to introduce the elaborate wording mentioned in section 33(2). As the Legislature has not done so, it must be held, as has been held by the Bombay High Court, that the word "concerned" under section 33(2) must be taken to be equivalent to "directly concerned". It is true that a workman is indirectly concerned in the dismissal of another workman, in that he may be interested in the result of the dispute arising from the dismissal or the dispute may have indirect repercussion upon him in the way mentioned by their Lordships of the Madras High Court in their decision mentioned earlier. But such a workman cannot be called to be concerned in that dispute. The true test as to whether a workman is concerned in a dispute is whether he is affected by the award in that dispute. In the instant case it is obvious that the decision in the dispute relating to the dismissal of Shri Jharkhandey Singh and Shri Dhruopath Singh cannot be binding on Shri Biswanath Singh. So I hold that Shri Biswanath Singh is not concerned in the dispute in question.

I now come to the question whether, on the assumption that Shri Biswanath Singh is concerned in the dispute, the conditions mentioned in proviso to section 33(2) have been fulfilled by the Company. The Company says that it has offered one month's wages to Shri Biswanath Singh. This has not been challenged by Shri Biswanath Singh, nor has it been contended by his lawyer that this is not a sufficient compliance with the first condition mentioned in the proviso. The bone of contention relates to the second condition, i.e., whether an application for approval of dismissal has been properly made. It is on evidence that such an application was made soon after his dismissal. The learned Lawyer on behalf of Shri Biswanath Singh contends that the Company ought not to have affected the dismissal before filing of the application before this Court. In support of his contention the learned Lawyer has referred me to an award of the Third Industrial Tribunal, West Bengal, published at page 268 of the "Calcutta Gazette" of January 15, 1959. The learned Lawyer on behalf of the Company, on the other hand, has contended that prior filing of application is not necessary. In support of his contention he has referred me to an award of the Fourth Industrial Tribunal, West Bengal, published at page 247 of the "Calcutta Gazette" of January 15, 1959. The Third Industrial Tribunal has held that a concerned workman can be discharged or dismissed only after the application has been made. He has laid emphasis on the words "unless" and "has been" in the proviso to section 33(2); but he has not considered the word "taken" appearing after the

word "action" in the above proviso. If the interpretation of the Third Industrial Tribunal is correct, one would expect the words "to be" appear between the words "action" and "taken" and the word "unless" to be replaced by the word "until". Further on that interpretation there would be no difference between the significance of section 33(1) and that of section 33(2). So I agree with the view of the Fourth Industrial Tribunal and I hold that all that the proviso to section 33(2) requires is that the employer should make an application soon after the dismissal. In the present case there has not been a great delay in filing the application mentioned in the proviso to section 33(2). So I hold that in the present case there has been no contravention of the proviso to section 33(2) of the Industrial Disputes Act. As such I hold that the complaint under section 33 filed on 6th March 1959 is not maintainable.

Point No. 2: The Company issued charge-sheet to Shri Biswanath Singh and obtained his explanations. Enquiries were duly held and on the basis of the finding of those enquiries he was dismissed. No question of victimisation, unfair labour practice or basic error arises in this case. Only two objections have been raised by the learned Lawyer on behalf of Shri Biswanath Singh. The first objection is that though the order of dismissal dated 27th February 1959, Shri Biswanath Singh was dismissed with effect from 13th February 1959 and that so this order is void. In support of this objection the learned Lawyer for Shri Biswanath Singh has referred me to a decision of Hon'ble Mr. Justice Sinha reported at page 690 of 62 C.W.N. Therein His Lordship has held that an order of discharge cannot be made with retrospective effect. But that is an obiter dictum. Further, His Lordship did not hold the discharge to be void on the ground. As against this, the learned Lawyer on behalf of the Company has referred me to a decision reported at page 223 of Labour Law Journal, 1957 Volume I, wherein it has been held that dismissal in such a case should be taken to take effect on the date of the order of dismissal. So in the present case the order of dismissal is not void. It will be effective from 27th February 1959, the date of the order of dismissal. The second objection raised by the learned Lawyer on behalf of Shri Biswanath Singh is that Shri G. C. Nandy, O.P.W. 1, who held both the enquiries, pre-judged himself about the subject matter of the second enquiry, as would appear from his report about his first enquiry. I find on a perusal of the two reports that this objection is well founded. This would not however make the finding ineffective. This gives me jurisdiction to decide the propriety or otherwise of the finding on the basis of evidence adduced before me. On a perusal of the evidence adduced before me I have no hesitation in holding that Shri Biswanath Singh is guilty of the charges mentioned in the charge-sheets issued against him. So I hold that his dismissal is justified. This disposes of the complaint of Shri Biswanath Singh under section 33 of the Industrial Disputes Act filed on 6th March 1959. In view of my above finding I at once approve of the action of the Company in dismissing Shri Biswanath Singh. This disposes of the application under section 33(2) of the Industrial Disputes Act filed by the Company.

As regards the complaint of Shri Biswanath Singh under section 33A of the Industrial Disputes Act filed on 27th August 1959, it appears from evidence that on 24th August 1959 he was not allowed to enter into the Company's quarter which he had been occupying so long. As I have held that the action of the Company in dismissing him is justified, he has no right to occupy the Company's quarter which he was occupying by virtue of his employment in the Company. So I hold that the Company is justified in not allowing him to enter into the Company's quarter which he was occupying. This disposes of the complaint under section 33A of the Industrial Disputes Act filed by Shri Biswanath Singh on 27th August 1959.

Government of West Bengal, Labour Department, by their order No. 3960-I.R./IR/7L-8/57, dated Calcutta, the 18th September 1958, referred an industrial dispute between the Gourepore Co., Ltd., and their workmen represented by National Union of Jute Workers to the Second Labour Court regarding the matter specified in the issue for adjudication.

Issue

Whether the dismissal of Shri Jharkhandey Singh and Shri Dhrupath Singh is justified?
To what relief and/or compensation are they entitled?

The facts of the case, in brief, are as follows:—

The Gourepore Co., Ltd. has a jetty on the river Hooghly attached to its jute mill. The jetty is connected with the bank by means of a pontoon bridge supported by four pontoons. A little after 9 a.m. on 13th March 1958, it was detected that an iron chain holding the fourth pontoon nearest to the jetty to the ground had been stolen. An enquiry about the theft was held and it was inferred that the theft must have taken place between 1 a.m. and 5 a.m. Shri Dhrupath Singh, and Shri Jharkhandey Singh, the workmen in question, were durwans of the Company. On 13th March 1958 Shri Dhrupath Singh was on duty at the gate near the pontoon bridge from 1 a.m. to 5 a.m. and Shri Jharkhandey Singh was on duty at the same gate from 5 a.m. to 9 a.m. on that date. The Company issued charge-sheets to them over the theft of the chain and they submitted explanations to the charge-sheets. An enquiry was held on 1st April 1958 and in accordance with the finding of that enquiry they were dismissed by letters, dated 11th April 1958.

The case of the Company, in brief, is as follows:—

It is a part of the duty of the Durwan posted at the gate near the pontoon bridge to watch the pontoon bridge and jetty which are the properties of the Company. Shri Narsingh Singh, a durwan, was on duty at that gate from 9 p.m. on 12th March 1958 to 1 a.m. on 13th March 1958. He found all the chains in tact. At 1 a.m. he handed over duty to Shri Dhrupath Singh and asked him to go to the jetty and check the chains and other properties. According to Shri Narsingh Singh the chains were in tact up to 1 a.m. Shri Dhrupath Singh did not keep watch over the pontoon bridge and the jetty during the hours of his duty, viz., 1 a.m. to 5 a.m. He was relieved at 5 a.m. by Shri Jharkhandey Singh who did not check the properties at the pontoon bridge and the jetty at the time he took over charge or did not keep watch over those properties during the hours of his duty, viz., 5 a.m. to 9 a.m. The Company contends that if Shri Dhrupath Singh had watched the pontoon bridge and the jetty, as was his duty, the theft could not have taken place, and if Shri Jharkhandey Singh had checked up the properties at 5 a.m. when he took over charge, the theft could have been detected then and not four hours later. Accordingly the Company issued charge-sheets to them for wilful disobedience of the standing instructions about watching and guarding the properties of the Company within the area under their charge. A proper enquiry was held and they were found guilty of the charge against

them on the basis of evidence adduced at the enquiry. So the Company dismissed them.

The Union, on the other hand, contends that it is not the duty of the durwan posted at the gate to watch the pontoon bridge and the jetty. It holds that proper enquiry was not held, and as such the dismissal is unjustified.

Decision

So the main point for consideration is whether it is a part of the duty of the durwan posted at the gate to watch the pontoon bridge and the jetty.

At the domestic enquiry evidence was led to the effect that it is a part of the duty of the durwan to watch those properties. Though before me the case of the Union is that it is not a part of the duty of the durwan to watch the pontoon bridge and jetty, at the domestic enquiry Shri Jharkhandey Singh admitted that he was advised that while on duty at the gate he should look after the bridge and the jetty. Before me he denies to have made any such statement at the domestic enquiry. But O.P.W. 2 Shri G. C. Nandy who held the enquiry says that he recorded properly what Shri Jharkhandey Singh stated at the enquiry. In the circumstances I would be justified in accepting the statement of Shri G. C. Nandy to be true. In holding so I have the authority of a ruling of the Hon'ble Supreme Court of India in the case of Union of India versus T. R. Varma, reported at page 237, Indian Factories Journal, Volume XIII. So I hold that the contention of Shri Jharkhandey Singh before me that it was not a part of his duty to watch pontoon bridge and the jetty is an after-thought. Shri Dhurpath of course had stated in the domestic enquiry that watching of the pontoon bridge and the jetty was not a part of his duty; but if this were so, Shri Jharkhandey Singh would have made the same statement at the domestic enquiry; but he did not do so. Disinterested witnesses had stated at the domestic enquiry that the duty of the durwan includes watching of the pontoon bridge and the jetty. There is no reason to disbelieve those witnesses. Of course, the Company has not been able to show any written order stating that the duty of the durwan includes watching the pontoon bridge and the jetty. This fact would be important, if I were sitting on appeal in a criminal case and had to consider whether I should give a benefit of doubt. But here I am concerned with the consideration whether the view taken by the Enquiring Officer was a possible view on the basis of the evidence adduced before him. As to that, I have no doubt in holding that the Enquiring Officer was justified on the basis of evidence adduced before him to come to conclusion that it was a part of the duty of the durwan posted at the gate in question to watch the pontoon bridge and the jetty. There is overwhelming evidence to show that Shri Dhurpath and Shri Jharkhandey Singh did not watch the pontoon bridge and the jetty during the hours of their duties. As a matter of fact, at no stage have they contended that they did so. In view of the above considerations I hold that the dismissal of Shri Jharkhandey Singh and

Shri Dhurpath Singh is justified, as such they are not entitled to any relief.

In the matter of an industrial dispute existing between Messrs. Crown Aluminium Works, 31 Netaji Subhas Road, Calcutta-1, and their workmen represented by Bengal Aluminium Workers' Union, 84 Lala Babu Shire Road, Belur, Howrah. (Case No. VIII-121/59.)

An industrial dispute in respect of the following issue between Messrs. Crown Aluminium Works (hereinafter referred to as the Company), 31 Netaji Subhas Road, Calcutta-1, and their workmen represented by Bengal Aluminium Workers' Union, 84 Lala Babu Shire Road, Belur, Howrah, was referred to this Tribunal for adjudication, by

the Government of West Bengal, Labour Department order No. 3052-I.R./IR/10L-110/59, dated the 10th July 1959.

Issue

Gratuity.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

Issue No. 1: The Union in its written statement, filed on behalf of the workmen, stated that the present Managing Director of the concern, Shri H. K. Shah, persuaded the Canadian people to sell the Company, which was registered in the year 1929 and started "private limited" company in 1951. Though the Company is in existence since 1929, there was no system of allowing any sort of retiring benefit to the workmen till 1943, when for the first time the Provident Fund System was introduced. The workers' allegation is that the retiring benefit in the shape of Provident Fund is not enough to safeguard their interest, when they would be off their services on retirement and, therefore, an additional benefit in the shape of gratuity, calculated at the rate of 15 days' emoluments for every year of past service, should be introduced.

The contention of the employers is that the workmen of the Company being in receipt of Provident Fund benefits from November, 1942 at handsome rates ranging from $6\frac{1}{2}$ per cent. to 15 per cent., and the existing wages being adequate, there is no necessity for making a provision as to "gratuity". It is also contended that the present management has not as yet been able to build up a reserve of Rs. 14,40,4,000 out of genuine profits of the Company which it is bound to provide for in accordance with the directions given by the Director of Controller of Capital Issues, Ministry of Finance, Government of India, in his letter, dated 8th November 1951, when consent was given for issue of 360,000 shares of Rs. 10 each in capitalisation of the Company's reserve to that extent. It is thus contended that it is premature at this stage to saddle the Company with any liability in the shape of a long term benefit, when it is struggling hard to build up the reserve and has not yet been able to give dividends to the shareholders since 1951.

The Company in its written statement, as per Annexure A submitted a statement showing in it the Profit and Loss Accounts for the years 1951 to 1958. Now, it is admitted by both the parties that the Provident Fund system is working in the particular concern and that the rate of contribution is $6\frac{1}{2}$ per cent. From the evidence of Shri S. K. Nag, P.W.1, the Secretary of the Employees' Union, it appears that at times the workers contributed at $12\frac{1}{2}$ per cent. but the Company did not contribute to the same extent. From the side of the Union a Pass Book [Ext. 2 (a)], of Shri Kanai, a workman, who joined the Fund in September 1943, was produced. From that Pass Book it appears that the contribution of a workman had been in between Rs. 2-8 to Rs. 5-11 per month for the years 1948 to 1952. The Secretary of the Union has stated that the Company's contribution has always been on the basis of $6\frac{1}{2}$ per cent. Obviously, therefore, it appears that the Company had been contributing

at the rate of $6\frac{1}{2}$ per cent. towards the Provident Fund of the workman since its inception from 1942. The Company, it appears, was started sometime in 1929 and, naturally, there would be some workmen there who had been in service prior to 1942. I am not, however, in possession of any detailed statement showing how many workmen now in service joined before 1942, when there was no retiring benefit available to them. Now, this Company was a party to the award in respect of the Engineering Industry in West Bengal, which was published in the "Calcutta Gazette" as per order No. 2161/Lab., dated the 30th June 1948. Retiring benefit was one of the issues considered in the said award. The Tribunal decided that a scheme of gratuity should be adopted by small concerns employing less than 100 men while a scheme of a Contributory Provident Fund should be adopted by the companies employing more than 100 workmen. It cannot, however, be said, on the basis of that award that the Tribunal decided that two types of retiring benefits in the shape of Provident Fund and gratuity are not called for in an appropriate cases. The Adjudicator took into consideration the question of formulating rules as to retiring benefit for as many as 119 concerns. Therefore, only a broad scheme was framed by the Tribunal with due regards to the fact that all the various types of concerns with variable financial positions who were parties to the adjudication could conform to a standard as laid down therein. I am thus inclined to hold that a long-term benefit in the shape of gratuity might be introduced in appropriate cases even though a system of Contributory Provident Fund is in existence. Besides, there is some difference between a scheme of gratuity and a scheme of Provident Fund. While the workers secure the benefit of earning gratuity on the basis of the length of service without being liable to make any contribution for the same, the Provident Fund accumulation is made up of the joint contributions by both the parties. Along with that, it has got to be considered that the workmen having small income in course of their services, cannot be expected to make any future provision of their own as they cannot have any surplus left to be saved during the tenure of their services. In these considerations I hold that a retiring benefit in the shape of gratuity should be introduced in such a concern wherein the employer is in a position to make provision for the same. It appears that the question of introducing a scheme of gratuity in this particular concern came up for decision before the Tribunal in Bombay. The Tribunal allowed the prayer of the workmen, other than the clerical staff employed in Bombay, for gratuity and the decision of the lower Tribunal was confirmed on the point in appeal. The judgment of the Labour Appellate Tribunal is reported in L.A.C. 1952 at page 551. It appears from that decision that as many as 470 employees received the benefit by virtue of that award. After that award, it appears, an industrial dispute over the claim of gratuity was raised by the clerical staff at Bombay. The lower Tribunal allowed the claim and there was an appeal. The Appellate Tribunal reversed the decision of the lower Tribunal. The Company has filed that decision before me. From the decision it seems that the learned Adjudicator took into consideration the financial position of the Company as it was reflected from the balance sheets of 1952-54. At the present moment I am to look into the

present financial position of the Company. It appears from Annexure A submitted by the Company that it earned a profit of Rs. 2,00,706 in 1955, Rs. 3,06,023 in 1956, Rs. 7,29,064 in 1957 and Rs. 3,51,570 in 1958. The Company had dark days in 1952 and 1953 when it suffered losses to the extent of Rs. 14,60,309 in 1952 and Rs. 6,00,736 in 1953. The Profit and Loss Account for the last five years clearly indicates that the Company was in a position to make substantial profits. There is no reason to think that the future of the Company is not bright. It is also to be noted that the liability on account of secured loan stood at Rs. 42,98,395.70 nP. on the 31st December 1958 as against Rs. 71,87,631.59 nP. on the 31st December 1957. The next point over which the learned Lawyer for the Company argued regarding the financial stability of the concern relates to the payment of dividend to the shareholders. It is true that the Company has not yet been able to pay dividend to its share-holders since the present management took charge in 1951. Let me now consider the position as it stood in 1951, as revealed from the balance-sheet. It appears from the balance-sheet that the Sundry Contingent Reserve amounting, in all, Rs. 30,00,000, consisting of reserve for rehabilitation of plant and properties, reserve for dividend and reserve for bad and doubtful debts was transferred to the General Reserve. And this, along with the sum of Rs. 14,00,000, transferred from the Profit and Loss Account (making in all Rs. 44,00,000), was capitalised by the issue of bonus shares of Rs. 36,00,000 thereby reducing the reserve at Rs. 8,00,000. It further appears that a dividend at Rs. 1,12,500 was paid to the share-holders in 1951. Naturally, the share-holders got extra shares each for consideration other than cash in 1951. The fact that the share-holders got no dividend is to be judged in the background that they got bonus shares in 1951 without cash payment. The Company has now almost reached the position of fully providing for the guaranteed reserves at Rs. 14,40,000 and it is expected that the share-holders would now earn dividends. At the same time I find from the Profit and Loss Account that this private limited concern paid a handsome amount of Rs. 88,900, as remuneration of Directors and Managing Directors in 1958. Hence upon a consideration of the financial condition of the Company in its broad aspect, with due regard to its profit earning capacity, the profits earned in the past, and the future prospect of the Company, I hold that the concern has attained such financial capacity as it can be said to be capable of giving gratuity to the workmen.

Now I take up for consideration what should be the gratuity scheme with due regard to the financial position of the Company. The Company made contribution of Rs. 1,16,499 to the Provident Fund in 1958. This was done on the basis of contribution at one anna in a rupee in wages, comprising basic wages and dearness allowance. Roughly speaking, the yearly contribution amounts to wages for about 22 days for each worker. A scheme of gratuity fixing a limit at 15 days' wages, calculated on the basis of basic wages for every completed year of service, would roughly amount to about 1/3 of the sum which the employer is to contribute towards Provident Fund in a year. I do not, however, mean by this that a

separate fund in the shape of "gratuity fund" should be created by the employer as it is entirely a matter for the management to decide which arrangement they would do to meet the demands as and when such occasion arises to pay gratuity in every year. It would not be an idle conjecture that taking the average length of service of a worker to be about 30 years, normally, about 3 per cent. or 4 per cent. of the workers would retire every year. So even on the basis of payment at 15 days' basic wages on account of gratuity, such payment need be made in respect to about 14 employees in the average in a year in its present strength of about 400 men. The financial implication arising from an introduction of normal gratuity scheme, as stated above, will not, in my opinion, be such which the Company would be unable to bear in consideration of its financial stability in its broad aspect. I, therefore, consider that a scheme of gratuity should be framed in the manner stated below:—

Rules of gratuity run as follows:—

- (i) On the death of an employee, while in the service of the Company, or on his becoming physically or mentally incapable of further service, 15 days' basic wages for each completed year of service, subject to a maximum of 15 months' basic wages, to be paid to the disabled employee or, if he had died, to his heirs or legal representatives or assignees or nominees.
- (ii) On voluntary retirement or resignation of an employee after five years' continuous service, 15 days' basic salary or wages for each completed year of service.
- (iii) On termination of employee's service by the Company—
 - (a) after completion of service of five years but less than 10 years—10 days' basic pay for each completed year of service.
 - (b) After completion of service of 10 years but less than 15 years—12 days' basic pay for each completed year of service.
 - (c) After completion of 15 years' continuous service—15 days' basic wages for each completed year of service.
 - (d) No gratuity shall be payable to an employee who is dismissed from service for any offence or for any act of dishonesty.
 - (e) Wages to be computed on the basis of 12 months immediately preceding death, disability, retirement, resignation or termination.

The learned Lawyer for the employer has contended that the reference as made by the Government is bad in law as there is no such employer as Messrs. Crown Aluminium Works. Apparently that was the name of the Company before the present Management took over the charge. The employer filed a written statement describing the party as 'Jeewanlal (1929) Ltd.', proprietors of Crown Aluminium Works. It would have been more appropriate in describing the employer as Jeewanlal (1929) Ltd., in the Order of Reference. But at the same time there is no vagueness or indefiniteness in fixing up the parties who are concerned in this dispute before the Tribunal. So such minor defect in the description should not

take the party by surprise and there is no reason to hold the reference is bad in law. The award as given would be binding against Jeewanlal (1929) Ltd., proprietors of Crown Aluminium Works.

This is my award.

—Whereas under the Government of West Bengal, Labour Department, order No. 4240-I.R./IR/11L-484/58, dated the 7th October 1958, the industrial dispute between Messrs. Ram Pyarilal Shaw (Hiralal Shaw), 4 and 5 Ashutosh Mukherjee Lane, Belur, Howrah, and their workmen represented by National Union of Engineering Works, 71 Jaibibi Road, Ghosury, Howrah, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Ram Pyarilal Shaw (Hiralal Shaw), 4 and 5 Ashutosh Mukherjee Lane, Belur, Howrah, and their workmen represented by National Union of Engineering Works, 71 Jaibibi Road, Ghosury, Howrah. (Case No. VIIIIC-245/58.)

BEFORE THE FIRST LABOUR COURT,
WEST BENGAL.

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

Appearances:

For the Company: Shri N. K. Mukherjee, Advocate, and Shri M. K. Majumder, Advocate.

For the Union: Shri Ram Ch. Singh, Secretary.

The Government of West Bengal, in the Department of Labour, by order No. 4240-I.R./IR/11L-484/58, dated 7th October 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Ram Pyarilal Shaw (Hiralal Shaw), 4 and 5 Ashutosh Mukherjee Lane, Belur, Howrah, and their workmen represented by National Union of Engineering Works, 71 Jaibibi Road, Ghosury, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

- (1) Whether the dismissal of Sarvashri Ram Audh Upadhyay and Nijamuddin Khan is justified? To what relief including reinstatement are they entitled?
- (2) Wages for the period of strike.

This is a reference arising out of the alleged illegal and unjustified dismissal of Sarvashri Ram Audh Upadhyaya and Nijamuddin Khan previously in the employment of Messrs. Ram Pyarilal Shaw (Hiralal Shaw), 4 and 5 Ashutosh Mukherjee Lane, Belur, Howrah, hereinafter referred to as the Company for the sake of brevity.

The Union's case in brief is that Shri Ram Pyarilal Shaw of the Company served the workman concerned with orders of dismissal in the morning of 15th May 1958 on a false charge that they had threatened and assaulted him. There was a criminal case over this incident which ended in an acquittal of the workman. Thereafter the Company arbitrarily dismissed the two workmen on a false charge that they resorted to a stay-in-strike.

The Company on the other hand seeks to justify the orders of dismissal passed on the two workmen on the basis of the charge of their assaulting Ram Pyarilal and of the stay-in-strike.

AWARD

The case was fixed for hearing on 24th May 1960. In the meantime on 18th December 1959 both parties put in a joint petition of compromise stating that the dispute has been amicably settled on Company's agreeing to reinstate the workmen together with a sum of Rs. 477.75 nP., to be paid to each of them. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is thus settled in terms of the petition of compromise which do form a part of the award.

This is my award.

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri N. M. Das Gupta, Advocate.

An industrial dispute in respect of the following issues between Messrs. Indian Health Institute and Laboratory Ltd. (hereinafter referred to as the Company), 1 Health Institute Road, Dum Dum Cantonment, Calcutta-28, and their workmen represented by Health Institute Mazdoor Union, 42 Subhasnagar Road, Dum Dum Cantonment, Calcutta-28, was referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 1952-I.R./IR/11L-40/59, dated the 19th March 1959.

Issues

- (1) Whether the workmen are entitled to ad-hoc increment for the year 1958 in the fact of 37 hours of work in a week and 63 days of leave and holidays? If so, what should be the amount of such increment?
- (2) Whether the working hours should be raised from 37 to 48 hours per week? If so, to what relief, if any, are the workmen entitled?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

The Union in its written statement filed on behalf of the workmen stated, among others, that the Company's rates of wages which now stand at Rs. 30 in basic pay and Rs. 25 in dearness allowance are much below the wages paid to similar categories of workmen in other industries, and that the Company had never in course of last ten years given any increment whatsoever to the workmen. It is further contended that the working hours in the factory had been fixed at 37 hours in a week upon proper consideration of the difficulties and hazards involved in the particular types of manufacturing done by the workmen, and that the Company must pay overtime wages for work beyond 37 hours in a week at the rate of double the pay and dearness allowance in stead of at the rate of 1½ times of the same.

The Union had demanded an increment in wages to all the workmen at Rs. 10 per month with effect from November 1957.

The Company in its written statement asserts that the last award, dated 5th May 1959, between the Company and its workmen is still binding on the parties and it has not yet been terminated in accordance with law. It is further contended that there has been no change of circumstances justifying any claim for an ad hoc increment as contained in issue No. 1. Furthermore, there cannot arise any question of giving increment in wages in the face of liberal leave and holidays enjoyed by the workmen. The Company asserts that the working hours of this concern should be permitted to be raised to 48 hours and for that the workers cannot claim any relief in the shape of higher wages.

Issue No. 1: This issue relates to the question of granting an ad hoc increment to the workmen for the year 1958. It is not specified in the issue itself as to whether such increment is claimed to the basic wage or to the dearness allowance. Shri Raj Rajeswar Neogi, Secretary of the Union, stated in cross-examination that the workers demand increase in wages by Rs. 10 on the basic pay as well as on dearness allowance. From the letter, Ext. A, dated 15th July 1958, addressed by the Secretary of the Union to the Conciliation Officer, it appears that the increment was claimed with respect to the basic pay and not for dearness allowance. There is no doubt on the point that basic wages once fixed by the Tribunal should not be varied except on clear proof of change in circumstances. The question of giving increase in dearness allowance is however different being much dependent upon rise or fall in the cost of living index. Admittedly, there was an award by the Tribunal between the same parties. Ext. C is the copy of the decision of the Labour Appellate Tribunal, dated 23rd June 1956, arising from the award of the Sixth Industrial Tribunal, West Bengal, dated 5th April 1955, published in the "Calcutta Gazette," dated 6th May 1955. The award covered the question of fixing the minimum basic wages and dearness allowance for unskilled

workers and menials. The Appellate Tribunal confirmed the decision of Labour Tribunal that the minimum basic wage should remain at Rs. 30 and that the dearness allowance would be Rs. 25 per month. Obviously by that award the unskilled workers and the menials got an increase in dearness allowance by Rs. 5. It is significant to note that the workers demanded incremental scale of wages before the Tribunal and this claim was not allowed. Now, the question of fixation of minimum wages for the unskilled and menial workers only had been considered and decided by the Tribunal in the previous award and therefore the question of fixation of pay of the other categories of workers including the clerks had not been a point for decision before the said Tribunal. The learned lawyer for the employer contended that the award is still binding on the parties as no notice was given by the Union intimating its intention of terminating the award. There is no doubt on the point that a notice must be given by a party expressing intention to terminate the award as provided in Section 19(6) of the Industrial Disputes Act and otherwise in spite of the expiry of the period of operation of the award it would remain binding on the parties. Such notice, however, need not be in writing. It is enough for the purpose of Section 19(6) of the Act that the party would only bring it to the notice of the employer by some sort of intimation that they desire to terminate the award. The provisions in Section 19(6) must as well be strictly construed. I am to look into the particular issues which were referred to for decision to the Tribunal and also the decision made by the Tribunal. The dispute as referred to the Tribunal was for fixation of minimum wages of the unskilled and menial workers and it had nothing to do with the question of deciding whether any increment in wages would be allowed in future. The issue before me is completely distinct and different from the issue as decided by the last Tribunal and therefore there arises no question of giving notice terminating the force of the award as contemplated in Section 19(6) of the Industrial Disputes Act. The main contention of the Union is that the workers had not been given any increment whatsoever since 1948 and that increment is demanded or rise in the cost of living index. It is also contended that the employer granted increment to only a few worker and denied the same to the vast majority of them. Now it appears from the letter, dated 29th April 1955, addressed by the Managing Director to the Conciliation Officer that on the question of general increment to the workers the management's stated point was that the question of general increment should not be raised till the Company was in a position to make up the loss and declare dividend for 2/3 consecutive years. However, small the rate might be. I have got no materials before me from which I can say if the letter, Ext. 1, referred to above as addressed by the management was sent at the time when the conciliation proceedings were going on prior to reference to the Tribunal or that it was written during the pendency of the case before the Tribunal. Be that as it is, I am inclined to hold from the purport of this letter that the management thought it proper to give their consideration to the question of giving increment to the workers only when the financial position of the company improved and that some

dividend could be paid to the shareholders. It appears from the report and statement of accounts of the Company that a dividend at 4 per cent. was declared in 1956, at 5 per cent. in 1957 and at 6 per cent. in 1958. The statement of account further indicate that the profits have been on the increase during these three years. The Company would bring down to secured loan which stood at Rs. 65,519 in 1956 to Rs. 27,789 by 1958. It can therefore be stated that the financial position of the Company has considerably improved and that it is not so bad as it was in the past when the last Tribunal award had been made. The employer has submitted a statement showing what increment had been allowed to the workmen from February 1954 to October 1959 (Ext. E). The list as prepared is not done methodically to show how many workmen had been given increment either in basic pay or in dearness allowance during that period. But at the same time it appears that most of the workmen are shown to have received increment in dearness allowance only in May 1955 in accordance with the award of 1955. As a matter of fact only some workmen whose names appear in pages 1, 2, 3 and 10 and also whose names appear in pages 9, 6 and 7, got increment in basic pay in July 1957 and thereafter. In fact, a good number of these employees who received such increment obtained the same in July 1957. From the side of the Union another list, marked as Ext. 5, has been filed showing in it wages as it stood in November 1957 and in November 1959. Upon comparison of this list with the list filed by the employer, I find that there has been increment given to only a few workmen after November 1957. The employer could not give any satisfactory explanation as to what principle they followed in granting increment. There is no doubt that there being no scale of pay ensuring annual increment, the question of giving increment to the workmen entirely depends upon the discretion of the employer. The issue as framed is apparently not very happily worded as obviously any increment in wages for a particular year does not by necessary implication mean that the increment would continue after the expiry of 1958. The learned Lawyer for the Union has contended that the claim of ad hoc increment is made from 1st January 1958 and that it is not that the increased wages would be operative only for the year 1958 with a liberty given to the employer to withdraw the same and revert to the original pay from 1st January 1959. The Tribunal, however, is bound by the terms of reference as made by the Government and it cannot interpret the particular issue, as referred to, importing in it a construction which does not follow by the natural and logical interpretation of the same. I am inclined to hold that it would be contrary to the natural meaning of the particular issue, if it be taken that the words "for 1958" is to be taken as "from 1958". I am therefore to consider the issue as framed over which I have got no control, as meaning that the increment is to be allowed for the year 1958 only. Obviously therefore in terms of the issue I am to decide if a lump sum as arrears of wages on the basis of some increment given to workers for 1958 is to be awarded. The purpose and object of the Industrial Disputes Act is to compulsorily adjudicate the point of industrial dispute between the employer and the employee

for the purpose of bringing about peace in industry. I am constrained to think that any ad hoc increment either on account of basic pay or on account of dearness allowance, operative for a singly year would not be consistent with the demand which the workers now put forward. If I am to grant increment in wages for the year 1958 only, I virtually give an award which in terms of the issue make it retrospective in its operation and enforceable in the sense of granting a lump sum to the workers as arrears of pay. The learned Lawyer for the employer has contended that no ad hoc increment should be given when there was no fixed grades of pay and incremental scales already in existence. Such a view had been taken by the Labour Appellate Tribunal in the case of Union Drug Company Ltd., as reported in L.A.C., 1953, page 750, and also in the case reported in the same journal in the case of Star Paper Mills Ltd., page 123. The case of Union Drug however is distinguishable as the Tribunal found that the concern has neither the financial ability nor the financial stability to bear the burden of increased wage rate. But here the position is different and about that I have already discussed. It was possible for the Company to give some increment in wages particularly in view of the fact that the wage rates are not favourable and that no increment had been allowed to the vast majority of workers. But the difficulty at the same time arises that in the absence of a graded scales of pay that ad hoc increment operative for only one year cannot be allowed. As I am bound to adhere to the terms of reference and decide the specific issue framed therein, I hold that the workers are not entitled to get any relief regarding ad hoc increment either in basic pay or dearness allowance for the year 1958.

Issue No. 2: Next point for consideration is whether the working hours should be raised from 37 hours to 48 hours per week. There is no dispute on the point that the working hours in this concern had been fixed at 37 hours in a week from the very inception of the Company in 1937. There had never been any occasion to increase the working hours as prevailing in the Company. The contention of the employer in the matter of raising the working hours appears to be that other concerns doing similar work had adopted working hours at more than 37 hours and also when under the Factories Act working hours may be fixed up to a limit of 48 hours in a week, this Company should also have the liberty to increase to that limit the working hours. It is also contended by the employer that the wages paid to the workmen compare favourably with the wages of other similar concern wherein the workers are to work for more than 37 hours and therefore the concession in the matter of reduced working hours should be withdrawn at the option of the employer. Obviously if there be increase in the volume of work there arises the question of employing the workmen for a longer period to cope with the increase in the volume of work. There may not arise in such a situation any question of engaging men by recruitment of new hands to do the excess work of production. On the other hand, if there be no increase in the volume of work and in spite the working hours of the workmen be increased it

might give rise to the question of reduction of the staff. There is no material placed before me to show that there has been any increase in the volume of work justifying increase in the working hours. Besides, it has got to be noted that the working hours remained unaltered and constant at 37 hours for these long 22 years since the birth of the industry. The workers have also got accustomed to conform to such period of work. There cannot be any dispute on the point that the working hours constitute a condition of service. Naturally the workmen entered into the service with the clear idea that they will have to work for only 37 hours. It is true that under the Factories Act the employer is given the right to make the working hour up to 48 hours in a week and the question of granting overtime wages arises only when that limit is exceeded. It does not however follow that an employer is entitled to increase the existing working hours at any moment without assigning any reason for the same. The position would have been different if the employer had fixed the working hours at a period higher than 37 hours and had given a temporary concession to the workers by employing them for 37 hours. In such a situation it was the liberty of the employer to withdraw the concession enjoyed by the workers. Here the case is entirely different. The employer had been paying overtime wages for work done beyond 37 hours in a week. Such overtime payment is being made on the basis of one and half times the rate of basic wages. It is contended by the Union that the payment of overtime wages should be made at double the rate of basic and dearness wages. The workers cannot claim that so long as the working hours do not exceed the statutory limit of 48 hours in a week. But the fact remains that the system of overtime payment had also been continuing in the Company taking the normal period of work at 37 hours. So when there is no reason assigned by the employer as to why the working hours now be increased and when apparently there is no need for doing the same, I do not think that the employer can increase the working hours without necessary revision of the wage structure. I would further state that the working hours continuing at the same rate since the birth of the Company has become a condition of service by the conduct of the employer and that it cannot be increased arbitrarily at the sweet will of the employer. If there be at all any occasion for increasing the working hours for increase in the volume of work, the employer should revise the wage structure accordingly, keeping in view the fact that the workers had been getting overtime pay at a reduced rate so long. The employer should also bear in mind that the increase in working hours with corresponding though not proportionate increase in wages does not create a situation in making some workers surplus with the necessary consequence of bringing the question of retrenchment to the forefront.

The issue as framed is, more or less, hypothetical as I feel that the employer wants a decision on the point that they have got the liberty to increase the working hours without giving any increase in wages. So, I make it clear how the increase in

working hours if at all necessary in future will be effected.

Issues

- (1) Bonus for the year ending 30th September 1957.
- (2) In what way the interim advance on account of bonus amounting to 1½ months' basic wages will be adjusted?

The reference was received by this tribunal on 4th November 1958. It relates to a dispute between Messrs. Garden Reach Workshops Private Ltd., and their workmen represented by four Unions, namely, (1) Garden Reach Workshop Workers' Union, (2) Garden Reach Workshop Employees' Union, (3) Garden Reach Workshop Mazdoor and Staff Union and (4) Garden Reach Workshops (Private) Ltd., Clerks' Union. Due notices were served upon the parties. The notice could not be served upon Union No. 1 Garden Reach Workshop Workers' Union, and this Union did not ultimately appear at the time of hearing. The other three Unions were duly served with notices and they filed their written statements of claim. The Union No. 3, namely, Garden Reach Workshop Mazdoor and Staff Union filed its written statement on 10th December 1958 and the Union Nos. 2 and 4, namely, Garden Reach Workshop Employees' Union and Garden Reach Workshops (Private) Ltd. Clerks' Union, filed their respective written statements on 11th December 1958. The Company, namely, Messrs. Garden Reach Workshops Private Ltd. filed its written statement on 5th February 1959. After pleadings were completed the hearing was fixed on 3rd August 1959. On the prayer of the Company the case was adjourned to 11th November 1959 for hearing. On 22nd September 1959 the Company prayed for shifting of the date of hearing which was ultimately fixed on 30th November 1959. The hearing commenced on 30th November 1959 and proceeded from day to day till the hearing was concluded and arguments were heard on 3rd December 1959. The award was reserved.

AWARD

The issues referred to this Tribunal for adjudication are two in number. Issue No. 1 is "Bonus for the year ending 30th September 1957", and Issue No. 2 is, "In what way the interim advance on account of bonus amounting to 1½ months' basic wages will be adjusted?"

Issue No. 1: I take up issue No. 1 first. It is the common ground of all the parties that a dispute cropped up between the Company and its workmen

regarding payment of puja bonus for the year ending 30th September 1957, which was taken up by the Labour Commissioner and ultimately an agreement was reached between the Company and its workmen on 12th September 1958 (Ext. 1) in the following terms:—

"(1) As there is no agreement between the Management and the workmen over bonus for the year ending 30th September 1957, it is jointly agreed that the dispute over bonus for the year ending 30th September 1957 will be referred to a Tribunal for adjudication.

(2) It is further agreed that management will in the meantime make payment to all workmen an amount equivalent to 1½ months' basic wages as advance on account of bonus. This amount will be paid to workmen within a week from this date. This amount will be adjusted on the publication of the Tribunal's award, regarding bonus and if the Tribunal awards wages in excess of the amount of advance, management will make the excess payment and in case the Tribunal makes an award of no bonus or any amount less than the amount of advance the shortage will be recouped from the wages of workmen in easy instalment which also will be decided by the Tribunal.

(3) No workmen will be victimised for today's demonstration and no deduction on account of wages will be made for the period of stoppage of work today.

(4) All workmen will go back to their work immediately."

In pursuance of this agreement the Company advanced to its workmen the amount equivalent to 1½ months' basic wages on account of bonus and the dispute was referred by the appropriate Government to this Tribunal for adjudication on the two issues mentioned above.

Although the three Unions, namely, Garden Reach Workshop Employees' Union, Garden Reach Workshop Mazdoor and Staff Union and Garden Reach Workshops (Private) Ltd. Clerks' Union have filed three separate written statements of claims. All these written statements are more or less on the similar lines. The Garden Reach Workshop Employees' Union claims bonus for the year ending 30th September 1957 both as an implied condition of service and as a customary bonus which is specifically pleaded in the last paragraph of its written statement. It also appears from the trend of its written statement and arguments at the time of hearing that it claims bonus as well on the trading results of the Company for the relevant year, namely, the year ending 30th September 1957.

The claim of the Garden Reach Workshop Mazdoor and Staff Union with regard to bonus for the year ending 30th September 1957 is that the workmen are entitled to this bonus both as a customary bonus as also upon the alleged favourable trading results of the Company in the year ending 30th September 1957. The Union, namely, Garden Reach Workshops (Private) Ltd. Clerks' Union claims bonus for the year ending 30th September 1957 both as a condition of service and upon the alleged favourable trading results of the Company for the year ending 30th September 1957.

These Unions thus claim 3 months' basic salary as puja bonus for the year ending 30th September

1957 including the advance equivalent to 1½ months' basic wages already given to its workmen by the Company.

To this claim of the Unions, the reply of the Company is that the workmen cannot claim any bonus for the year ending 30th September 1957 either as a condition of service or as a customary or traditional bonus in as much as payment of bonus by the Company to its workmen was neither customary nor as a condition of service but that claim of the workmen in this behalf is to be determined on the basis of the Company's profits in the relevant year. The Company further contends that the trading results of the Company for the year ending 30th September 1957 were unfavourable and that, therefore, the workmen have no claim legally enforceable against the Company for a payment of bonus out of the profits for that year (vide paragraphs 3 to 6 of the Company's written statement).

I shall now examine the above claims of the unions for bonus one by one.

First of all I deal with the claim for bonus for the year ending 30th September 1957 as a condition of service. A condition of service is created between the parties by agreement either express or implied. Admittedly, there is no express agreement between the Company and its workmen by which payment of puja bonus has been made a condition of service. The claim for such bonus may, however, be a matter of implied agreement between the employer and the employees creating a term of employment for payment of puja bonus. It is now judicially settled by the Hon'ble Supreme Court in the case of *Ispahani Ltd. versus Ispahani Employees' Union* reported in F.J.R., Vol. XVI, page 366, that the following are the tests for inferring that there was an implied agreement for grant of such bonus and that they should all be satisfied before the bonus is granted:—

- (1) the payment must have been unbroken;
- (2) the payment must be for sufficiently long period (the length of the period depending on facts of each case); and
- (3) the circumstances in which the payment was made should be such as to exclude that it was paid out of bounty due to profits having arisen. The fact of payment in a year of loss would be an important factor in excluding the hypothesis that payment was out of bounty and in coming to the conclusion that it was a matter of obligation based upon implied agreement.

Now coming to the facts of the instant case, the contention of the Unions is that the present Company has been paying puja bonus to its workmen since 1941 without any usual break and that this payment has been for a sufficiently long period and that the payment has not been made out of bounty due to profits having arisen. It is further contended that the bonus has been paid even in the years of loss and that it is unrelated to the profits or loss of the Company for particular years. The Company does not deny that it has been paying bonus to its workmen since 1941 at variable rates. But its contention is that the bonus has not been paid at a uniform rate, that it has been paid only in years of profit and that no bonus was actually paid for the

year 1946 and 1951. On the evidence of P.W. 1 Shri Ajit Kumar Das, an employee in Messrs. Garden Reach Workshops Private Ltd. and one of the Joint Secretaries of the Garden Reach Workshop Clerks' Union, it is found that between 1941 and 1956 bonus was not paid at a uniform rate and that there was actually no payment of bonus during the years 1946 and 1951. This witness wants to explain the position in 1946 and 1951 by saying that in 1946 no bonus was paid as there was none to receive bonus on account of communal riot and as the Company had declared a lock-out, and that in 1951 no bonus was given as there was a dispute going on between the Company and the clerks over payment of salary and dearness allowance and there was an agitation as a result of which the officers were surrounded in the office. This witness further says that in 1947 the salary of the workmen was adjusted by giving them a certain percentage of pay in consequence of non-payment of any bonus for the year 1946. Be that as it may, from the evidence on record it is clearly proved that there was no payment of bonus by the Company to its workmen for the years 1946 and 1951. The award of Shri S. K. Neogi, the 6th Industrial Tribunal, West Bengal, published in the "Calcutta Gazette", dated March 12, 1953, at page 782 relates to a dispute between the present Company and its workmen regarding payment of bonus for 1951. In that award the learned Tribunal came to the finding that the Union had failed to establish its right to get bonus for 1951 as yearly puja bonus upon any agreement in spite of Company's loss. So, the claim for bonus for 1951 was disallowed. It is, therefore, clearly proved that there was no payment of puja bonus for the years 1946 and 1951. So, it cannot be held that the payment of puja bonus by the Company to its workmen has been unbroken. So one of the tests laid down for inferring an implied agreement for payment of puja bonus as a condition of service is wanting in the present case, though it is proved that this bonus has been paid for a sufficiently long period at a progressive rate, i.e., from 15 days' basic salary up to 2 months' basic salary and not at a uniform rate. It is further found from the evidence on record that this payment was made out of profits and not irrespective of profit of the Company. It is found from the evidence of D.W. 1 Shri S. P. Venkatapati that there were profits earned by the Company in all the years in which bonus was granted to the employees excepting in 1950 when there was loss but the bonus had to be paid by the Company under an award. So, the third test is not fulfilled in the present case, and the circumstances proved do not establish that the payment was made in such a way as to exclude the hypothesis that the payment was out of bounty. I, therefore, hold that the claim of the unions for puja bonus for the year ending on 30th September 1957 as a condition of service arising out of implied agreement between the parties has no legs to stand upon and it is accordingly negatived.

Next I discuss the claim of the Unions for bonus for the year ending on 30th September 1957 as a customary or traditional bonus. The Company denies the allegation of the Unions that the payment of puja bonus to its workmen has become customary or traditional in the Company. In the case of *Grahams Trading Company (India) Ltd.*

and their workmen reported in 1959 L.L.J., Vol. II, page 393, Their Lordships of the Supreme Court have held that when the question of customary or traditional bonus arises for adjudication, the Tribunal will have to consider over and above the three tests already referred to for inference of a bonus by implied agreement a fourth test, namely, that the payment must have been made at a uniform rate throughout to justify an inference that the payment at such and such rate has become customary and traditional in that particular concern. In case of customary bonus the tests laid down are more stringent than the test applied for proof of puja bonus as an implied term of agreement. As I have already stated the Unions have failed to prove that the payment of puja bonus by the Company to its workmen has been over an unbroken period of years because there were two breaks in the payment. Namely, in 1946 and 1951. Secondly the circumstances reveal that payment of bonus was not made in the years of loss and thirdly as the evidence adduced by the Unions conclusively proves, that payment has not been made throughout at a uniform rate though at a progressive rate. In these circumstances, I am constrained to find that the Unions have failed to prove that payment of puja bonus by the Company to its workmen has been customary or traditional. I, therefore, find that the claim of the Unions for puja bonus for the year ending 30th September 1957 as a customary or traditional bonus unrelated to the profits of the Company for the relevant year cannot be upheld and it is accordingly rejected.

Lastly, I come to the claim of the Unions for puja bonus for the year ending on 30th September 1957 as depending upon trading results of the Company for the relevant year. It is now well-settled by the decisions of the Hon'ble Supreme Court that the bonus year should be treated as a self-sufficient unit. It is an admitted fact that since 1952 the trading year of the Company is from 1st of October to 30th of September next. According to the Unions the Company made a larger profits during the year ending 30th September 1957 as against the previous year and that trading results of the Company for the relevant year would leave an available surplus out of which the claim of the Unions for 3 months' basic salary as bonus can well be granted including 1½ months' basic salary as bonus already advanced by the Company to its workmen as per mutual agreement, Ext. 1. The contention of the Company is that the trading results of the Company for the year ending 30th September 1957 were unfavourable and that, therefore, the workmen cannot have any claim for payment of bonus to them out of profits for that year.

The principles governing the grant of bonus to the workmen out of the profits of the Company concerned for the relevant year are now well-settled by judicial decisions. The profits bonus is to be determined by working out the Full Bench Formula for the computation of surplus of profits available for payment of bonus for the workmen of a concern as enunciated by the Labour Appellate Tribunal in *Mill Owners' Association Bombay versus Rashtriya Mill Mazdoor Sangh* reported in 1950 F.J.R., Vol. II, page 107, as clarified and explained by the decisions of the Hon'ble Supreme Court in the case of *Associated Cement Companies Ltd. versus their workmen* reported in 1959 F.J.R.,

Vol. XVI, page 262. The working of this formula begins with the figure of gross profits taken from the profit and loss account of the Company which are arrived at after payment of wages and dearness allowance to the employees and other items of expenditure. As it had been laid down by the Lordships of the Supreme Court in the case mentioned above, the amount of gross profits thus ascertained should be accepted as a general rule without submitting the statement of profit and loss account to a close scrutiny. In the instant case the net profits as per profit and loss account of the Company for the year ending on 30th September 1957 is Rs. 15,37,749 (vide Ext. A). There is no dispute amongst the parties with regard to this. The Company and two of the Unions, namely, the Clerks' Union and Mazdoor and Staff Union have filed their respective computations regarding available surplus for the year ending 30th September 1957 in their own ways. (vide Exts. 2 and 2A). In order to ascertain the gross profits we shall have to add back certain items. The Company in its chart (Ext. B) has added back a sum of Rs. 6,73,546 to the net profits as per Ext. A for back bonus in respect of previous year. This item is disputed by the Unions. According to the Unions one month's basic wages for the employees of the Company does not exceed Rs. 3 lakhs, while according to the Company it is Rs. 3,35,000. I must give more credit to the version of the Company in this respect than to that of the Unions because of the fact that the Company is more competent to give exact figure than the Unions. It is admitted by the parties that for 1956 bonus equivalent to two months' basic pay was granted to the workmen of the Company concerned. So, the figure added back by the Company as back bonus in respect of previous year to the net profits cannot but be accepted as genuine. The Company has also added back a sum of Rs. 4,44,783 as depreciation as per schedule 1 (Ext. B/1) of its chart Ext. B. This figure appears in the profits and loss account of the company's balance-sheet, Ext. A. This depreciation according to the Company, is normal notional depreciation. The Unions dispute that from the balance-sheet it cannot be ascertained whether this amount includes only normal or statutory depreciation or whether it includes all the three depreciations, namely, normal, initial and additional as allowed under the Income-Tax Act. But upon consulting Schedule 1 (Ext. B/1) of the Company I am convinced that the amount of depreciation added back represents only statutory or normal depreciation calculated under Rule 8 of the Income-Tax Act. So, both the amounts which have been added back by the Company to the net profits have been correctly added back and after adding these amounts to the net profit the gross profits come to Rs. 26,56,078.

After the gross profits are ascertained the first deduction to be made from the gross profits should be the notional normal depreciation as explained in the case of *Surat Electricity Company Ltd.* (1956 F.J.R., Vol. II, page 134). Now after deducting the amount of Rs. 4,44,783 which represents notional normal depreciation from the gross profits of Rs. 26,56,078, we get the balance at Rs. 22,11,295.

Next item for deduction from this balance is the income-tax payable for the bonus year. The Company has calculated this tax on Rs. 17,33,726 at

51.5 per cent. in the rupee after deducting income-tax depreciation of Rs. 9,22,352 from the gross profits of Rs. 26,56,078. On this point the parties are not in agreement. According to the Unions the Company has not been able to prove the income-tax depreciation deducted from the gross profits. But it is now settled by the decision in the *Associated Cement Companies* versus their workmen that in calculating the amount of tax payable for the bonus year the Tribunal should take into account the concessions given by the Income-Tax Act to the employers under all the three depreciations allowed under section 10(2)(vi) of the Income-Tax Act. The Company has calculated this amount from their records and deduction of this amount from the gross profits goes in favour of the workmen in calculating the amount of income-tax to be deducted from the balance of gross profits after deduction of normal depreciation. I, therefore, take the amount of income-tax to be deducted from the balance of gross profits at Rs. 8,92,868 as calculated by the Company. The Company has also deducted another item, namely, wealth tax as per schedule II of its chart, Ext. B, and this amount is Rs. 65,000 calculated at the rate of $\frac{1}{2}$ per cent. Now this is a statutory obligation upon the Company and the Company has got to make this payment to the authorities concerned and this is a compulsory item of expenditure which should be deducted from the balance of gross profits although it does not find place in the Full Bench Formula which was initiated long ago. So these deductions should be made from the balance of gross profits in order to ascertain the available surplus for distribution of bonus to the workmen. So, deducting the amounts of income-tax payable for the bonus year and the wealth tax as per calculations of the Company in its chart, Ext. B, from the balance of gross profits, namely, Rs. 22,11,295 we get the balance at Rs. 12,53,427.

Next item for deduction according to the Full Bench Formula as explained and clarified by the recent decisions of the Hon'ble Supreme Court is the deduction of an appropriate amount in respect of return on paid up capital. The Company has calculated dividend upon 6 per cent. on the paid up capital. The paid up capital as shown in the book entry in Ext. A is Rs. 70 lakhs which consists of Rs. 300 for cash for 3 shares of rupees hundred each fully called up and Rs. 69,99,700 for a consideration other than cash, namely, Rs. 69,997 shares of Rs. 100 each fully called up. The contention of the Unions is that the Company cannot claim 6 per cent. dividend on this paid up capital which is nothing but for a consideration other than cash. On this point the Company's evidence is that the present Company was formed by merger of two different units belonging to the British India Steam Navigation Co., Ltd., and the River Steam Navigation Company and that the assets and liabilities of these two Companies were taken over by Garden Reach Workshops Ltd. and shares were issued to these Companies and that such shares are under the heading of "considerations other than cash" in the balance-sheet (Ext. A). This is the evidence of D.W. 1 Shri S. P. Venkatapati, the Chief Accountant of Messrs. Garden Reach Workshops Private Ltd. Therefore, the claim of the Company for a return at 6 per cent. on this paid-up capital is not unreasonable and such percentage has

been allowed to the Company usually by the Tribunals. The Full Bench Formula provides generally for payment of interest at 6 per cent. per annum on the paid-up capital. So, I allow the dividend at 6 per cent. on paid-up capital as claimed by the Company and this would amount to Rs. 4,20,000. Now deducting this amount from the balance of gross profits namely, Rs. 12,53,427, we get the balance at Rs. 8,33,427. Next item for deduction is the deduction of an appropriate amount in respect of return upon working capital. This has been claimed at 4 per cent by the Company upon the reserve as per schedule III of its chart (Ext. B). Now the Company must show that this amount of capital was really available and was actually employed in the business during the whole of the bonus year. The Unions contend that the Company has failed to show that the amount of capital upon which the return of 4 per cent. per annum has been claimed was actually available and was employed in the concern. The schedule III (Ext. B/3) gives the detail about the interest on reserves. The evidence of D.W. 1 on this point is that the whole of the amount of reserve was employed in the business during the year in question and the details are given in the schedule Ext. B/3. The very fact that there were loans and over-drafts taken by the Company as per schedule (Ext. B/4) clearly shows that entire reserve was employed during the bonus year in question although the Company has not furnished its bank account in support of the same. So, the 4 per cent. dividend claimed by the Company on the working capital does not appear to me to be unreasonable and it is accordingly allowed. So, the interest on reserve at 4 per cent as per schedule III (Ext. B/3) gives the amount of Rs. 1,85,613. After deducting this amount from the previous balance of gross profits of Rs. 8,33,427, we get the balance at Rs. 6,47,814.

Next and the last item of deduction, so far as the present case is concerned, would be the rehabilitation charges. The claim under this item, as observed by the Hon'ble Supreme Court, is confined to rehabilitation, replacement and modernisation. The object of providing depreciation of wasting assets is to recoup the original capital invested in the purchase of such assets; but the amount of depreciation which is allowed under the Full Bench Formula can hardly cover the probable cost of replacement. That is why the formula has recognised the industry's claim for rehabilitation in addition to the admissible depreciation. In the present case the Company has claimed the amount of depreciation charges to the tune of Rs. 2,41,561 as per schedule IV (Ext. B/5) attached to its computation chart (Ext. B). On behalf of the two Unions two computation charts have been filed (Exts. 2 and 2(a)). In the chart 2 filed by the Clerks' Union the Company is put to the proof of rehabilitation charges and according to the computation chart [Ext. 2(a)] filed by another Union the amount of rehabilitation charges is shown as Rs. 1,23,467. But having carefully considered the evidence and circumstances of the present case in the light of the directions given in the Full Bench Formula as explained and clarified by the recent decisions of the Hon'ble Supreme Court beginning from the case of Associated Cement Companies versus their workmen downwards I feel that none of the computation charts filed by the Unions and

by the Company regarding the claim of rehabilitation charges can be given effect to in toto. So far as the Company's chart is concerned, I find that the Company has not deducted 5 per cent as breakdown value from the total costs of buildings after multiplier was applied. Secondly, with regard to the application of the suitable multiplier I find that the multiplier of 2.25 used in the case of buildings acquired previous to 31st December 1957 and in use on 30th September 1957 and the multiplier of 2.7 in case of plant and machinery acquired previous to 31st December 1947 and in use on 30th September 1957 have been rather high in consideration of the facts that the Company has not led evidence to show which of the machineries or buildings were acquired or purchased at which point of time. The average normal life of the buildings and plants has not been mentioned. Only the probable future life of the buildings and the plant and machinery has been supplied by the Company through evidence in order to fix up the suitable deviser in each case. Having regard to the trend of decisions of the Hon'ble Supreme Court with regard to the rehabilitation charges and to the fact that the Company has not produced any sufficient evidence regarding the years of acquisition of the buildings and plant, but has only mentioned the buildings and plants in two blocks namely, one block, i.e., acquired previous to 31st December 1947 and in use on 30th September 1957 and the second, namely, additions since 1st January 1948 and in use on 30th September 1957 I cannot but think that the suitable multiplier in the case of buildings and plant and machinery cannot exceed 2 (twice the original cost of buildings and plant and machinery acquired previous to 31st December 1947). I, therefore, fix 2 instead of 2.25 as the suitable multipliers for buildings and fix 2 instead of 2.7 in case of plant and machinery acquired previous to 31st December 1947. So far as the deviser in each case is concerned, I think that the divisors are more or less reasonable and correctly represent the probable future life of the buildings and plant and machinery for estimating the rehabilitation charges for the purpose of this case. I, therefore, give below my own chart regarding the rehabilitation charges as calculated by me for the purpose of deduction from the balance of gross profits namely, a sum of Rs. 6,47,814.

REHABILITATION CHARGES

1. Buildings:

	Rs.
Original cost of buildings acquired prior to 31st December 1947 and in use on 30th September 1957 (Rs. 18,87,795 × 2)	37,75,590
Addition since 1st January 1948 and in use on 30th September 1957 (in this case multiplier 1 is used) (Rs. 8,94,008 × 1)	8,94,008
Total:	46,69,598
Less 5 per cent. breakdown value	2,33,480
	44,36,118
Less accumulated depreciation up to 30th September 1957	12,28,069
	32,10,049
1/30th thereof per annum	1,07,001

2. Plant and Machinery:

	Rs.
Original cost of machinery acquired prior to 31st December 1947 and in use on 30th September 1957 (Rs. 23,61,884 × 2)	47,23,768
Addition since 1st January 1948 in use on 30th September 1957 (multiplier 1 is used) (Rs. 53,16,788 × 1)	53,16,788
Total:	1,00,40,556
Less breakdown value at 5 per cent.	5,02,027
	95,38,529
Less accumulated depreciation up to 30th September 1957	35,28,330
	60,10,199
1/14th thereof per annum (divisor being taken as suitable)	4,29,299
Buildings	1,07,001
Plant and Machinery	4,29,299
	5,36,300
Less normal depreciation as per Profit and Loss account (Ext. A)	4,44,783
Rehabilitation charges allowed in this case	91,517

So upon this chart the Company is entitled, in my opinion, to the rehabilitation charges to the tune of Rs. 91,517 as claimed by the Company in its schedule (Ext. B/5). After deducting this amount of Rs. 91,517 from the balance of gross profits of Rs. 6,47,814 we get the available surplus according to the Full Bench Formula as it now stands, after clarification by the Hon'ble Supreme Court at Rs. 5,56,297. It is now well-settled that after the available surplus is determined it is to be divided in a fair manner amongst three parties, namely, the industry, the share-holders and the workmen. So, if the amount of the available surplus of Rs. 5,56,297 is equitably distributed amongst the three parties mentioned above, the workmen will be entitled to 1/3rd of the same, namely, Rs. 1,85,432 for distribution to them as bonus. From the evidence on record it transpires that bonus on the basis of one month's basic wages of the employees of the present Company would be equivalent to Rs. 3,35,000. So, out of the available surplus of Rs. 1,85,432, to which the workmen will be entitled in this case, they could get bonus roughly equivalent to their basic wages for 15 days. But if bonus equivalent to one month's basic pay is allowed to the workmen that will be equal to Rs. 3,35,000 and if this amount is allowed to them as bonus, the employer would be entitled to a rebate of income-tax on this amount which would be equivalent to about Rs. 1,67,500. As it has been observed by Their Lordships of the Supreme Court in Associated Cement Companies'

case the fact that the employer would be entitled to a rebate of income-tax on the amount of bonus paid to its workmen has to be taken into account and in many cases it plays a significant part in the final distribution of available surplus as bonus to the workmen. So, if we add the sum of Rs. 1,67,500 which the Company will get as rebate of income-tax if the bonus is paid to the workmen equivalent to one month's basic wages, i.e., Rs. 3,35,000 to the sum of Rs. 1,85,432 to which the workmen will be entitled as bonus out of the available surplus shown above, the total amount would come to near about Rs. 3,52,932, and out of this amount bonus equivalent to one month's basic pay to the employees can well be granted so far as the present case is concerned. I, therefore, find that out of the available surplus determined by me in the present case on application of the Full Bench Formula, the employees are entitled to get bonus equivalent to one month's basic salary as *puja* bonus for the year ending 30th September 1957 and the Company is, therefore, under a legal obligation to pay this amount out of the available surplus to the workmen. Issue No. 1 is thus disposed of.

Issue No. 2: This issue runs as follows: "In what way the interim advance on account of bonus amounting to 1½ months' basic wages will be adjusted?" As I have already said it is admitted that the Company has paid to its workmen 1½ months' basic wages as interim bonus for the year ending 30th September 1957 subject to the decision of this tribunal. As per agreement (Ext. 1), dated 12th September 1958 between the Company and the workmen it is clear that both parties agreed that the management would in the meantime make payment to all workmen the amount equivalent to 1½ months' basic wages as advance on account of bonus and that this amount would be adjusted on the publication of the Tribunal's award regarding bonus and that if the Tribunal awards bonus in excess of the amount of advance the management would make excess payment and in case the Tribunal makes an award of no bonus or any amount less than the amount of advance, the shortage will be recouped from the wages of workmen in easy instalments which also would be decided by the Tribunal [vide paragraph 2 of the terms of agreement, dated 12th September 1958 (Ext. 1)]. It is, therefore, clear that as in the present case the Tribunal awards bonus equivalent to one month's basic wages only to the employees of the Company as *Puja Bonus* for the year ending 30th September 1957, the amount allowed is less than the amount of advance already paid to the workmen of the Company as bonus. Accordingly the workmen will be required to refund 15 days' basic pay as bonus which will be recouped by the Company from the wages of the employees by easy instalments. According to me if the Company is allowed to recoup this 15 days' wages already paid to the workmen as interim bonus as per above agreement by six equal monthly instalments from the wages of the workmen commencing from the month in which the award comes into force, the mode of recoupment would be by easy instalments. I, therefore, direct the Company to recoup the 15 days' basic wages already allowed to them as interim bonus for the year ending 30th September 1957 as per agreement Ext. 1 in excess of the amount to which the workmen are now entitled as bonus under this

ward by six equal monthly instalments commencing from the month in which this award shall come into force.

This is my award.

Messrs. Nagendra Nath Karmakar (son of Wooma Charan Karmakar), 16 Narkeldanga Main Road, Calcutta, and their workmen represented by the Union of Scale Workers, 57/7 B. T. Road, Calcutta-2, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Whether the dismissal of Shri Sunil Chandra Dey is justified? To what relief is he entitled?

AWARD

This is a reference arising out of the alleged illegal and unjustified dismissal of one Shri Sunil Chandra Dey previously in the employment of Messrs. Nagendra Nath Karmakar, 16 Narkeldanga Main Road, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The Union's case in a nutshell is that the Company victimised the workman purely for his legitimate active trade unionism and did not allow him to rejoin his work on 24th October 1958. The Company drew up unfounded charges against the workman and sacked him without holding any enquiry.

The Company contends inter alia, that this is not an industrial dispute and as such the reference is incompetent and that the workman was justly dismissed as the result of a proper enquiry on a charge of gross negligence of duty.

Decision

The case was fixed for hearing on 22nd December 1959 but at the time of trial both parties put in a joint petition of compromise stating that the dispute has been amicably settled out of Court on payment of a sum of Rs. 100 to the workman. The payment of the said sum is evidenced by an acknowledgment receipt filed in this case. Thus "a no-dispute" award is passed in this case.

Whether the dismissal of Shri Srish Chandra Sanyal is justified? To what relief is he entitled?

AWARD

This is a reference arising out of alleged illegal and unjustified dismissal of one Shri Srish Chandra Sanyal previously in the employment of Messrs. J. N. Ray, owner of some buses, hereinafter referred to as the Company for the sake of brevity.

The Union's case is that the Company in spite of 25 years' spotless record of service arbitrarily victimised the workman towards the close of December 1957 when on the expiry of his leave he came to rejoin his duties.

The Company contends, inter alia, that this is an individual dispute which the Court is not competent to adjudicate upon, that the workman has been re-employed and hence there is no dispute now.

Decision

The case was fixed for hearing on 21st December 1959 when both parties put in a joint petition, compromise stating that the dispute has ended with the reinstatement of the workman and as such there is no dispute outstanding now.

Thus a "no dispute" award is passed in the case.

INTERIM AWARD

The instant dispute regarding refusal of employment by Messrs. Dutex Clock Company, 29 Weston Street, Calcutta (hereinafter referred to as the

Company for the sake of brevity), to as many as 13 workmen mentioned in the Order of Reference was referred to this Court for adjudication by Government order No. 2675-L.R./1R/111-585/58, dated 22nd June 1959.

The Union put in a written statement in due course, and 24th September 1959 was the date fixed for filing of the written statement by the Company. It appears that while the Court was away from Calcutta for trying some industrial disputes, the Company on 24th September 1959 put in a petition of compromise (Ext. A) and on 30th September 1959 a petition of objection to the compromise was also filed by some of the workmen whose signatures also appear in the petition of compromise. The petition of compromise put in on behalf of the Management has set forth certain terms, the first of which is that the Management shall re-employ the workmen named under, and that they shall approach the Management individually. As already said, the dispute concerns non-employment of 13 workmen, but the names of 12 workers find place in the last paragraph of the petition of compromise excepting the name of the workman No. 1. So, the name of Shri Wajedul Haque is excluded. There are also other terms in the petition of compromise which do not appertain to the reference made to this Court, in other words, those terms are extraneous to the point referred to this Court for adjudication. If there were no objection petition to this petition of compromise, there would have been a peaceful settlement of the dispute no doubt, but in the wake of the petition of compromise followed the petition of objection purporting to be on behalf of 7 workmen who are not the workmen concerned in the dispute. I shall specifically mention the names of these workmen signing also the petition of objection later on. The petition of objection impeaches the petition of compromise on the grounds that their signatures were taken on a draft agreement, and the terms recorded therein in English were not explained to them, and that clauses 1, 2 and 8 of the petition of compromise are substantially different from what the workmen agreed to, and that the word "re-employ" has been used in clauses 1 and 2 instead of the term "reinstate" as agreed to by the workmen. In short, this petition of compromise is objected to as a mala fide document obtained from the workers who were not made aware of the implications of the terms of compromise, and that the petition of compromise is not a faithful record of the agreement reached between the parties.

Thus the instant point for determination is whether this agreement (Ext. A) is a bona fide document of settlement as agreed to by the parties and if it should be recorded by the Court, or is it vitiated by duress, misrepresentation, coercion, fraud, etc., as contended for the workmen.

Decision

In the instant dispute, the workmen concerned are represented by Dutex Clock Company Employees' Union. Strangely enough, the Memorandum of Settlement (Ext. A) does not show that the Union is a party to it, but simply some seven workmen, namely, (1) Sekendar Ali, (2) Bhubaneswar Sharma, (3) Chotelal Sharma, (4)

Kefait Hussain, (5) Rahim Bux, (6) Saral Roy Chowdhury, and (7) Sukumar Bose, none of whom are workmen concerned in this case, are made parties to the Memorandum of Settlement as representatives of the workers. This Memorandum of Agreement is accompanied with a letter of authorisation from the self-same set of seven persons who are parties to the Memorandum of Settlement. It is significant that none of the workmen concerned are parties to the Memorandum of Agreement or to the letter of authorisation, nor is the Union which represents the workmen concerned in the instant dispute. Thus the Union seems to have been totally ignored in effecting this compromise. The sheet-anchor of the contention of the Management is that this petition of compromise bears the signature of Miss R. Dutt, Conciliation Officer. At this stage, it would be pertinent to enter into the oral evidence adduced in this case. The Union examined only one witness, namely, Sk. Sekendar Ali (U.W. 1). Sk. Sekendar Ali deposed that there was a talk of compromise with the Company on 23rd September 1959, but the compromise was not finally concluded. The terms of compromise were reduced to writing in English, and one of the terms of compromise as originally talked about was that the 13 dismissed workmen should be reinstated with continuity of their service unbroken and that they should be awarded compensation for the period of their forced unemployment. It is said that Mr. Omer, Managing Partner of the Company, agreed to the terms of compromise. Accordingly, a draft was made, but it appears that the terms of settlement were not correctly recorded. There were only seven workmen present at the time of the talk of settlement and they are, (1) Sekendar Ali, (2) Bhubaneswar Sharma, (3) Chotelal Sharma, (4) Kefait Hussain, (5) Rahim Bux, (6) Saral Roy Chowdhury, and (7) Sukumar Bose. But these seven workmen are not concerned in the dispute. This petition of compromise was signed in the office of the factory, where none of the workmen concerned were present, nor anybody on behalf of the Union. Then on 24th September 1959 Mr. Omer came to the office of Miss R. Dutt in this building accompanied by 2/3 workmen, and Miss Dutt appended her signature to this agreement. Miss Dutt, however, as matters were explained to her, had nothing to suspect the bona fides of this document, and appended her signature to it. After having very carefully considered the terms embodied in this petition of compromise, I am convinced that the Management stole a march upon the Union by ignoring it altogether, and thus tried to effect the settlement over the heads of the Union and the workmen concerned by embodying certain terms which do not form a part of the reference. At this stage, it is not the duty of this Court to consider the propriety or otherwise of the other terms of settlement embodied in the agreement.

It has been seriously contended on behalf of the Union that as there was a reference pending before the Court, the matter was completely beyond the seisin of the Conciliation Officer, and Miss Dutt went out of her way in appending her signature to this document just by way of adding further sanctity and putting a seal of imprimatur, on which the Company banks much. A reference is ordinarily made to Court or Tribunal after the

failure of all conciliation proceedings, and since reference is made to a Court or a Tribunal, the Conciliation Officer goes out of the picture and the Court or Tribunal is seized of the reference. So, the Court looks upon the signature of Miss R. Dutt on the petition of compromise after the reference was made as not of a Conciliation Officer. As the conciliation proceedings had already been over she shed her character as a Conciliation Officer and came in only as a private witness to this document. The evidence of Miss Dutt in so far as it goes is above reproach, but having regard to the fact that the Union was ignored altogether and that the workmen concerned in this case were not consulted and that the Management did not correctly record the terms of compromise, I hold that this petition of compromise is not a bona fide document, nor were the implications of the compromise fully explained to the Union, nor to the workmen concerned. In the circumstances, I am unable to accept the petition of compromise as a bona fide document recording faithfully the terms of settlement as agreed to on behalf of the workmen authorised to effect the compromise. This document can neither be accepted as a settlement, as it does not nip all troubles because the dispute, as matters stand, would still remain there.

Thus this document (petition of compromise, Ext. A) is found vitiated by misrepresentation and mala fides, and the Court refuses to record it as a bona fide settlement. The compromise is, therefore, not recorded, and the Court shall proceed to hear the case in due course.

This is my interim award.

The seven workmen concerned in this case have filed complaints under section 33A of the Industrial Disputes Act alleging that the employers altered the conditions of service to their prejudice when they were not granted leave due to them with full wages. The grievance is the same of all the seven workmen who have filed distinct applications under section 33A of the Industrial Disputes Act. Are the applications maintainable?

To what relief, if any, are the petitioners entitled?

Decision

Point No. 1: After the cases had been opened, and I heard at some length the representatives of the parties, there was a talk of compromise. Thereafter a joint petition of compromise was filed by the lawyer representing the Company, which was signed by the Secretary of the Company and the President of the Union, covering all these seven applications registered separately under section 33A of the Industrial Disputes Act. The terms embodied in the petition of compromise appear to be reasonable, and I accept the same. As there is a common question of law and facts involved in all these seven applications, these cases are taken up analogously. In terms of the petition of compromise, all the seven cases are disposed of, making the petition of compromise a part of the award. The petition be made as Annexure A to the award.

In the matter of (1) Surendra Berik, (2) Ramawatar Singh, (3) Gupteswar Singh, (4) Abdul Sukur Ansari, (5) Biresh Chandra Chakraborty, (6) Paramhansa Pathak, (7) Ram Provin—Complainants

Versus

Macfarlane & Co., Ltd.—Opposite Party.

The humble petition of both parties abovenamed Most respectfully sheweth:

1. That all applications filed by the above seven complainants be consolidated and treated analogously.

2. That it is agreed that the opposite party is not guilty of any contravention of section 33 and the applications under section 33A of the Industrial Disputes Act are not maintainable.

3. That without prejudice to the above contention as agreed in paragraph 2 above, it is mutually agreed that the opposite party will pay wages for the unavailed annual leave under section 79 of the Factories Act to which the complainants may be found entitled on calculation of their attendance in the years 1956 and 1957. The complainants agree not to avail themselves of the annual leave to which each of them may be found entitled and in lieu of which they will be paid wages by the opposite party.

Your petitioners, therefore, most humbly pray that your honour will be graciously pleased to dispose of the matter accordingly.

And your petitioners as in duty bound shall ever pray.

AWARD

Decisions

Issue

Whether the Management was justified in declaring the 11th November 1958 as unpaid holiday on the occasion of Diwali? What relief, if any, are workers entitled to?

6. The Union states in its written statement as follows. The Kesoram Cotton Mills, Ltd. is the largest Cotton Textile Mill in West Bengal, and it was a party to the Second Omnibus Cotton Textile Tribunal, the award of which was published in the "Calcutta Gazette", dated 10th June 1958. The award granted nine days' festival holidays for the workmen of the Cotton Textile Industry, including this Company, in the year. The Company after granting five days' festival holidays with wages during the year till September 1958, requested the Garden Reach Textile Workers' Union to adjust the nine days' festival holidays with wages. The Union suggested the adjustment of the remaining four days in the following manner:—

- (1) one day on 2nd October,
- (2) two days Durga Puja,
- (3) one day Dewali,

The Company granted the above 2nd October as paid holiday, and also two days' with pay during the Durga Puja, but just before the Dewali, which fell on 10th November 1958, the Company declared Tuesday, the 11th November 1958, as unpaid holiday. The Union protested against the decision of the Company of the above unpaid holiday. The Company refused to change its decision and kept the Mill closed on 11th November 1958, and caused loss to the workmen of wages and attendance for one day. An industrial dispute was raised, which was taken up by the Conciliation Officer for arbitration. As conciliation failed, the matter has been sent to this Tribunal for adjudication. The Union claims that the workmen are entitled to get full wages with attendance for 11th November 1958, and that an award should be made accordingly.

7. The Company, in its written statement, states as follows. Prior to the publication of the Cotton Textile Award, which was published on 10th June 1958, the Company used to give paid

and unpaid holidays as per schedule set out below:—

(1) Republic Day	Paid	1 day
(2) Holi	Paid	1 day
(3) Id-uz-Zuha	Paid	1 day
(4) Muharram	Paid	1 day
(5) Independence Day	Paid	1 day
(6) Durga Puja	Paid	1 day
(7) Diwali	Paid	1 day
(8) Id-ul-Fitr	Unpaid	1 day
(9) Durga Puja	Unpaid	2 days.

8. Under paragraph 11(8) of the award, the Industrial Tribunal directed that nine festival holidays with full pay in a year shall be allowed to all categories of employees, viz., two days for Durga Puja, one day for Dole Jatra or Holi, one day for Id-ul-Fitr, one day for Id-uz-Zuha, one day for Muharram, one day for Independence Day (15th August), one day for Republic Day (26th of January) and one day for Mahatma Gandhi's Birth Day (2nd October). The festival holidays for which days are not mentioned in the above scheme, shall be observed in accordance with the days notified under the orders of the Government. Sometime in October, 1958, the Company intimated both the Unions, viz., Garden Reach Textile Workers' Union and Kesoram Cotton Mills Labour Union that the Company would strictly follow the provisions regarding festival holidays as provided in the 1958 Award. On 5th November 1958 the Metiaburuz Textile Labour Union gave a suggestion or made a demand that although the Tribunal had in its award made no provision for paid holiday on the occasion of Diwali but as it was a long-standing practice with the Company to offer Diwali holiday, 11th of November 1958, might be declared a holiday. In pursuance of the said suggestion on the 6th November 1958, the Company issued a notification declaring 11th November 1958 as an unpaid festival holiday, which should not be taken as a precedent or basis for a future claim for a holiday on account of Diwali festival in future years. It was also notified that if the workers were anxious to treat the same day as a working day, they were required to inform the Management in writing within 24 hours. It was in deference to the wishes of the workers that 11th of November 1958, was declared an unpaid holiday as a special case for that year only in order to facilitate the change-over from the old practice to the new provisions laid down regarding the holidays under the Award. The workers, therefore, cannot claim any relief in this behalf and the claim as made in this proceeding is not maintainable either in law or in equity. It was also pleaded that the Garden Reach Textile Workers' Union was not competent to represent all the workmen employed in the Company. This objection was, however, not pressed at the time of the hearing. I do not also find any substance in this contention, in view of the fact that the Government order of reference mentions this Union as representing all the workmen of the Company in respect of the industrial dispute which has been referred to this Tribunal for adjudication.

9. It, therefore, appears that the Second Omnibus Cotton Textile Tribunal Award, which

was published in the "Calcutta Gazette", on 10th June 1958, granted nine festival holidays with full pay in the year and they were fixed as follows:—

two days for Durga Puja,
one day for Dole Jatra or Holi,
one day for Id-ul-Fitr,
one day for Id-uz-Zuha,
one day for Muharram,
one day for Independence Day (15th August),
one day for Republic Day (26th January) and
one day for Mahatma Gandhi's Birth Day (2nd October).

The festival holidays for which days are not mentioned in the Award are to be observed in accordance with the dates notified under the orders of the Government. In this Company, the practice was to grant seven paid holidays, being one day each for Republic Day, Holi, Id-uz-Zuha, Muharram, Independence Day, Durga Puja and Diwali and one unpaid holiday for Id-ul-Fitr and two unpaid holidays in the Durga Puja. In the year 1958, paid holidays were granted on Republic Day on 26th January 1958, Holi on 6th March 1958, Id-uz-Zuha on 28th June 1958, Muharram on 28th July 1958 and Independence Day on 15th August 1958. Two holidays were given for Durga Puja and one day for Mahatma Gandhi's Birth Day on 2nd October. The Company, therefore, granted eight days' festival holidays with pay. The paid holiday for Id-ul-Fitr, which fell on 21st April 1958 and which according to the Company's previous practice, was an unpaid holiday, was given on a day which was prior to the date of the publication of the award on 10th June 1958. The workers, therefore, got one paid festival holiday less during the year 1958. It is for this reason that for the year in question, the workers wanted one paid holiday on the occasion of the Diwali in the month of November, as it appears from the letter of the Union in Annexure B to its written statement. The Company's plea is that they are bound to obey the directions of the award and therefore could not grant any paid holiday on the occasion of the Diwali, but to facilitate the change-over from the existing practice to the awarded holidays, it allowed an unpaid holiday on the occasion of the Diwali on 11th November 1958. There was a controversy as to whether the holiday should be given on 10th November 1958 or 11th November 1958. In this proceeding, we are not concerned with the controversy as to the date of the Diwali holiday and as to whether it was properly given on 11th November 1958. The only question is whether the Company could have made the Diwali holiday on 11th November 1958 a paid holiday instead of an unpaid holiday. There is no doubt that a paid holiday on the occasion of the Diwali was not allowed by the award of the Tribunal. The Company was not, therefore, bound to grant any paid holiday on that day. The Company would have been justified in not allowing any holiday on that day, on the ground that the Award did not provide for such a holiday. The Company granted an unpaid holiday on the Diwali Day, and the workers have got some justification in complaining that they were losing the wage for the day. There cannot be any doubt that the Company granted the holiday on 11th November 1958 in deference to the wishes of the

workmen. It is obvious that the workmen wanted the Diwali to be a paid holiday in place of Id-ul-Fitr of the year, which was given as an unpaid holiday on 21st April 1958. While appreciating the difficulties of the workmen in losing the wage for one day on the Diwali day, it is not possible to question the right of the Company to refuse any paid holiday on the occasion of the Diwali, because no such paid holiday was provided for in the Award of 1958. Considering all these circumstances, and in view of the fact that there should not be any trouble between the Company and the workmen on this simple matter, I award that the Company shall pay to the workmen half a day's wage for the Diwali holiday on 11th November 1958, in the interest of industrial peace. All workmen who were present for work on the 10th November 1958 or 12th November 1958 shall be entitled to this payment.

10. This Issue is accordingly answered.

Government of West Bengal, Labour Department, by their order No. 2834-I.R./IR/71-23/57, dated Calcutta, the 8th July 1958, referred to the Second Labour Court, an industrial dispute between

Messrs. Calcutta Jute Manufacturing Co., Ltd., and their workmen represented by the Calcutta Jute Manufacturing Workers' Union, for adjudication regarding the matters specified in the issue.

Issue

Whether the dismissal of the following workmen is justified? To what relief, if any, are they entitled?

(1) Sitaram Sardar, (2) Ramdhani Sardar.

The case of the Union, briefly stated, is as follows:—

Shri Sitaram Sardar and Shri Ramdhani Sardar were two sardars of the Spinning Department of Calcutta Jute Manufacturing Company. On 25th March 1958 a supervisor in charge of the Batching Department who was not in any way connected with the Spinning Department came to the Spinning Department and asked Shri Ramdhani Sardar as to why he was not working in a proper manner. Shri Ramdhani Sardar denied the suggestion and the Supervisor became furious. Shri Sitaram Sardar intervened and the matter ended there. Thereupon the management of the company issued charge-sheets to both the sardars of alleging insubordination. All the sardars of the Spinning Department protested in a body against his highhanded action of the management and the Union intervened. After the management gave assurance that they would drop the proceedings after the sardars showed cause, the situation became normal. However, on 27th March 1958 the company dismissed two sardars without any enquiry about the charge-sheets and in spite of the above assurance. The union contends that the above punishment is against the principles of natural justice, standing orders of the company and all canons of good conscience.

The case of the company, in brief, is as follows:—

The work of the Batching and Spinning Departments is interconnected. The first stage in the preparation of yarn is done in the Batching Department and the next stage is done in the Spinning Department. On 22nd March 1958 the Roving Sardar of the Batching Department informed Shri Biswanath Ghosh, Supervisor in charge of the Batching Department, that Shri Ramdhani Sardar was throwing away as un-usable some workable roves. As this act on the part of Shri Ramdhani Sardar caused wastage of roves and also cast a slur on the work of the Batching Department, Shri Ghosh went to the Spinning Department and found that the report of the Roving Sardar was correct. He then asked the Roving Sardar to collect the said roves for being placed before the appropriate authority for inspection. At this Shri Ramdhani Sardar got furious and tried to prevent the Roving Sardar from collecting the same. On Shri Ghosh intervening, Shri Ramdhani Sardar took a menacing attitude and abused him in filthy language. Within a few seconds Shri Sitaram Sardar who had nothing to do in the matter came there, took the side of Shri Ramdhani Sardar and not only abused Shri Ghosh but also went to the length of threatening him with violence. Shri Ghosh reported the matter to the Manager. The

management thereupon decided to issue charge-sheets against Shri Ramdhani Sardar and Shri Sitaram Sardar. They were called to the Labour Office where the charge-sheets were tendered to them; but they refused to accept the same and left the Labour Officer. Thereupon all the sardars of the Spinning Department started stay-in-strike evidently at the instance of the above sardars. Then at the intervention of the police the strikers left the factory after two days and the two sardars in question accepted the charge-sheets on 26th March 1958. They submitted their explanations denying the charges. On receipt of their explanations the Labour Officer of the company held an enquiry in presence of the two sardars in question. The enquiry showed that they were guilty of the charges framed against them. Accordingly the company dismissed them by letters, dated 29th March 1958.

DECISION

It appears from evidence that the two sardars have been charged with and found guilty of the misconduct mentioned in Rule 14(c)(i) of the Standing Orders of the company. That Rule speaks of lawful insubordination or disobedience to any lawful or reasonable order of a superior. It has been admitted by Shri Biswanath Ghosh (O.P.W.2) that at the relevant time he was not the Supervisor of the department where Shri Ramdhani Sardar worked. So he cannot be a "superior" mentioned in the above Rule. So if the sardars disobeyed any orders of Shri Biswanath Ghosh, they cannot be called to be guilty of insubordination or disobedience. If the evidence adduced on behalf of the company be believed in toto, it can, at the worst, be said that the two sardars have been guilty of unseemly conduct. This might be, by a little twisting, be brought under a misconduct mentioned in Rule 14(c)(viii). But the two sardars have not been charged with any such misconduct. So I hold that the decision of the company finding the two sardars in question guilty of the misconduct mentioned in Rule 14(c)(i) of the Standing Orders is basically erroneous and as such cannot be upheld. A question may be asked as to why the management should come to such an erroneous decision. The explanation is to be found in the last few paragraphs of the report of the Labour Officer. It clearly shows that the company has been influenced by the subsequent conduct of the two sardars, viz., their refusal to accept the charge-sheets and their suspected incitement to other sardars to surround the labour office. But as these allegations did not form the subject-matter of any charge-sheet nor were the sardars in question ever asked to submit any explanation to any such charge-sheet, these allegations cannot be the basis for any punishment inflicted on them.

In view of the above findings, I hold that the dismissal of Shri Sitaram Sardar and Shri Ramdhani Sardar is unjustified. So I order that they be reinstated. As, however, their conduct in the matter was not proper, I do not order payment of wages during the period of their forced unemployment. I, however, order that that period be treated as a period of leave without pay, so that they may not be deprived of the continuity of service.

The award shall take effect within 15 days from the date of its publication in the "Calcutta Gazette".

1947 (XIV of 1947), the industrial dispute between Messrs. Gemini Pictures Circuit Ltd., Humayun Court, 20A Lindsay Street, Calcutta-16, and their workmen represented by the Bengal Motion Pictures Employees' Union, 126A Dharamtalla Street, Calcutta-13, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the termination of service of Shri Bijoy Kumar Dutta and dismissal of Shri Barendra Kumar Ghosh, Shri T. B. Choudhury and Shri S. K. Sen Gupta was justified? To what relief are they entitled?

AWARD

This is a case arising out of alleged illegal and unjustified termination of service of Shri Bijoy Kumar Dutta and dismissal of Shri Barendra Kumar Ghosh, Shri T. B. Choudhury and Shri S. K. Sen Gupta previously employed in Messrs. Gemini Pictures Circuit Ltd., Humayun Court, 20A Lindsay Street, Calcutta-16, hereinafter referred to as the Company for the sake of brevity.

The Union's case in its written statement in short is that the Company unjustifiably reduced the daily tour allowance of Rs. 5 of the representatives by Re. 1-12 which led to widespread agitation launched by these workmen for which the Company victimised them. The Union, therefore, seeks reinstatement of these workmen with other reliefs.

The Company, on the other hand, denies the allegations made in the written statement of the Union, and seeks to justify the alleged termination of service of these workmen.

Decision

As already stated, both parties put in their respective written statement, and after several adjournments the case was fixed for hearing on 6th January 1960. On this date, however, the Company did not appear. The Union, on the other hand, examined its only witness Shri Shibnath Chatterjee, Assistant Secretary to the Union who proved the wrongful deductions made by the Company out of daily tour allowance as stated in the Union's written statement. Shri Chatterjee, however, states that the dispute concerning the three workmen, namely, Shri T. B. Choudhury, Shri Barendra Kumar Ghosh and Shri S. K. Sen Gupta has been settled amicably out of Court. Now the dispute remains only about the other workman Shri Bijoy Kumar Dutta on whose behalf no reinstatement is claimed, as he had already found an employment elsewhere. The claim is, however, established on account of deductions made out of his daily tour allowance, and the total deductions as per his statement come up to Rs. 281-12. The Company is obviously not justified in having made these deductions which the workman concerned is entitled to recover from it. The Company is, therefore, directed to pay Rs. 281-12 to this workman within a month of the publication of this award.

To sum up, a "no-dispute" award is passed in respect of the three workmen, namely, Shri Barendra Kumar Ghosh, Shri T. B. Choudhury and Shri S. K. Sen Gupta, and an award is passed for

Rs. 281-12 in favour of Shri Bijoy Kumar Dutta which the Company is directed to pay him within the aforesaid period.

This is my award.

AWARD

By order No. 1260-I.R./IR/111-130/58, dated the 26th March 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Surrendra (Overseas) Private Limited and the Head Offices of their associated companies, viz., (1) Amin Chand Payere Lal, (2) Amin Chand Payere Lal (Calcutta) Ltd., (3) Steel Rolling Mills of Hindusthan Private Ltd., 135 Canning Street, Calcutta, on the one hand, and their employees represented by the Surrendra (Overseas) and Associated Companies' Employees' Union, 23A Netaji Subhas Road (Top floor), Calcutta-1, on the other, regarding the matters specified in the schedule to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

- (1) Grade and scale of pay. (2) Leave rules. (3) Dearness allowance. (4) Hours of work. (5) Confirmation in service. (6) Gratuity. (7) Additional demand for bonus for 1957-58. (8) Is the dismissal of Shri A. C. Roy and Mrs. C. Shreeve justified? To what relief, if any, are they entitled?

The reference was received by this Tribunal on 4th April 1959. Notices were duly served upon the parties. The union, namely, the Surrendra (Overseas) and Associated Companies' Employees' Union representing the workmen of Messrs. Surrendra (Overseas) Private Limited and the Head Offices of their Associated companies as mentioned in the order of reference filed its written statement on 19th May 1959. On 3rd July 1959

joint written statement was filed by the companies. The date of hearing was fixed on 12th November 1959. On that date there was a petition for adjournment on behalf of the companies. Certain objections made by the companies to the production of certain documents asked for by the union were heard and 25th November 1959 was fixed for further hearing. On 23rd November 1959 it was intimated to the Tribunal that talk of compromise was going on between the parties. So, the date was fixed on 5th December 1959 for hearing objection to the production of documents in case there was no settlement. After some adjournments the date was finally fixed on 12th January 1960 for hearing the petition filed by the union under section 18(b) of the Industrial Disputes Act and its petition for production and inspection of documents. On 12th January 1960 both parties filed a petition stating that the dispute referred to this Tribunal for adjudication has been settled out of Court as per terms in the memorandum of settlement which is Annexure A of the joint petition and the parties prayed for an award in terms of the petition of compromise. Award was reserved.

The record is put up today, i.e., on 14th January 1960 for orders. I have carefully gone through the joint petition of the parties and the memorandum of settlement (Annexure A) thereof. I am convinced that the terms of settlement are fair and reasonable. I, therefore, give effect to these terms and pass an award in terms of the joint petition of compromise and memorandum of settlement (Annexure A of the petition). Both the joint petition and the memorandum of settlement (Annexure A) do form part of my award.

(2) A workman whose leave is due and who wishes to take leave shall apply to the Manager at least fifteen days prior to the date of commencement of leave and the Manager shall issue orders on the application within a week of its submission. If the leave is required for urgent matters, the period of fifteen days' notice ordinarily required may be waived and the Manager shall pass orders on the date of application, if it is to commence on the same day or within three days thereof.

If the leave asked for is granted, a leave pass shall be issued to the worker and the worker shall intimate to the employer the address which will find him during his leave. If the leave is refused or postponed, the fact of such refusal or postponement and the reasons thereof shall be recorded in writing in a register maintained for the purpose, and if the worker so desires, a copy of the entry in the register shall be supplied to him. If the workman after proceeding on leave desires an extension thereof, he shall apply to the Manager who shall send a written reply either granting or refusing the extension of leave to the workman to the address given by the worker to the employer before proceeding on leave, if such reply is likely to reach him before the expiry of the leave originally granted to him.

(3) If the workman remains absent beyond the period of leave originally granted or subsequently extended, he shall lose his lien on his appointment unless (a) he returns within eight days of the expiry of the leave and (b) explains to the satisfaction of the Manager his inability to return before the expiry of his leave. In case the workman loses the lien on his appointment, his name shall be kept on the "badli" or "waiting" list.

(4) A workman may be granted casual leave of absence with or without pay, not exceeding ten days in the aggregate in a calendar year. Such leave shall not be for more than three days at a time, except in the case of sickness. Ordinarily, the previous permission of the head of the department in the establishment shall be obtained before such leave is taken; but when this is not possible, the head of the department shall, as soon as may be practicable, be informed in writing of the absence from duty and the probable duration of such absence.

10. Requirements for entering premises by certain gates and liability to search.—All workmen shall enter or leave the premises of the establishment by the gate or gates specified for this purpose. During working hours the gates may be closed at the discretion of the Manager. The workmen intending to go out of the factory during working hours shall have to take permission of the Manager or any other person authorised in this behalf. The workmen are liable to be searched at the time of entering and leaving the establishment and at other times whilst on duty by any person authorised by the Manager, provided that such searches shall be conducted in the presence of witnesses, where practicable. No woman shall be searched except by a woman and, where practicable, in the presence of another woman.

11. Payment of wages.—(1) Any wages due to a workman but not paid on the usual pay day on account of the wages being unclaimed, shall be paid by the employer on an unclaimed wage pay day in each week, which shall be notified on the said notice boards.

If the workman is unable to present himself the employer shall send his pay by Money Order at the workman's cost, if requested by him to do so.

(2) Wages due shall be paid daily, weekly, fortnightly or monthly in accordance with the provisions of the Payment of Wages Act, 1936.

12. Stoppage of work.—(1) Subject to the provisions of Chapter VA of the Industrial Disputes Act, 1947, the employer may, at any time, in the event of fire, catastrophe, breakdown of machinery or stoppage of power supply, epidemics, civil commotion or other cause beyond his control whether of a similar nature or not, stop any section or sections of the establishment, wholly or partially for any period or periods without notice.

(2) In the event of such stoppage during working hours, the workmen affected shall be notified by notices put upon the notice boards in the departments concerned and at the office of the Manager as soon as practicable, when work will be resumed and whether they are to remain or leave their place of work. The workmen detained shall be entitled to receive wages for the whole of the time during which they are so detained. The workmen not detained will receive wages up to the time they are told to leave the establishment. Such wages in the case of piece-rate workers shall be the average daily earnings for the previous month. Wherever practicable, reasonable notice shall be given for resumption of normal work.

(3) The procedure and payment in the event of the workmen being laid off as a result of any stoppage referred to in clauses (1) and (2) of this order shall be regulated in accordance with the provisions of the Industrial Disputes Act, 1947.

(4) The employer may in the event of a strike affecting either wholly or partially any section or department of the establishment close down either wholly or partially such section or department and any other section or department affected by such closing down. The fact of such closure shall be notified by notices put on the notice boards in the section or department or departments concerned and in the time-keeper's office, if any, as soon as practicable. The workmen concerned shall also be notified by general notice prior to resumption of work, as to when work will be resumed. A copy of such notice shall be sent to the registered trade union/unions, if any, functioning in the establishment.

13. Termination of employment.—(1) For termination of employment, except as a measure of punishment, a notice, shall be given in writing either by the employer or by the workman for the periods noted below:—

In the case of monthly paid permanent workmen, probationers and apprentices, one month's notice shall be necessary. In the case of permanent workmen, probationers and apprentices, paid on any other basis, two weeks' notice shall be necessary.

It will be optional for the employer to pay wages for the notice period in lieu of notice. No notice shall be necessary in the case of badli, temporary or casual workmen. Notwithstanding anything contained in this order, no notice shall be necessary if termination of service is under an agreement which specifies a date for such termination.

(2) Where the employment of any workman is terminated, all wages earned and unpaid shall be paid to him at the time of discharge, if convenient, or in any case, within the period of time prescribed by the Payment of Wages Act, 1936.

14. Disciplinary action for misconduct.—(a) A fine may be imposed on any workman in respect of an act or omission on his part, in accordance with section 8 of the Payment of Wages Act, 1936.

(b) A workman may be suspended for a period not exceeding four days at a time, or dismissed without notice or without any compensation in lieu of notice, if he is found to be guilty of misconduct.

Explanation.—The following acts and omissions shall be treated as misconduct:—

- (i) wilful insubordination or disobedience, whether alone or in combination with others, to any lawful or reasonable order of a superior, including the order to work overtime in accordance with the Factories Act or any other law;
- (ii) theft, fraud or dishonesty in connection with the employer's business or property;
- (iii) wilful damage to or loss of the employer's goods or property;
- (iv) taking, giving, offering or asking for bribes or any illegal gratifications whatsoever;
- (v) habitual absence without leave or absence without leave for more than ten days;
- (vi) habitual late attendance;
- (vii) habitual breach of any law or standing orders applicable to the establishment;
- (viii) drunkenness, intoxication, riotous or disorderly behaviour during working hours at the establishment or any act subversive of discipline;
- (ix) negligence or habitual neglect of work;
- (x) frequent repetition of any act or omission for which a fine may be imposed,
- (xi) striking work or inciting others to strike work in contravention of the provisions of any law or rule having the force of law or of any contract;
- (xii) engaging in trade within the factory premises without the permission of the Management;
- (xiii) disclosing to any person information in regard to process or secrets of work without authority;
- (xiv) habitual breach of rules or instructions for the maintenance or running of any department or the maintenance of the cleanliness of any portion of the factory premises or factory compound;
- (xv) allowing an unauthorised person to operate his machine;
- (xvi) collection of money within the factory premises during working hours for purposes not sanctioned by the Management;
- (xvii) smoking in the factory or godown premises where smoking has been specifically prohibited by a notice to that effect;
- (xviii) holding meetings or aiding or abetting in holding meetings inside the premises of the industrial establishment without the previous sanction of the employer;
- (xix) conviction in any court of law for a criminal offence involving moral turpitude;
- (xx) refusal to accept a charge-sheet, order or other communication intended for service on any workman in accordance with these Standing Orders;
- (xxi) sleeping while on duty;
- (xxii) participation in slow-down strike or wilful go-slow tactics in the performance of work;
- (xxiii) gambling within the factory;
- (xxiv) money lending or borrowing within the factory premises.

(c) Without prejudice to the foregoing provisions, it shall always be optional to the Management to impose a fine in accordance with the provisions of Payment of Wages Act instead of dismissing.

(d) No order of dismissal shall be made unless the workman concerned is informed in writing of the alleged misconduct and is given an opportunity to explain the circumstances alleged against him, and to adduce evidence, if any, in his favour, at an enquiry to be held for this purpose. The workman shall have the option of having a fellow workman of the same establishment to represent him at the enquiry. The approval of the Manager of the

establishment and, where there is no Manager, of the employer, is required in every case of dismissal, and when circumstances appear to warrant it, the Manager or the employer may, whether an appeal has or has not been preferred, institute independent enquiries before dealing with the charges against a workman.

(e) When a workman is suspended before enquiry into the charges of misconduct against him the order of suspension shall be in writing and may take effect immediately on delivery to the workman. Such order shall set out in detail the alleged misconduct and the workman shall be given an opportunity of explaining the circumstances alleged against him. The enquiry should be held as soon as possible and the workman shall have the option of having a fellow workman of the same establishment to represent him at the enquiry. If on an enquiry the order is confirmed, the workman shall be deemed to have been absent for the period of suspension and shall not be entitled to any remuneration for the period. If however, the order is rescinded, the workman shall be deemed to have been on duty during the period of suspension and shall be entitled to the same wages as he would have received if he had not been suspended.

(f) In awarding punishment under this Standing Order, the Manager shall take into account the gravity of the misconduct, the previous record, if any, of the workman and any other extenuating or aggravating circumstances that may exist. A copy of the order passed by the Manager shall be supplied to the workman concerned.

15. **Complaints.**—All complaints arising out of employment including those relating to unfair treatment or wrongful exaction on the part of the employer or his agent, shall be submitted in writing to the Manager or other person specified in this behalf with the right of appeal to the employer.

16. **Certificate on termination of service.**—Every permanent workman shall be entitled to a service certificate at the time of his dismissal, discharge or retirement from service.

17. **Liability of employer.**—The Manager or in his absence the employer of the establishment shall personally be held responsible for the proper and faithful observance of the Standing Orders.

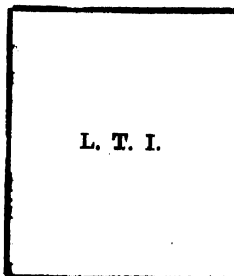

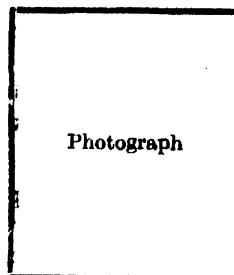

18. **Exhibition of Standing Orders.**—A copy of these orders in English and in the language understood by the majority of workmen shall be posted at the Manager's office and on a notice board maintained at or near the main entrance to the establishment and shall be kept in a legible condition.
